Narrative Report

1 Introduction

- 1.1 This document presents the statutory financial statements for Birmingham City Council for the period from 1 April 2015 to 31 March 2016. The financial statements have been prepared in accordance with the 2015/16 Code of Practice on Local Authority Accounting (The Code) published by the Chartered Institute of Public Finance and Accountancy (CIPFA).
- 1.2 This narrative report provides a summary of the Council's financial position and details of material items that have impacted on the accounts during the year.
- 1.3 The financial statements contain a number of technical accounting terms and concepts. A glossary of the major accounting terms has been provided at the end of the financial statements to help the reader's understanding.

2 Background to 2015/16

- 2.1 Councillor Sir Albert Bore announced in October 2015 that he would be stepping down from his role as Leader of the Council. Sir Albert had been Leader of the Council from 2012 to 2015 and previously for the period 1999 to 2004. Councillor John Clancy was subsequently elected as the new Leader of the Council.
- 2.2 The Birmingham Independent Improvement Panel, appointed following the publication of the report on the governance and organisational capabilities of the Council by Lord Kerslake, has provided a number of progress reports to the Secretary of State. In its latest report the improvement panel has recommended to the Secretary of State that it should stand back for a period so that the political and managerial leadership of the Council can be given the chance to work together and demonstrate the Council's ability to deliver the change and improvement needed. The panel will return in the autumn to undertake a further review of progress.
- 2.3 The Council, in response to the challenges faced through the changing role of local government, the impact of public expenditure constraint and the recommendations from external review, has initiated and developed its Future Council Programme. The Future Council Programme is reviewing and, where necessary, redesigning all aspects of the Council, including:
- How the Council operates in order to deliver its vision and outcomes through:
 - The future services offered;
 - The people, technology and information available;
 - The best processes and structures used for delivery;
 - The aptitudes and abilities that will be required of staff employed and the working culture;
 - How members operate in their local areas and become local leaders in their communities;
 - How the Council approaches working with partner organisations and local communities;
 - How the Council provides the right support services in order to ensure those at the front line are able to deliver services successfully.

- 2.4 The Council has a vision for how the City will look in 2020 which is based on the fundamental ideals of prosperity, fairness and democracy and within those ideals to have:
- A strong economy;
 - Safety and opportunity for all children;
 - A great future for young people;
 - Thriving local communities;
 - A healthy and happy City; and
 - A modern Council.
- 2.5 The Council has continued to face extraordinary financial pressures with savings required for 2015/16 of £105m giving an accumulated total savings of £560m to date. Further savings are required in 2016/17 of nearly £90m with an additional savings projection of around £160m by 2020. These savings are in addition to the pressures on services arising from demographic changes and increasing and changing needs.

3 Major Developments

- 3.1 Despite the financial pressures faced and the demands placed on it as a result of the continued requirement to deliver high quality services whilst undertaking a major review of its operations, the Council has continued to take on new responsibilities and manage large redevelopments of the City. Details of the major activities are set out below.

Better Care Fund

- 3.2 The Better Care Fund (BCF) was a policy initiative announced by government in June 2013 aimed at driving the transformation of local services to ensure that people receive better and more integrated care and support.
- 3.3 The Council endorsed the principles of a BCF joint pooled budget for Older Adult Social Care and Health integrated provision between the Council and local Clinical Commissioning Groups (CCGs) and plans were developed through 2014/15 for implementation from 1 April 2015. The Council was identified as the host for the local BCF.
- 3.4 Whilst no new money was made available as a result of the introduction of the BCF, there was an opportunity to reallocate resources within the local care and health sectors to make better and more effective use of them. Funding was allocated by the Department of Health through money made available to CCGs and funding made available to the Council through the Disabled Facilities and Community Capital Grants were also included in the BCF. The total resource for the pooled fund for 2015/16 was £95.7m.

Public Health Transfer

- 3.5 From 1 October 2015, the Council took over responsibility from NHS England for planning and paying for public health services for babies and children up to 5 years old. These services include health visiting and the Family Nurse Partnership Programme. In 2015/16, the Council received additional grant of £11.2m from the Department of Health in respect of these services.

Grand Central

- 3.6 Through the Council's working arrangements with Network Rail, substantial improvements have been made to New Street Station through the New Street Gateway and Grand Central projects.
- 3.7 Grand Central opened to the public on 24 September 2015. Subsequently the Council disposed of its head leasehold interests in the shopping centre.

National Exhibition Centre

- 3.8 In March 2014, the Council announced its intention to seek offers for The National Exhibition Centre Ltd (NEC Ltd) with the vision of securing a private investor who could allow the business to take full advantage of its growth opportunities and enable it to move to the next stage of development.
- 3.9 On 16 January 2015, the Council announced that it had entered into a binding agreement to sell NEC Ltd to Lloyds Development Capital, the private equity arm of Lloyds Banking Group. The sale was finalised on 1 May 2015.

Paradise Redevelopment

- 3.10 The Council has entered into a partnership arrangement with Britel Fund Trustees Limited to develop Paradise Circus in the centre of the city through the provision of a mix of offices, shops, leisure and cultural facilities together with civic amenities, a hotel and new public realm.
- 3.11 The Council and Britel Funds Trustees Limited have formed a joint company to manage the redevelopment of the area.

4 The Financial Statements

- 4.1 The pages which follow contain the Council's Financial Statements for the year ended 31 March 2016, with comparative figures for the previous financial year, and comprise:

The Main Financial Statements

- 4.2 Movement in Reserves Statement (MiRS) – provides a reconciliation of the movement in year on the different reserves of the Council and how the balance of resources generated or used in the year links to the statutory requirements for raising Council Tax or for setting rents for Council dwellings.

The Surplus/(Deficit) on the Provision of Services shows the true economic cost of providing the Council's services, more detail of which is shown in the Comprehensive Income and Expenditure Statement.

- 4.3 The Comprehensive Income and Expenditure Statement (CIES) – provides the accounting cost in year of delivering services, in a specified format, in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation or from rents for Council dwellings. The Council raises taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. Details of the Council's management accounts have been provided in the Financial Outturn Report to Cabinet on 17 May 2016, which is summarised in

paragraph 6 below.

The Housing Revenue Account position is shown in a separate statement within these accounts.

The 2015/16 CIES shows a reduction of £11.5m, from £881.3m to £869.8m, in the net cost of services compared to 2014/15, which is primarily as a result of:

- The continued reduction in net expenditure on services due to the tightening of public expenditure;
- The impact of local authority maintained schools converting to academies;
- A reduction in the in-year contribution to the provision required for equal pay settlements.

offset by

- A payment to Network Rail for its share of the receipt from the disposal of its head lease interest in the shopping centre in the Grand Central redevelopment.

4.4 Balance Sheet – shows the value of assets and liabilities recognised by the Council at 31 March 2016 and the level of reserves, split between usable, that is those that may be used to provide services, and unusable, that is those that may not be used to provide services. Unusable reserves include reserves that hold unrealised gains and losses where amounts would only become available to provide services if the assets were to be sold, and reserves that hold timing differences in charging to the Comprehensive Income and Expenditure Statement.

The net liability has reduced by £433.0m to £795.0m, mainly as a result of:

- The reduction in the net liability on defined benefit pension schemes of £205.9m, mainly as a result of an increase in the discount factor for determining scheme liabilities. Further details are set out in Notes 9, 10 and 11. The Council is addressing the liability in accordance with external requirements and its accounting policies, over both the medium and longer term;
- The increase of £75.5m in the carrying value of Property, Plant and Equipment following the latest valuation of non-current assets, mainly as a result of the increase in the building cost factors used in determining valuations at Depreciated Replacement Cost;
- A reduction in provisions set aside by the Council, mainly related to Equal Pay, following settlement of claims;

offset by

- A net reduction in investments, particularly short term investments, following the disposal of NEC Ltd.

4.5 Cash Flow Statement – shows how the Council generates and uses cash during the year and the impact this has on the balances of cash and cash equivalents. Cash flows are classified into operating, investing and financing activities.

Supplementary Statements

- 4.6 Housing Revenue Account (HRA) – records the financial position of the Council's statutory obligation to account separately for the costs of its housing provision.
- 4.7 Collection Fund – records the transactions in respect of the collection and distribution of National Non Domestic Rates and Council Tax, for which the Council acts as agent and has a statutory obligation to publish.

Group Accounts

- 4.8 The Council operates through a variety of undertakings, either exercising full control of an organisation (subsidiary undertakings) or in partnership with other organisations (associate undertakings). To provide a full picture of the activities of the Council, Group Accounts have been prepared which include those organisations where the interest is considered material. The Group Accounts consolidate the Council's accounts with those of:

Subsidiaries

Acivico Limited
Birmingham Museums Trust
Innovation Birmingham Limited
National Exhibition Centre Limited Group (including NEC Finance Plc) to 1 May 2015
National Exhibition Centre (Developments) Plc
Performances Birmingham Limited
PETPS (Birmingham) Limited

Associates

Birmingham Airport Holdings Limited
Paradise Circus General Partner Limited
Service Birmingham Limited

- 4.9 The Council also operates through or in conjunction with a number of organisations where the level of activity is not considered material to the overall Group accounts. Details of these organisations are set out in Note 48, Related Parties.

5 Accountable Body Roles

- 5.1 In addition to the activities reflected in the Council's CIES and Balance Sheet, the Council also acts as an agent for other funds, the most significant being the Greater Birmingham and Solihull Local Enterprise Partnership. Further details are contained in Note 49.

6 Summary of the Council's Financial Performance for the year ended 31 March 2016

6.1 Revenue Expenditure

- 6.1.1 The Council's revenue and capital budgets were allocated between three directorates with some other budgets being managed corporately. Spending against these budgets was carefully monitored throughout the year and reported to Cabinet regularly. The year-end outturn position was reported to Cabinet on 17 May 2016.

- 6.1.2 Following net appropriations to reserves of £5.1m the directorate net overspend was £10.0m. The table below gives a summary of the General Fund year-end outturn variation by directorate.

Directorate	Outturn Variation over/(under) spend	Year-end Transfers to/(from) reserves			In Year Variation (to)/from balances
		Grant	Other	Total	
	£m	£m	£m	£m	£m
People Directorate	15.956	(1.400)	(4.509)	(5.909)	10.047
Economy Directorate	(8.261)	4.273	4.131	8.404	0.143
Place Directorate	(2.794)	1.290	1.323	2.613	(0.181)
Total Directorate Revenue Expenditure	4.901	4.163	0.945	5.108	10.009
Less Transfer from School Balances			4.605		
Directorate Total Excluding School Balances			5.550		

- 6.1.3 There was a net underspending of £4.4m on corporate accounts, after appropriations to reserves, and of £8.4m in policy contingency. It has been agreed to use £10.0m of this net underspend to address the year end pressure in People Directorate.

6.2 Capital Expenditure

- 6.2.1 Total reported expenditure on directorate capital schemes in 2015/16 was £458.0m (2014/15: £400.8m), compared to the revised capital budget of £563.1m (2014/15: £485.9m). The reported variance of £105.1m was mainly as a result of delays in expenditure on a number of capital schemes (£113.5m). Details of this slippage are given in the Council's Capital Outturn report for 2015/16. It should be noted that no Council resources were lost as a result of the slippage as the resources and planned expenditure will be "rolled forward" into future years.

Directorate	Capital Revised Budget	Capital Outturn	Capital Variance
	£m	£m	£m
People Directorate	102.9	85.0	(17.9)
Economy Directorate	300.3	238.0	(62.3)
Place Directorate	159.9	135.0	(24.9)
Total Directorate Capital Expenditure	563.1	458.0	(105.1)
PFI and Finance Lease Assets		28.6	
Total Capital Expenditure		486.6	

6.3 Material Assets Acquired

- 6.3.1 During the year, work was completed on the Grand Central redevelopment which was subsequently disposed of. In addition a number of major projects have progressed, including Paradise Circus redevelopment, the purchase of land for the Indoor Wholesale Market, the creation of additional school places at a number of schools and housing improvements and redevelopments.

6.4 Capital Financing

6.4.1 The financing arrangements in respect of capital expenditure in 2015/16 are summarised below:

Financing Method	£m
Borrowing	209.1
Government Grants	138.6
Other Grants and Contributions	13.8
Use of Capital Receipts – HRA	22.2
Use of Revenue Resources – HRA	67.9
Use of Revenue Resources – General Fund	6.4
Total Directorate Capital Financing	458.0
PFI and Finance Leases	28.6
Total Capital Financing	486.6

6.4.2 During the financial year ended 31 March 2016, the Council took £54.9m of long term loans. The Council also maintained a significant short term loan debt portfolio during the year, taking advantage of historically low short term interest rates. Total debt remained within the Council's authorised limit.

6.4.3 Further details of the Council's financial liabilities are given in Notes 39 and 40 to these financial statements. Full details regarding the financing of capital expenditure and the acquisition and disposal of non-current assets are given in Notes 20 to 23 to these financial statements.

6.5 Service Concession Arrangements and Similar Contracts

6.5.1 The Council has entered into a number of Service Concession arrangements, formerly classed as Private Finance Initiatives and similar contracts across Schools, Waste Management and Highways services to deliver improvements in infrastructure and future service delivery. As a result of the schemes, the Council has a future liability to the end of the contracts of £457.0m as at 31 March 2016.

6.5.2 Details of the arrangements and timings of future liabilities are set out in Note 43 to these financial statements.

6.6 Pension Liabilities

6.6.1 For the Local Government Pension Scheme, there is currently a net pension liability that is reviewed periodically by the West Midlands Metropolitan Authorities Pension Fund Actuary. The Council's share of the total pension shortfall is £2,087.7m at 31 March 2016. Whilst the figure is substantial it should be noted that:

- It is not an immediate deficit that has to be met now. The sum is the current assessment taking a long term view of the future liabilities for existing pensioners and current employees who are accruing pension entitlement and of future expected investment performance;
- There is a 20 year recovery plan which has been built into the Council's financial plans;

- It is not unique to Birmingham City Council as this is in common with the national position for pension funds. Details of the pension liability and assets are set out in Notes 10 and 11 to these financial statements.

6.6.2 Nevertheless, addressing the pension deficit represents a significant financial issue for the Council.

6.7 Provisions

Equal Pay

6.7.1 The Council has continued to receive claims in respect of the Equal Pay Act 1970 up to the sign off of these financial statements and has, as a result, made provision in its accounts for these potential future liabilities. The Council has continued to negotiate with claimants' representatives and settle where it is recognised that a claim would be successful. These accounts include the expected costs of settlement for claims received up to 29 February 2016.

National Non Domestic Rates

6.7.2 As a result of the change introduced through the Local Government Finance Act 2012, local authorities assumed part of the liability for funding rate payers who successfully appeal against the rateable value of their properties on the rating list. This liability includes amounts that were collected in respect of both the current and prior years.

6.7.3 The Council, as Billing Authority, is required to make a provision for this liability. The financial statements include a provision to cover the Council's share of the estimated liability for the settlement of all appeals received up to 31 March 2016 but which remained unsettled. However, regulations permit local authorities to spread an element of the impact over a period of 5 years up to 2017/18. A share of the liability is attributable to Central Government and the West Midlands Fire and Rescue Authority.

6.8 Reserves

6.8.1 The Council maintains two types of reserves:

- Usable reserves – where the Council sets aside specific amounts for future policy purposes or to cover contingencies
- Unusable reserves, which are not available to support the provision of services and include:
 - Unrealised gains and losses, particularly in relation to changes in valuation of non-current assets;
 - Adjustment accounts that absorb the difference between the outcome of applying proper accounting practices and the requirements of statutory arrangements for funding expenditure.

6.8.2 Details of the reserves are set out below.

	31 March 2015 £m	31 March 2016 £m
Usable Reserves	626.0	895.7
Unusable Reserves	(1,854.0)	(1,690.7)
Total	(1,228.0)	(795.0)

6.8.3 Usable reserves have increased by £269.7m, mainly as a result of the increase in the Capital Receipts Reserve following the disposals of the NEC Ltd. and Grand Central.

6.8.4 The deficit on unusable reserves has reduced by £163.3m as a result of the reductions in pension liabilities and the Equal Pay Back Pay Account and the increase in asset revaluations, detailed in paragraph 4.4 above. The reduction in unusable reserves has been partly offset by the change in the Capital Adjustment Account, which reflects the technical accounting adjustments from the disposal of the NEC Ltd. and Grand Central.

6.8.5 Taking the usable and unusable reserves together the Council's net liabilities at 31 March 2016 have reduced by £433.0m to £795.0m.

6.8.6 The Council has included financial assumptions for resourcing these liabilities in its long term financial plan, Business Plan 2016+.

7 Changes in Accounting Policy – Future Years

7.1 From 1 April 2016, the Council will be required to adopt the CIPFA *Code of Practice on Transport Infrastructure Assets*. The Code designates the current infrastructure assets that are currently recorded in Property, Plant and Equipment as Highways Network Asset, which will be identified separately within the Balance Sheet.

7.2 The Council will be required to value its Highways Network Asset on the basis of depreciated replacement cost rather than depreciated historic cost as at present. This is likely to result in a significant increase in the carrying value of the Highways Network Asset.

7.3 The Council will not be required to apply retrospective adjustments to the accounts but will treat the change in value as a revaluation gain in year.

8 Future Revenue and Capital Expenditure Plans

8.1 The Council's Financial Plan continues to be set in the context of pressures on services arising from demographic changes and increasing and changing needs whilst facing reducing resources available to fund service provision and investment in assets as a result of the continuing reductions in grant funding as part of the government's policy of reducing public expenditure. The Council is more dependent on government grants than many local authorities because of the higher levels of need in the City and because of the comparatively low tax base which constrains what can be raised locally through Council Tax.

- 8.2 The Council has a strong track record in the effective management of savings programmes, with a clear process for decision-making and monitoring delivery. There is active engagement by both Members and senior officers, including monthly meetings chaired by the Deputy Leader as well as formal revenue budget monitoring reports considered by Cabinet.
- 8.3 However, the Council recognised that the need to make such large on-going savings required a different approach to be adopted. From 2015/16 the Future Council Programme was implemented, which continues to involve fundamental reviews of the role of the Council in meeting the needs of its customers and embraces joint working both across Council directorates and with partners.
- 8.4 The Council's key capital priorities are addressed through the three-year capital programme, totalling £966m in the Business Plan 2016+. The Council continues to pursue major initiatives taking advantage of the availability of external capital resources, with the programme including £272m of Government grants and other external contributions. The programme also incorporates borrowing proposals set out in the approved Enterprise Zone Investment Plan, the cost of which will be supported from projected business rates growth in the Enterprise Zone area.
- 8.5 Full details of the 2016/17 Revenue and Capital Budgets can be found within the Business Plan and Budget 2016+ approved by Council on 1 March 2016, via www.birmingham.gov.uk.

CORE FINANCIAL STATEMENTS 2015/16

Movement in Reserves Statement

This Statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (that is, those that can be applied to fund expenditure or reduce local taxation) and other reserves.

	General Fund Balance	Earmarked General Fund Reserves	Housing Revenue Account	Capital Receipts	Major Repairs Reserve	Capital Grants Unapplied Account	Total Usable Reserves	Unusable Reserves	Total Council Reserves

Exceptional Items

Included within Highways and Transport Services is a payment of £72.9m to Network Rail in respect of its share of the receipt from the disposal of its head lease interest in the shopping centre in the Grand Central development. Further details are provided in Note 12.

Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Council.

31 March 2015		Note	31 March 2016
£m			£m
4,761.3	Property, Plant and Equipment	20	4,836.8

Note 1**Accounting Policies****i. General Principles**

The Statement of Accounts summarises the Council's transactions for the 2015/16 financial year and its position at the year-end of 31 March 2016. The Accounts and Audit Regulations 2015, requires the Council to prepare an annual Statement of Accounts in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2015/16 (the Code) and the Service Reporting Code of Practice 2015/16 (SeRCOP), supported by International Financial Reporting Standards (IFRS).

The accounting convention adopted in the Statement of Accounts is principally historical cost, modified by the revaluation of certain categorised non-current assets and financial instruments. Historical cost is deemed to be the carrying amount of an asset as at 1 April 2007 (that is, brought forward from 31 March 2007) or at the date of acquisition, whichever date is the later, and if applicable is adjusted for subsequent depreciation or impairment.

ii. Accruals of Income and Expenditure

Service activity is accounted for in the year it takes place, not simply when cash payments are made or received. In particular:

- Revenue from the sale of goods is recognised when the Council transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Council;
- Revenue from the provision of services is recognised when the Council can reliably measure the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Council;
- Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption, they are carried as inventories on the Balance Sheet, for example, fuel and transport parts;
- Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made;
- Interest receivable on investments and payable on borrowings is accounted for respectively as income and expenditure on the basis of the effective interest rate for the relevant financial instrument rather than the cash flows fixed or determined by the contract;
- When income and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.

The Council has based its general accruals on the difference between the forecast revenue outturn for the year and the actual income/expenditure recorded by 31 March. Specific accruals are included for material items and for items relating to:

- Statutory accounts, for example, the Collection Fund, Precepts;
- Grants received by the Council that are conditional on expenditure within the year.

This is intended to improve the efficiency of the final accounts process in order that earlier closedown deadlines can be achieved.

iii. Fair Value Measurement

The Council measures some of its non-financial assets, such as investment properties, and some of its financial instruments, such as equity shareholdings, at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability; or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The Council measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

When measuring the fair value of a non-financial asset, the Council takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Council uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Inputs to the valuation techniques in respect of assets and liabilities for which fair value is measured or disclosed in the Council's financial statements are categorised with the fair value hierarchy as follows:

- Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the Council can access at the measurement date;
- Level 2 – inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly;
- Level 3 – unobservable inputs for the asset or liability.

iv. Exceptional Items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the Council's financial performance.

v. Prior Period Adjustments, Changes in Accounting Policies and Estimates and Errors

Prior period adjustments may arise as a result of a change in accounting policies or to correct a material error. Changes in accounting estimates are accounted for prospectively,

that is, in the current and future years affected by the change and do not give rise to a prior period adjustment.

Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, or events and conditions, on the Council's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.

Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.

vi. Employee Benefits

Benefits Payable During Employment

Short Term Benefits

Short term employee benefits are those due to be settled within 12 months of the year-end. They include benefits such as wages and salaries, paid annual leave and paid sick leave, bonuses and non-monetary benefits, for example cars for current employees, and are recognised as an expense for services in the year in which employees render service to the Council. An accrual is made for the cost of annual leave entitlements (or any other form of leave, for example time off in lieu) earned by employees but not taken before the year-end, which employees can carry forward into the next financial year. The accrual is made at the wage and salary rates applicable in the following accounting year, being the period in which the employee takes the benefit. The accrual is charged to Surplus/Deficit on the Provision of Services, but then reversed out through the Movement in Reserves Statement so that leave benefits are charged to revenue in the financial year in which the leave absence occurs.

Other Long Term Benefits

Other long term employee benefits are benefits, other than post-employment and termination benefits, that are not expected to be settled in full before 12 months after the end of the annual reporting period for which employees have rendered the related service. Within local authorities the value of these benefits are not expected to be significant. Such long term benefits may include:

- Long term paid absence or sabbatical leave;
- Long term disability benefits;
- Bonuses;
- Deferred remuneration.

Long term benefits would be accounted for on a similar basis to post-employment benefits.

Termination Benefits

Termination benefits are amounts payable as a result of a decision by the Council to terminate an employee's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the appropriate service or, where applicable, to the Non Distributed Cost line in the Comprehensive Income and Expenditure Statement at the earlier of when the Council can no longer withdraw the offer of those benefits or when the Council recognises costs for a restructuring.

Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund and Housing Revenue Account balances to be charged with the amount payable by the Council to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards.

In the Movement in Reserves Statement, appropriations are required to and from the Pension Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

Post-Employment Benefits

Employees of the Council are members of one of three separate pension schemes:

- The Local Government Pension Scheme, administered by the West Midlands Pension Fund offices at Wolverhampton City Council;
- The Teachers' Pension Scheme administered by Capita Teachers' Pensions on behalf of the Department for Education;
- The NHS Pensions Scheme, administered by NHS Pensions.

Each scheme provides defined benefits to members (retirement lump sums and pensions), earned during employment with the Council.

The arrangements for the Teachers' Pension Scheme and the NHS Pensions Scheme mean liabilities for these benefits cannot ordinarily be identified specifically to the Council. These schemes are, therefore, accounted for as if they were defined contribution schemes and no liability for future payments of benefits is recognised in the Balance Sheet. Within the Comprehensive Income and Expenditure Statement, the Children's and Education Services and the Public Health lines are charged with the employer's contributions payable to the Teachers' Pension Scheme and NHS Pensions Scheme in the year.

The Local Government Pension Scheme

The Local Government Scheme is accounted for as a defined benefits scheme:

- The liabilities of the West Midlands Local Government Pension Fund attributable to the Council are included in the Balance Sheet on an actuarial basis using the projected unit method – that is, an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of earnings for current employees;
- Liabilities are discounted to their value at current prices, using a discount rate of 3.2% based on the indicative rate of return on AA rated corporate bond yields;
- The assets of the West Midlands Local Government Pension Fund attributable to the Council are included in the Balance Sheet at their fair value:
 - quoted securities – current bid price;
 - unquoted securities – professional estimate;
 - unlisted securities – current bid price;
 - property – market value.
- The change in the net pensions liability is analysed into the following elements:

Service cost comprising:

- current service cost – the increase in liabilities as a result of years of service earned this year – allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked;
- past service cost – the increase in liabilities arising from current year decisions whose effect related to years of service earned in earlier years – debited to the Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure as part of Non Distributed Costs;
- net interest on the net defined benefit liability/(asset), that is the net interest expense for the Council – the change during the reporting period in the net defined benefit liability/(asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement – this is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability/(asset) at the beginning of the period – taking into account any changes in the net defined benefit liability/(asset) during the period as a result of contribution and benefit payments.

Re-measurements comprising:

- the return on plan assets – excluding amounts included in net interest on the net defined benefit liability/(asset) – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure;
- actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions – charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.

Contributions paid to the West Midlands Local Government Pension Fund – cash paid as employer's contributions to the pension fund in settlement of liabilities; not accounted for as an expense.

In relation to retirement benefits, statutory provisions require the General Fund and Housing Revenue Account balances to be charged with the amount payable by the Council to the pension fund or directly to pensioners in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, this means that there are transfers to and from the Pensions Reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners, and any such amounts payable but unpaid at the year-end. The negative balance that arises on the Pensions Reserve thereby measures the beneficial impact to the General Fund and Housing Revenue Account arising from the requirement to account for retirement benefits on the basis of cash flows rather than as benefits are earned by employees.

Discretionary Benefits

The Council has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff, including teachers and public health employees, are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

vii. Revenue Expenditure Funded from Capital under Statute

Expenditure incurred during the year that may be capitalised under statutory provisions but that does not result in the creation of a non-current asset, has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer through the Movement in Reserves Statement from the General Fund Balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of Council Tax.

viii. Charges to Revenue for Non-Current Assets

Services, support services and trading accounts are debited with the following amounts to record the cost of holding non-current assets during the year:

- Depreciation attributable to the assets used by the relevant service;
- Revaluation and impairment losses on assets used by the service where there are no accumulated gains in the Revaluation Reserve against which the losses can be written off;
- Amortisation of intangible non-current assets attributable to the service.

The Council is not required to raise Council Tax to fund depreciation, revaluation and impairment losses or amortisation. However, it is required to make an annual contribution from revenue towards the reduction in its overall borrowing requirement equal to an amount calculated on a prudent basis determined by the Council in accordance with statutory guidance. An adjustment is, therefore, made to remove depreciation, amortisation and revaluation and impairment losses from the General Fund and Housing Revenue Account through Note 6, Adjustments Between Accounting Basis and Funding Basis under Regulations, and the Movement in Reserves Statement and to replace them by the statutory contribution from the General Fund or Housing Revenue Account Balance to the Capital Adjustment Account.

ix. Government Grants and Contributions

Whether paid on account, by instalments or in arrears, government grants and third party contributions and donations are recognised as due to the Council when there is reasonable assurance that:

- the Council will comply with the conditions attached to the payments; and
- the grants or contributions will be received.

Amounts recognised as due to the Council are not credited to the Comprehensive Income and Expenditure Statement until conditions attached to the grant or contribution are considered more likely than not to be satisfied in the future. Conditions are stipulations that specify that the future economic benefits or service potential embodied in the asset in the form of the grant or contribution are required to be consumed by the recipient as specified, or future economic benefits or service potential must be returned to the transferor.

Monies advanced as grants and contributions for which conditions are unlikely to be satisfied are carried in the Balance Sheet as creditors. Where conditions are satisfied or expected to be satisfied, the grant or contribution is credited to the relevant service line (attributable revenue grants and contributions) or Taxation and Non-Specific Grant Income (non-ring

fenced revenue grants and all capital grants) in the Comprehensive Income and Expenditure Statement.

Where capital grants are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance in the Movement in Reserves Statement. Where the grant has yet to be used to finance capital expenditure, it is posted to the Capital Grants Unapplied Reserve. Where it has been applied, it is posted to the Capital Adjustment Account. Amounts in the Capital Grants Unapplied Reserve are transferred to the Capital Adjustment Account as they are applied to fund capital expenditure.

x. Overheads and Support Services

The costs of overheads and support services are charged to those activities that benefit from the supply or service in accordance with the costing principles of SeRCOP. The total absorption costing principle is used – the full cost of overheads and support services are shared between users in proportion to the benefits received, with the exception of:

- Corporate and Democratic Core – costs relating to the Council’s status as a multi-functional, democratic organisation;
- Non Distributed Costs – the cost of discretionary benefits awarded to employees retiring early and impairment losses chargeable on Assets Held for Sale.

These two cost categories are defined in SeRCOP and accounted for as separate headings in the Comprehensive Income and Expenditure Statement, as part of Net Expenditure of Services.

xi. Property, Plant and Equipment

Assets that have physical substance and are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes and that are expected to be used during more than one financial year are classified as Property, Plant and Equipment.

Recognition

Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on the accruals basis, provided it is probable the future economic benefits or service potential associated with the item will flow to the Council and the cost of the item can be measured reliably. Expenditure that maintains but does not add to an asset’s potential to deliver future economic benefits or service potential (for example, repairs and maintenance) is charged as an expense when it is incurred.

Measurement

Assets are initially measured at cost, comprising:

- the purchase price;
- any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Council capitalises borrowing costs incurred whilst material assets are under construction. Material assets are considered to be those where total planned (multi-year) borrowing for a single asset (including land and building components) exceeds £20m, and

where there is a 'substantial period of time' from the first capital expenditure financed from borrowing until the asset is ready to be brought into use. A substantial period of time is considered to mean in excess of two years. Both of these tests will be determined using estimated figures at the time of preparing the accounts in the first year of capitalisation. Should either test fail in subsequent financial years, the prior year's treatment will not be adjusted retrospectively.

The cost of assets acquired other than by purchase is deemed to be its fair value, unless the acquisition does not have commercial substance (that is, it will not lead to a variation in the cash flows of the Council). In the latter case, where an asset is acquired via an exchange, the cost of the acquisition is the carrying amount of the asset given up by the Council.

From 1 April 2010 all additions and all material assets revalued (over £5m) are accounted for on a component basis. As components are added, any component being replaced is derecognised. On derecognising components where the component is within a non separated component bundle, the depreciation is apportioned on a straight line basis and derecognised accordingly. In addition, where the historic cost of the old component is not readily determinable, it has been estimated by comparing the remaining useful economic life of the component to the original useful economic life and the cost of the replacement component. A pro rata of both the depreciation and any applicable Revaluation Reserve is also derecognised.

Donated assets are measured initially at fair value. The difference between fair value and any consideration paid is credited to the Taxation and Non-Specific Grant Income line of the Comprehensive Income and Expenditure Statement, unless the donation has been made conditionally. Until conditions are satisfied, the gain is held in the Donated Assets Account. Where gains are credited to the Comprehensive Income and Expenditure Statement, they are reversed out of the General Fund Balance to the Capital Adjustment Account in the Movement in Reserves Statement. The Council has not reviewed the deeds of all of its land and property to determine the categorisation of these assets.

Assets are subsequently carried in the Balance Sheet using the following measurement bases:

- infrastructure assets – depreciated historical cost;
- community assets and assets under construction – historical cost;
- dwellings – current value, determined using the basis of existing use value for social housing (EUV-SH);
- where cleared land has been designated for social housing use, that land is valued using the basis of EUV-SH;
- all other assets – current value, determined as the price that would be received to sell an asset in an orderly transaction between market participants at the Balance Sheet date.

Where a material item of Property, Plant and Equipment asset has major components whose cost is significant in relation to the total cost of the item, the components are evaluated separately.

Where there is no market based evidence of fair value because of the specialist nature of an asset, depreciated replacement cost is used as an estimate of current value.

Where non-property assets have short useful lives or low values (or both), depreciated historical cost basis is used as a proxy for current value.

Assets included in the Balance Sheet at fair value are revalued sufficiently regularly to ensure their carrying amount is not materially different from their current value at the year-end, but as a minimum every five years. Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of a loss previously charged to a service.

Where decreases in value are identified, the accounting treatment is:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance;
- where there is insufficient balance, the carrying amount of the asset is written down firstly against the Revaluation Reserve and the remaining amount against the relevant service line in the Comprehensive Income and Expenditure Statement.

The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.

Impairment

Assets are assessed at each year-end for any indication that an asset may be impaired. Where indications exist and any possible difference is estimated to be material, the recoverable amount of the asset is estimated and, where this is less than the carrying amount of the asset, an impairment loss is recognised for the shortfall.

Where impairment losses are identified, the accounting treatment is:

- where there is a balance of revaluation gains for the asset in the Revaluation Reserve, the carrying amount of the asset is written down against that balance;
- where there is insufficient balance, the carrying amount of the asset is written down firstly against the Revaluation Reserve and the remaining amount against the relevant service line in the Comprehensive Income and Expenditure Statement.

Where an impairment loss is reversed subsequently, the reversal is credited to the relevant service line(s) in the Comprehensive Income and Expenditure Statement, up to the amount of the original loss, adjusted for the depreciation that would have been charged if the loss had not been recognised.

Useful Life

The Council estimates that assets, at new, have remaining useful lives within the parameters as detailed below:

- Council Dwellings – separated into the key components
 - Land – indefinite life;
 - Kitchens – 20 years;
 - Bathrooms – 40 years;
 - Doors/Windows/Rainwater, Soffits and Facias – 35 years;
 - Central Heating/Boilers – 15 to 30 years;
 - Roofs – 25 to 60 years;
 - Remaining components (Host) – 30 to 60 years;
- Buildings – up to 50 years;
- Vehicles, Plant, Furniture and Equipment – 3 to 51 years;
- Infrastructure – 10 to 40 years.

The useful life of each asset is reviewed annually by the directorate user through their service review and as part of the Council's five year cycle of revaluation by an appropriately qualified valuer.

Where a school is proposing to transfer to Academy School Trust status after the year end, the Council maintains the useful life of the school's assets on the basis of the last valuation undertaken.

Depreciation

Depreciation is provided for on all Property, Plant and Equipment assets by the systematic allocation of their depreciable amounts over their useful lives. Assets without a determinable finite useful life, and assets that are not yet available for use, are not depreciated.

Depreciation is charged in the year of disposal. Depreciation is not charged in the year of purchase.

Depreciation is calculated on the following bases:

- Dwellings and other buildings and components therein – straight line allocation over the useful life of the property as estimated by the valuer;
- Vehicles, plant, furniture and equipment – straight line allocation over their useful lives;
- Infrastructure – straight line allocation over their useful lives

Where an item of Property, Plant and Equipment asset has major components whose cost and life are significant in relation to the total cost and life of the item, the components are depreciated separately.

Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.

Disposals and Non-Current Assets Held for Sale

When it becomes probable that the carrying amount of an asset will be recovered principally through a sale transaction rather than through its continuing use, it is reclassified as an Asset Held for Sale. The asset is revalued immediately before reclassification and then carried at the lower of this amount and fair value less the cost of sale. Where there is a subsequent decrease to fair value less the cost of sale, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Gains in fair value are recognised only up to the amount of any previous losses recognised in the Surplus/Deficit on Provision of Services. Depreciation is not charged on Assets Held for Sale.

Where assets are no longer used by a Directorate, these assets are offered to other Directorates for use. Those assets which are surplus are made available for sale and will be classified as Assets Held for Sale. The Council currently has no surplus assets that would fall within the classification as defined in the Code.

If assets no longer meet the criteria to be classified as Assets Held for Sale, they are reclassified back to non-current assets and valued at the lower of their carrying amount before they were classified as held for sale, adjusted for depreciation, amortisation or revaluations that would have been recognised had they not been classified as held for sale, and their recoverable amount at the date of the decision to sell.

Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.

When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet and the gain or loss on disposal is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Any revaluation gains accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account. Gains and losses on disposal of assets are not a charge against Council Tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are appropriated to the Capital Adjustment Account from the General Fund Balance through the Movement in Reserves Statement.

Amounts, in excess of £10,000, received from a disposal are categorised as capital receipts. A proportion of receipts relating to housing disposals (for 2015/16, 75% of the receipt net of statutory deductions and allowances) is payable to the Government. The balance of receipts is required to be credited to the Capital Receipts Reserve. Receipts are appropriated to the Reserve from the General Fund Balance through the Movement in Reserves Statement.

xii. Heritage Assets

Heritage assets are defined as assets which have historical, artistic, scientific, technological, geographical or environmental qualities that are held in trust for future generations because of their cultural, environmental or historical associations and contribution to knowledge and culture. They include museums' and libraries' heritage collections, historic buildings and the historic environment, public works of art and civic regalia and plate.

Where assets of a heritage nature are used in the ongoing delivery of the Council's services, such as historically interesting buildings, and parks and open space, they have not been categorised as heritage assets but remain as other land and buildings, or community assets within Property, Plant and Equipment.

Where historic cost information is available, the Council has used this when compiling the balance sheet; otherwise insurance valuations have been used, where applicable. Where there is evidence of a movement in valuations as a result of material acquisitions or disposals, or a significant movement in comparable market values, a revaluation will be considered. In some cases, reliable valuation information is not available due to a lack of comparable market data and the diverse nature of the individual items, and where the historical cost information cannot be obtained, the asset has been excluded from the balance sheet.

The Council is the custodian of a number of scheduled monuments, including burial mounds and archaeological remains, and owns a significant number of public art works, including statues, sculpture and fountains. With a couple of minor exceptions, historic cost information is not available; for the majority, there is no insurance valuation available and the Council does not consider that reliable information can be obtained at a cost that is commensurate with the benefits to users of the financial statements. Consequently the Council does not recognise these assets in the balance sheet.

The Council considers that the heritage assets will have indeterminate lives and a high residual value; and therefore does not consider it appropriate to charge depreciation on the assets. Any impairment or disposal of heritage assets is recognised and measured in accordance with the Council's relevant policies (see xi. Property, Plant and Equipment in this note on Accounting Policies).

xiii. Intangible Assets

Expenditure on non-monetary assets that do not have physical substance but are controlled by the Council as a result of past events (for example, software licences) is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Council.

Expenditure on the development of websites is not capitalised if the website is solely or primarily intended to promote or advertise the Council's goods or services.

Intangible assets are measured initially at cost. Amounts are only revalued where the fair value of the assets held by the Council can be determined by reference to an active market. In practice, no intangible asset held by the Council meets this criterion and they are, therefore, carried at amortised cost. The depreciable amount of an intangible asset is amortised on a straight line basis over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. An asset is tested for impairment whenever there is an indication that the asset might be impaired – any losses recognised are posted to the relevant service line(s) in the Comprehensive Income and Expenditure Statement. Any gain or loss arising on the disposal or abandonment of an intangible asset is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement.

Where expenditure on intangible assets qualifies as capital expenditure for statutory purposes, amortisation, impairment losses and disposal gains and losses are not permitted to have an impact on the General Fund balance. The gains and losses are therefore reversed out of the General Fund Balance in the Movement in Reserves Statement and posted to the Capital Adjustment Account and (for any sale proceeds greater than £10,000) the Capital Receipts Reserve.

xiv. Investment Properties

Investment properties are those that are held by the Council solely to earn rentals and/or for capital appreciation. An asset does not meet the definition of being an investment property if it is used in any way to facilitate the delivery of services, for the production of goods or is held for sale.

Investment properties are measured initially at cost and subsequently at fair value, being the price that would be received to sell such an asset in an orderly transaction between market participants at the measurement date. As a non-financial asset, investment properties are measured at highest and best use. Investment properties are not depreciated but are revalued annually based on market conditions at the year-end. Gains/losses on revaluation are posted to Financing Income and Expenditure in the Comprehensive Income and Expenditure Statement. The same treatment is applied to gains and losses on disposal.

Rentals received in relation to investment properties are credited to Financing Investment Income in the Comprehensive Income and Expenditure Statement and result in a gain for the General Fund Balance. However, revaluation and disposal gains/losses are not permitted by statutory arrangements on the General Fund Balance and are therefore reversed out through the Movement in Reserves Statement and posted to the Capital Adjustment Account and, for any sale proceeds greater than £10,000, to the Capital Receipts Reserve.

Whilst discharging its role the Council works to ensure that the stewardship of all property assets is such that they are managed in a way that is economic, efficient and effective. The Council has a site that meets the definition of 'Investment Properties'.

The Council has a number of lease arrangements with subsidiary companies that are not treated as investment properties in line with *IAS 40, Investment Property*.

xv. Service Concession Arrangements

Service concession arrangements (formerly classed as PFI and similar contracts) are agreements to receive services, where the responsibility for making available the property, plant and equipment needed to provide the services passes to the contractor. As the Council is deemed to control the services that are provided under the arrangement, and as ownership of the property, plant and equipment will pass to the Council at the end of the contracts for no additional charge, the Council carries the assets used under the contracts on its Balance Sheet as part of Property, Plant and Equipment.

The original recognition of these assets at fair value (based on the cost to purchase the property, plant and equipment) is balanced by the recognition of a liability for amounts due to the scheme operator to pay for the capital investment. The Council includes the cost of establishing Special Purpose Vehicles in the calculation of the liabilities.

Non-current assets recognised on the Balance Sheet are revalued and depreciated in the same way as property, plant and equipment owned by the Council.

The amounts payable to the contractor each year are analysed into five elements:

- Fair value of the services procured during the year – debited to the relevant service in the Comprehensive Income and Expenditure Statement;
- Finance cost – an interest charge on the outstanding Balance Sheet liability, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- Contingent rent – increases in the amount to be paid for the property arising during the contract, debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement;
- Payment towards liability – applied to write down the Balance Sheet liability towards the contractor;
- Lifecycle replacement costs – usually recognised as an addition to Property, Plant and Equipment when the relevant works are carried out in line with the operator's model spending profiles.

xvi. Leases

Leases are classified as either finance or operating leases at the inception of the lease. Classification as a finance lease occurs where the terms of the lease transfer substantially all the risks and rewards incidental to the ownership of the asset from lessor to lessee and where the lease term is for the major part of the economic life of the asset in question, whether or not title is eventually transferred. Those leases not classified as finance leases are deemed to be operating leases.

Where a lease covers both land and buildings, the land and buildings elements are considered separately for classification.

Arrangements that do not have the legal status of a lease but convey a right to use an asset in return for payment are accounted for under this policy where fulfilment of the arrangement is dependent on the use of specific assets.

The Council as Lessee

Finance Leases

Property, plant or equipment held under a finance lease is recognised on the Balance Sheet at the commencement of the lease at its fair value measured at the lease's inception (or the present value of the minimum lease payments, if lower). The asset recognised is matched by a liability for the obligation to pay the lessor. Initial direct costs of the Council are added to the carrying amount of the asset. Premia paid on entry into a lease are applied to writing down the lease liability. Contingent rents are charged as expenses in the periods in which they are incurred.

Lease payments are apportioned between:

- A charge for the acquisition of the interest in the property, plant or equipment – applied to write down the lease liability; and
- A finance charge – debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Property, Plant and Equipment recognised under finance leases is accounted for using the policies applied generally to such assets, subject to depreciation being charged over the lease term if this is shorter than the asset's estimated useful life (where ownership of the asset does not transfer to the Council at the end of the lease period).

The Council is not required to raise Council Tax to cover depreciation or revaluation and impairment losses arising on leased assets. Instead, a prudent annual contribution is made from revenue funds towards the deemed capital investment in accordance with statutory requirements. Depreciation and revaluation and impairment losses are therefore substituted by a revenue contribution in the General Fund balance, by way of an adjusting transaction with the Capital Adjustment Account in the Movement in Reserves Statement for the difference between the two.

Operating Leases

Rentals paid under operating leases are charged to the Comprehensive Income and Expenditure Statement as an expense of the services benefiting from use of the leased property, plant or equipment. Charges are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments.

The Council as Lessor

Finance Leases

Where the Council grants a finance lease over a property or an item of plant or equipment, the relevant asset is written out of the Balance Sheet as a disposal. At the commencement of the lease, the carrying amount of the asset in the Balance Sheet is written off to the Other

Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain/loss on disposal. A gain, representing the Council's net investment in the lease, is credited to the same line in the Comprehensive Income and Expenditure Statement also as part of the gain/loss on disposal, matched by a lease (long term debtor) asset in the Balance Sheet

Lease rentals receivable are apportioned between:

- A charge for the acquisition of the interest in the property – applied to write down the lease debtor; and
- Finance income - credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

The gain credited to the Comprehensive Income and Expenditure Statement on disposal is not permitted by statute to impact the General Fund Balance and is required to be treated as a capital receipt. Where a premium has been received, this is posted out of the General Fund Balance to the Capital Receipts Reserve through the Movement in Reserves Statement. Where the amount due in relation to the lease asset is settled by the payment of rentals in future financial years, this is posted out of the General Fund Balance to the Deferred Capital Receipts Reserve through the Movement in Reserves Statement.

The written-off value of disposals is not a charge against Council Tax, as the cost of non-current assets is fully provided for under separate arrangements for capital financing. Amounts are therefore appropriated to the Capital Adjustment Account from the General Fund Balance through the Movement in Reserves Statement.

Operating Leases

Where the Council grants an operating lease over a property or an item of plant or equipment, the asset is retained in the Balance Sheet. Rental income is credited to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Credits are made on a straight line basis over the life of the lease, even if this does not match the pattern of payments. Initial direct costs incurred in negotiating and arranging the lease are added to the carrying amount of the relevant asset and charged as an expense over the lease term on the same basis as rental income.

xvii. Interests in Companies and Other Entities

The Council has material interests in companies and other entities that have the nature of subsidiaries, associates and jointly controlled entities and proper accounting practices require it to prepare group accounts. In the Council's own single-entity accounts, the interests in companies and other entities are recorded as financial assets at cost, less any provision for losses.

xviii. Accounting for Schools

Local authority maintained schools, in line with relevant accounting standards and the Code, are considered to be separate entities with the balance of control lying with the Council. As such the Council should consolidate the activities of schools into its group accounts. However, the Code requires that the income, expenditure, assets and liabilities of maintained schools be accounted for in local authority entity accounts rather than requiring the preparation of group accounts.

The Council has the following types of maintained schools under its control:

- Community schools;
- Voluntary Controlled schools;
- Voluntary Aided schools;
- Foundation schools.

Given the nature of the control of the entities and the control of the service potential from the non-current assets of the maintained schools, the Council has recognised buildings and other non-current assets on its balance sheet. The Council has recognised all land for Community Schools on its balance sheet and recognised that land for Voluntary Aided, Voluntary Controlled and Foundation Schools where it can be demonstrated that the Council has control over the land through restrictive covenants within site deeds or where there is reasonable evidence that restrictive covenants are in place.

The Code includes transitional provisions where non-current assets are recognised for the first time as a result of a change in accounting policy arising from a revision to accounting for schools. Under the transitional rules, non-current assets recognised for the first time should be accounted for at their 1 April 2014 valuation at “deemed cost” with the credit entry recognised in the Capital Adjustment Account. The Code does not recognise the need for identification of any historic valuation movements prior to 1 April 2014.

Academies and Free Schools are not considered to be controlled by the Council and are not consolidated into the entity or group accounts.

xix. Financial Instruments

Financial Liabilities

Financial liabilities are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value and are carried at their amortised cost. Non-borrowing creditors are carried at contract amount. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments to the instrument over the life of the instrument to the amount at which it was originally recognised.

For most of the Council's borrowings, this means the amount presented in the Balance Sheet is the outstanding principal repayable, plus accrued interest; and interest charged to the Comprehensive Income and Expenditure Statement is the amount payable for the year according to the loan agreement.

However, the Birmingham City Council 2030 bonds, issued in exchange for NEC loan stock in 2005, were issued at a fair value in excess of the principal repayable. Interest is being charged on an amortised cost accounting basis, which writes the value down to zero at maturity.

Gains and losses on the repurchase or early settlement of borrowing are credited and debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement in the year of repurchase/settlement. However, where repurchase has taken place as part of a restructuring of the loan portfolio that involves the modification or exchange of existing instruments, the premium/discount is respectively

deducted from/added to the amortised cost of the new or modified loan and the write-down to the Comprehensive Income and Expenditure Statement is spread over the life of the loan by an adjustment to the effective interest rate.

Where premia and discounts have been charged to the Comprehensive Income and Expenditure Statement, regulations allow the impact on the General Fund balance to be spread over future years. The Council has a policy of spreading the gain or loss over the term that was remaining on the loan against which the premium was repayable or discount received when it was repaid. The reconciliation of amounts charged to the Comprehensive Income and Expenditure Statement to the net charge required against the General Fund balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Financial Assets

Financial assets are classified into two types:

- Loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market;
- Available-for-sale assets – assets that have a quoted market price and/or do not have fixed or determinable payments.

Loans and Receivables

Loans and receivables are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured at fair value. They are subsequently measured at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans the Council has made, this means the amount presented in the Balance Sheet is the outstanding principal receivable, plus accrued interest, and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.

However, the Council has made a number of loans to third parties at less than market rates (soft loans). When soft loans are made, a loss is recorded in the Comprehensive Income and Expenditure Statement, charged to the appropriate service, for the present value of the interest that will be foregone over the life of the instrument, resulting in a lowered amortised cost than the outstanding principal. Interest is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement at a marginally higher effective rate of interest than the rate receivable from the third parties, with the difference serving to increase the amortised cost of the loan in the Balance Sheet. Statutory provisions require the impact of soft loans on the General Fund Balance is the interest receivable for the financial year – the reconciliation of amounts debited and credited to the Comprehensive Income and Expenditure Statement to the net gain required against the General Fund Balance is managed by a transfer to/from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made, the asset is written down and a charge made to the relevant service, for receivables specific to that service, or the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. The impairment loss is measured as the difference between the carrying amount

and the present value of the revised future cash flows discounted at the asset's original effective interest rate.

Any gains/losses that arise on the derecognition of an asset are credited/debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Available-for-Sale Assets

Available-for-Sale assets are recognised on the Balance Sheet when the Council becomes a party to the contractual provisions of a financial instrument and are initially measured and carried at cost. Where a fair value of those assets that do not form part of the Group Accounts can be determined, the carrying value of the asset is adjusted to the fair value. Where a fair value cannot be measured reliably, the asset is carried at cost less any impairment losses. Where the asset has fixed or determinable payments, annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the amortised cost of the asset multiplied by the effective rate of interest for the instrument. Where there are no fixed or determinable payments, income is credited to the Comprehensive Income and Expenditure Statement when it becomes receivable by the Council.

Where it is possible to determine a fair value of an asset, they are based on:

- Instruments with quoted market prices – the market price;
- Other instruments with fixed and determinable payments – discounted cash flow analysis;
- Equity shares with no quoted market price – appraisal of company valuations.

The inputs to the measurement techniques are categorised in accordance with the following three levels:

- Level 1 inputs – quoted prices (unadjusted) in active markets for identical assets that the Council can access at the measurement date
- Level 2 inputs – inputs other than quoted prices included within Level 1 that are observable for the asset, either directly or indirectly
- Level 3 inputs – unobservable inputs for the asset.

Changes in fair value are balanced by an entry in the Available-for-Sale Reserves and the gain/loss is recognised in the Surplus/Deficit on Revaluation of Available-for-Sale Financial Assets. The exception is where impairment losses have been incurred – these are debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, along with any net gain/loss for the asset accumulated in the Available-for-Sale Reserve.

Where assets are identified as impaired because of a likelihood arising from a past event that payments due under the contract will not be made (fixed or determinable payments) or fair value falls below cost, the asset is written down and a charge made to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement. If the asset has fixed or determinable payments, the impairment loss is measured as the difference between the carrying amount and the present value of the revised future cash flows discounted at the asset's original effective interest rate. Otherwise the impairment loss is measured as any shortfall of fair value against the acquisition cost of the instrument (net of any principal repayment and amortisation).

Any gains/losses that arise on the derecognition of the asset are credited/debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement, along with any accumulated gains/losses previously recognised in the Available-for-Sale Reserve.

Instruments Entered Into Before 1 April 2006

The Council entered into a number of financial guarantees that are not required to be accounted for as financial instruments. These guarantees are reflected in the Statement of Accounts to the extent that provisions might be required or a contingent liability note is needed under the policies set out in the section on Provisions, Contingent Liabilities and Contingent Assets.

xx. Cash and Cash Equivalents

Cash and Cash Equivalents are represented by cash in hand and deposits with financial institutions, which must be repayable immediately without penalty. Any deposits with financial institutions that may be repaid after the immediate day are considered to be investments, not cash equivalents.

In the Cash Flow Statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand, where there are pooling arrangements across the accounts with the same institution, and form an integral part of the Council's cash management.

xxi. Inventories and Long Term Contracts

Inventories are included on the balance sheet at the latest price. This valuation method does not comply with IAS 2, *Inventories* which requires stocks to be valued at the lower of cost and net realisable value. However the effect of this is not considered material to the accounts. For trading activities the amount recognised in the appropriate revenue accounts for contract work in progress is the payments received and receivable, less related costs. The amount at which contract work in progress is included in the balance sheet is cost plus any attributable profit, less any foreseeable losses.

xxii. Provisions, Contingent Liabilities and Contingent Assets

Provisions

Provisions are made where an event has taken place that gives the Council a legal or constructive obligation that probably requires settlement by a transfer of economic benefits or service potential, and a reliable estimate can be made of the amount of the obligation. For example, the Council may be involved in a court case that could eventually result in the making of a settlement or the payment of compensation.

Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Council becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties. Provisions are not discounted to their value at current prices unless material.

When payments are eventually made, they are charged to the provision carried in the Balance Sheet. Estimated settlements are reviewed at the end of each financial year –

where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service.

Where some or all of the payment required to settle a provision is expected to be recovered from another party (for example, from an insurance claim), this is only recognised as income for the relevant service if it is virtually certain that reimbursement will be received if the Council settles the obligation.

Provision for Back Pay Arising from Equal Pay Claims

The Council has made a provision for the costs of back pay arising from claims made under the Equal Pay Act 1970, as amended by the Equal Pay Act (Amendment) Regulations 2003. The Council bases the estimate of its provision on the expected costs of settlement for claims received up to the point of production of its financial statements.

The Council has received capitalisation directions to support an element of the provision made. However, statutory arrangements allow settlements to be financed from the General Fund and Housing Revenue Account in the year that the payments actually take place, not when the provision is established. The additional provision made above the capitalisation directions given is, therefore, balanced by an Equal Pay Back Pay Account created from amounts credited to the General Fund and Housing Revenue Account balances in the year that the provision was made or modified. The balance on the Equal Pay Back Pay Account will be debited back to the General Fund and Housing Revenue Account balances through the Movement in Reserves Statement in future financial years as payments are made.

Contingent Liabilities

A contingent liability arises where an event has taken place that gives the Council a possible obligation that will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources will be required or the amount of the obligation cannot be measured reliably.

Contingent liabilities are not recognised in the Balance Sheet but disclosed in Note 33 to the accounts.

Contingent Assets

A contingent asset arises where an event has taken place that gives the Council a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Council.

Contingent assets are not recognised in the Balance Sheet but disclosed in Note 33 to the accounts where it is probable that there will be an inflow of economic benefits or service potential.

xxiii. Reserves

The Council sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts out of the General Fund Balance in the Movement in Reserves Statement. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year to score against the

Surplus/Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement. The reserve is then appropriated back into the General Fund Balance through the Movement in Reserves Statement so that there is no net charge against Council Tax for the expenditure.

Certain reserves are kept to manage the accounting processes for non-current assets, financial instruments, retirement and employee benefits and do not represent usable resources for the Council – these reserves are explained in the relevant policies.

Contributions from Developers, paid under section 106 of the Town and Country Planning Acts 1990, are shown on the Balance Sheet as either Grant Reserves or Capital Grants Unapplied. Where these monies are invested externally, the sums invested are shown under short term investments.

xxiv. Council Tax and National Non-Domestic Rates

Billing authorities are required by statute to maintain a separate fund (the Collection Fund) for the collection and distribution of amounts due in respect of Council Tax and National Non-Domestic Rates. The Fund's key features relevant to the accounting for Council Tax and National Non-Domestic Rates in the core financial statements are:

- In its capacity as a Billing Authority the Council acts as an agent, collecting and distributing Council Tax on behalf of the major preceptors and as principal for itself;
- While the Council Tax and National Non-Domestic Rates income for the year credited to the Collection Fund is the accrued income for the year, regulations determine when it should be released from the Collection Fund and transferred to the Council's General Fund, or paid out from the Collection Fund to the major preceptors. The amount credited to the General Fund under statute is the Council's demand on the Fund for that year, plus/(less) the Council's share of any surplus/(deficit) on the Collection Fund for the previous year. This amount may be more or less than the accrued income for the year in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015/16.

Comprehensive Income and Expenditure Statement

The Council Tax and National Non-Domestic Rates income included in the Comprehensive Income and Expenditure Statement is the Council's share of accrued income for the year. The difference between the income included in the Comprehensive Income and Expenditure Statement and the amount required by regulation to be credited to the General Fund is taken to the Collection Fund Adjustment Account and included as a reconciling item in the Movement in Reserves Statement. In addition, that part of National Non-Domestic Rates retained as the cost of collection allowance under regulation is treated as the Council's income and appears in the Comprehensive and Income Expenditure Statement as are any costs added to National Non-Domestic Rates in respect of recovery action.

Balance Sheet

Since the collection of Council Tax and National Non-Domestic Rates are in substance agency arrangements, any year end balances relating to arrears, impairment allowances for doubtful debts, overpayment and prepayments are apportioned between the major preceptors and the Council by the creation of a debtor/creditor relationship. Similarly, the cash collected by the Council belongs proportionately to itself and the major preceptors. There will, therefore, be a debtor/creditor position between the Council and the major

preceptors since the cash paid to the latter in the year will not be equal to their share of the total cash collected. If the net cash paid to the major preceptors in the year is more than their proportionate share of the cash collected the Council will recognise a debit adjustment for the amount overpaid. Conversely, if the cash paid to the major preceptors in the year is less than their proportionate share of the amount collected then the Council will recognise a credit adjustment for the amount underpaid.

Cash Flow Statement

The Council's Cash Flow Statement includes in 'Operating Activities' cash flows only its own share of the Council Tax and National Non-Domestic Rates collected during the year, and the amount included for precepts paid excludes amounts paid to the major preceptors. In addition that part of National Non-Domestic Rates retained as the cost of collection allowance under regulation appears in the Council's Cash Flow Statement. The difference between the major preceptors' share of the cash collected and that paid to them as precepts and settlement of the previous year's surplus or deficit on the Collection Fund, is included as a net increase/decrease in cash and cash equivalents.

xxv. Business Improvement Districts

In accordance with the provisions of the Business Improvement District Regulations 2004 a ballot of local businesses within specific areas of the City has resulted in the creation of distinct Business Improvement Districts. Business ratepayers in these areas pay a levy in addition to the National Non Domestic Rate to fund a range of specified additional services which are provided by specific companies set up for the purpose.

In line with Code guidance the Council has determined that it acts as agent to the Business Improvement District authorities and therefore neither the proceeds of the levy nor the payment to the Business Improvement District Company are shown in the Council's accounts.

xxvi. Events After the Reporting Period

Events after the Balance Sheet date are those material events, both favourable and adverse, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified:

- Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events;
- Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.

Events taking place after the date of Audit Committee adoption of the accounts are not reflected in the Statement of Accounts.

xxvii. Jointly Controlled Operations and Jointly Controlled Assets

Jointly controlled operations are activities undertaken by the Council in conjunction with other ventures that involve the use of the assets and resources of the venturers rather than the establishment of a separate entity. The Council recognises on its Balance Sheet the

assets it controls and the liabilities it incurs, and debits and credits the Comprehensive Income and Expenditure Statement with the expenditure it incurs and the share of income it earns from the activity of the operation.

Jointly controlled assets are items of property, plant or equipment that are jointly controlled by the Council and other venturers, with the assets being used to obtain benefits for the venturers. The joint venture does not involve the establishment of a separate entity. The Council accounts for only its share of the jointly controlled assets, the liabilities and the expenses that it incurs on its own behalf or jointly with others in respect of its interest in the joint venture and income that it earns from the venture.

xxviii. Council Acting as Agent

The Council does not include transactions which relate to its role in acting as an agent on behalf of other bodies. In such cases the Council is acting as an intermediary and does not have exposure to significant risks and rewards from the activities being undertaken.

xxix. Value Added Tax

Value Added Tax payable is included as an expense only to the extent that it is not recoverable from Her Majesty's Revenue and Customs. Value Added Tax receivable is excluded from income.

xxx. Foreign Currency Translation

Where the Council has entered into a transaction denominated in a foreign currency, the transaction is converted into sterling at the exchange rate applicable on the date the transaction was effected. Where amounts in foreign currency are outstanding at the year-end, they are reconverted at the spot exchange rate at 31 March. Resulting gains or losses are recognised in the Financing Income and Expenditure line in the Comprehensive Income and Expenditure Statement.

Note 2**Accounting Standards That Have Been Issued but Have Not Yet Been Adopted**

Impact of the adoption of new standards on the 2015/16 financial statements

The Council is required to disclose information relating to the impact of the accounting change on the financial statements as a result of the adoption by the Code of a new or amended standard that has been issued, but is not yet required to be adopted by the Council. For these financial statements the relevant standards are detailed:

- Amendments to IAS 19, Employee Benefits (Defined Benefit Plans: Employee Contributions)
- Amendment to IFRS 11, Joint Arrangements (Accounting for Acquisitions of Interests in Joint Operations)
- Amendment to IAS 16, Property, Plant and Equipment (Clarification of Acceptable Methods of Depreciation)
- Amendment to IAS 38, Intangible Assets (Clarification of Acceptable Methods of Amortisation)
- Amendment to IAS 1 Presentation of Financial Statements (Disclosure Initiative)
- Annual Improvements to IFRSs 2010 – 2012 Cycle
- Annual Improvements to IFRSs 2012 – 2014 Cycle

An assessment of the updates to the accounting standards indicates that the changes are not expected to have a material impact on the Council's Statement of Accounts.

Note 3**Critical Judgements in Applying Accounting Policies**

In applying the accounting policies set out in Note 1, the Council has had to make certain judgements in respect of complex transactions or those transactions involving uncertainty about future events. The critical judgements made in the Statement of Accounts are:

Going Concern

The Council is continuing to face financial challenges as a result of the ongoing reduction in central government support and the need to fund budget pressures, including those arising from equal pay claims. The Council has developed its medium to long term financial strategy, detailed in the Council Business Plan 2016+, and is meeting these budget challenges by developing multi-year savings plans and through the generation of capital receipts. The Council has successfully delivered significant savings plans previously and has appropriate contingency plans in place to provide protection against any timing differences in the generation of capital receipts or any shortfall in the delivery of savings plans. As such the Council has identified that it has general fund balances and can redesignate earmarked reserves to meet the shortfall or it can delay the timing of MRP contributions and equal pay settlements. On this basis, the Council considers that it can continue to meet its liabilities as they fall due and the financial statements have been prepared on a going concern basis.

The Council also considers that the savings plans are robust and that there is no indication that the Council might need to impair its assets as a result of a need to close facilities and reduce levels of service provision.

Schools

The Council has assessed the legal framework underlying each type of school and determined the treatment of non-current assets within the financial statements on the basis of whether it owns or has some responsibility for control over or benefit from the service potential of the premises and land occupied. The Council has considered its accounting arrangements for each school, on a case by case basis, under the terms of:

- IAS 16, *Property, Plant and Equipment*
- IAS 17, *Leases*
- IFRIC 4, *Determining whether an Arrangement Contains a Lease*; and
- LAAP Bulletin 101, *Accounting for Non-Current Assets Used by Local Authority Maintained Schools*

The Council has determined that, within its Balance Sheet, for:

- Community Schools - all land and buildings should be recognised;
- Voluntary Controlled, Voluntary Aided and Foundation Schools - all buildings should be recognised and that land should be recognised where the Council can demonstrate that it has control over the asset through restrictive covenants within site deeds or there is reasonable evidence that restrictive covenants are in place;
- Academy Schools - no non-current assets should be recognised as they maintain their own financial records.

Local authority maintained schools, as independent entities, have responsibility for the management of their own resources. However, as their transactions are consolidated into the Council's financial statements, the Council has reviewed their activity to ensure consistency of accounting treatment. The Council has identified activity incurred as revenue expenditure by local authority maintained schools, which under the Council's policies would be considered to be capital expenditure. The Council has, therefore, treated expenditure which it can reasonably identify as being capital in nature as capital expenditure financed from revenue, which is then depreciated over an average useful economic life. Where it is not clear whether expenditure incurred relates specifically to capital, it has been left in revenue expenditure.

Whilst the Council is required to report the transactions of local authority maintained schools within its entity financial statements, it has not included details of employees of Voluntary Aided and Foundation Trust schools in Note 45, Officers' Remuneration as they are employed by the relevant governing body.

The table below shows the number and type of schools within Birmingham at 31 March 2016.

Type of School	Primary	Secondary	Nursery	Special	Pupil Referral Unit	Total
Community	139	14	27	21	1	202
Voluntary Controlled	7	-	-	-	-	7
Voluntary Aided	56	9	-	-	-	65
Foundation Trust	9	8	-	3	-	20
Academy (formerly Council school)	88	44	-	3	-	135
Academy (not formerly Council school)	1	11	-	-	-	12
Total	300	86	27	27	1	441

Where a school proposes to transfer to Academy Status, the Council will continue to retain any asset subject to transfer on the basis of its last revaluation, which maintains both the asset value and the anticipated useful life until the date of transfer. The Council has taken the view that any asset transferring will continue, on the basis of the permitted use within the lease agreements, to be used for the provision of education services thus supporting the Council's statutory obligation for the provision of education. On transfer to an Academy, assets are derecognised in the Council's financial statements for nil consideration.

Specialist Assets

The Council includes the value of assets on the Balance Sheet in line with its accounting policy set out in section xi. of Note 1. However, the Council has a number of assets that it considers to be specialist assets for which an Existing Use Value, defined as the estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's length transaction, cannot be determined. This is because the assets are considered to be specialist in nature or are rarely sold. In such circumstances, the Code allows the use of Depreciated Replacement Cost as the basis of valuation.

Leases

Leases are categorised between operating and finance leases according to management judgement on the basis of relevant accounting standards, with the premise that long term land leases, typically greater than 110 years, and long term building leases, typically greater than 50 years, are accounted for on the basis of finance leases.

The Better Care Fund

The Better Care Fund was announced in June 2013 with the intention to drive the transformation of local services and was to be operated through pooled budget arrangements between the Council and local Clinical Commissioning Groups. Specific resources were earmarked for the Better Care Fund by NHS England in its allocation to Clinical Commissioning Groups. The remainder of the fund was made up of the Social Care Capital Grant and the Disabled Facilities Grant which was paid to local authorities.

In accounting for the pooled resources:

- Activity where funding was received and expended under the control of Clinical Commissioning Groups has been accounted for in their accounts
- Activity where funding was received and expended under the control of the Council has been accounted for in its accounts
- Activity where funding was under joint control has been accounted for on the basis of the share of each organisation.

Further details on the Better Care Fund are provided in Note 48, Related Parties.

The Council acting as Agent

The Council acts as agent for a range of funding resources. In its role as agent, resources are not included in the Council's financial statements. Two of the largest schemes are identified below:

- Growing Places Fund
- Regional Growth Fund - Advanced Manufacturing Supply Chain Initiative

These resources are under the control of the Greater Birmingham and Solihull Local Enterprise Partnership with decisions taken by impartial and independent Investment Boards and Committees. All governance processes are overseen by the Council.

Whilst the Council has received the funding, it is on the basis of an Accountable Body to ensure that resources are spent in compliance with the grant offer letters. Decisions in respect of the use of funds are not in the hands of the Council. The Council can only obtain use of the resources as a recipient of the normal resource allocation process.

Given the basis of control, the Council has determined that it acts as agent rather than principal for these resources which are, therefore, not included in the Council's financial statements.

Details of the Council's role as agent for external resources are included in Note 49 to these financial statements.

Note 4

Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the Council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates.

The items in the Council's Balance Sheet at 31 March 2016 for which there is a significant risk of material adjustment in the forthcoming financial year are as follows:

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Property, Plant and Equipment Valuations	<p>Valuations are undertaken on the basis of a five year rolling programme, which is supplemented by annual reviews to reflect significant changes in market values. HRA assets are subject to a full revaluation every five years, following DCLG guidance, with a desk top review in the intervening years.</p> <p>The valuation of specialist assets using Depreciated Replacement Cost includes the use of building cost factors. For those assets not valued in year, updated building factors have been applied to estimate carrying values at 31 March.</p>	<p>For those assets not valued this year, an increase of 1% in the average valuation of assets that have not been amended for a variation in building indices would have the effect of increasing the carrying value of these assets by £7.7m, with a corresponding increase in the level of unusable reserves.</p>
Heritage Asset Valuations (Museums' and Libraries' Archive Collections)	<p>In the absence of recent transactions in a number of assets held in the Museum and Libraries Collections, the Council has used the associated insurance valuations as the most reasonable measure of value of the assets.</p>	<p>If the value of the assets were to vary from the insurance valuations by 1%, this would change the carrying value of Heritage Assets on the Balance Sheet by £2.3m with a corresponding adjustment in the Revaluation Reserve.</p>

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
Investment Property and Surplus Assets Valuations	<p>When the fair value of Investment Properties and Surplus Assets cannot be measured based on quoted prices in active markets (that is, Level 1 inputs) their fair value is measured using Level 2 inputs, quoted prices for similar assets in active markets at the balance sheet date.</p> <p>Where possible the inputs are based on observable data, but where this is not possible, judgement is required to establish fair value. These judgements include consideration of risk and uncertainty, and changes in these assumptions could affect the fair value of the Council's assets.</p> <p>Where Level 1 inputs are not available the Council uses the expertise of Birmingham Property Services within the Council to provide valuations completed in accordance with the methodologies set out in the professional standards of the Royal Institution of Chartered Surveyors</p>	<p>The Council uses a variety of techniques when valuing its investment and surplus properties under IFRS 13.</p> <p>The unobservable inputs used in the fair value measurement include management assumptions on future commercial potential, occupancy levels etc.</p> <p>Significant changes in any of the unobservable inputs could result in a variation in the fair value measurement of these assets. An increase of 1% in the valuation of investment properties and surplus assets would increase the carrying values on the balance sheet by £0.2m.</p>
Measure of financial instrument fair values	The Council has assessed the fair value of some of its financial investments by using the present value of future cashflows discounted at market rates.	Given the complex nature of the underlying assumptions and the uncertainty regarding future market rates, the fair value is the best estimate that can be made. A 1% change in long term interest rates would result in a £2.2m change in the fair value of the Council's financial investments.
Long term obligations under, for example, PFI schemes	For service concessions, the fair value of the long term obligations has been based on financial models, including future assumptions on inflation and interest rates.	The financial models assume an inflation rate of 2.5% If the annual inflation rate was to increase to 3.5% each year of the contracts, this would result in an increase in running costs of £29.2m in 2016/17, and a further £410m over the remaining lives of the contracts.
Equal Pay	The Council has included a provision of £310.1m for the settlement of claims for back pay arising from the Equal Pay initiative. The Council has based its estimate on the number of claims received and on historic information on settlement of similar claims and on the current negotiations with claimants' representatives.	An increase of 1% in the average level of settlement would have the effect of increasing the provision required by £3.1m.

Item	Uncertainties	Effect if Actual Results Differ from Assumptions
NNDR Appeals	An estimate of the impact of NNDR appeals has been based on the number of claims lodged and the experience of levels of success in settlement of those claims.	An increase of 1% in the average level of settlement would have the effect of £6.4m on the provision set aside.
Defined Benefit Pension Liability	The estimate for the Local Government Pension Scheme has been based on the latest actuarial valuation and transaction information from 2015/16	A number of factors can impact on the valuation of the scheme liability. A sensitivity analysis of the factors is set out in more detail in Note 11 of these financial statements

Note 5
Events After the Reporting Period

The Statement of Accounts was authorised for issue by the Strategic Director – Finance & Legal on 22 June 2016. Events taking place after this date are not reflected in the financial statements or notes. Where events taking place before this date provided information about conditions existing at 31 March 2016, the figures in the financial statements and notes have been adjusted in all material respects to reflect the impact of this information.

Transfer of Academy Schools

Academy Schools are not accounted for within the Council's financial statements. Where a school transfers to Academy status, it is deemed to be disposed of within the financial statements for nil consideration. Between 1 April 2016 and 31 May 2016, 3 schools, with assets having a net book value of £10.2m, have transferred to Academy School Trust status. A further 18 schools, with assets having a net book value of £131.3m have announced their proposals to transfer to Academy School Trust status.

Transfer of Council Services

On 24 May 2016, the Council announced its intention to consider a move to a new model of delivery of children's services through a voluntary trust. The Council is in the third year of its agreed improvement plan and the move to a voluntary trust is the next possible step on the plan. A formal decision will need to be taken by Cabinet in due course.

Future Resource Allocations

The Council faces reducing Government grants, reducing capital receipts and lower income from services. These pose challenges to the financial resilience of the Council. In this context, the Council's Business Plan 2016+ sets out medium to long-term strategies for business changes and the management and development of its services. A key focus of business planning has been the achievement of the Council's priority outcomes through the adoption of a core set of corporate principles to inform service and organisational redesign where appropriate. The Council is planning to meet its anticipated expenditure reductions through a number of activities, including potential staff redundancies in 2016/17.

Combined Authority

The West Midlands Combined Authority was established by statutory instrument under the Local Democracy, Economic Development and Construction Act 2009 on 17 June 2016. The Combined Authority consists of the seven local metropolitan authorities in the West Midlands as constituent members, a number of local authorities as non-constituent members and three Local Enterprise Partnerships.

A directly elected mayor from May 2017 will act as Chair to the Combined Authority. The Mayor and the Combined Authority will have clear designated powers.

Sutton Coldfield Parish Council

The creation of the Sutton Coldfield Parish Council will enable new ways of delivering local services and for people to engage in their local community. Elections to the Parish Council were held on 5 May 2016.

Other Events

There were no other significant events after the reporting period.

Note 6**Adjustments Between Accounting Basis and Funding Basis Under Regulations**

This note details the adjustments that are made to the total comprehensive income and expenditure recognised by the Council in the year in accordance with proper accounting practice to the resources that are specified by statutory provisions as being available to the Council to meet future capital and revenue expenditure.

The following sets out a description of the reserves that the adjustments are made against.

General Fund Balance

The General Fund is the statutory fund into which all the receipts of the Council are required to be paid into and out of which all liabilities of the Council are to be met, except to the extent that statutory rules might provide otherwise. These rules can also specify the financial year in which liabilities and payments should impact on the General Fund Balance, which is not necessarily in accordance with proper accounting practice. The General Fund Balance therefore summarises the resources that the Council is statutorily empowered to spend on its services or on capital investment (or the deficit of resources that the Council is required to recover) at the end of the financial year. However, the balance is not available to be applied to funding Housing Revenue Account (HRA) services.

Housing Revenue Account Balance

The Housing Revenue Account Balance reflects the statutory obligation to maintain a revenue account for local authority council housing provision in accordance with Part VI of the Local Government and Housing Act 1989. It contains the balance of income and expenditure as defined by the 1989 Act that is available to fund future expenditure in connection with the Council's landlord function or, where in deficit, that is required to be recovered from tenants in future years.

Major Repairs Reserve

The Council is required to maintain the Major Repairs Reserve (MRR), which controls an element of the capital resources limited to being used on capital expenditure on HRA assets or the financing of historical capital expenditure by the HRA. The balance on the reserve shows the resources that have yet to be applied at the year-end.

Capital Receipts Reserve

The Capital Receipts Reserve holds the proceeds from the disposal of land or other assets, which are restricted by statute from being used other than to fund new capital expenditure or to be set aside to finance historical capital expenditure. The balance on the reserve shows the resources that have yet to be applied for these purposes at the year-end.

Capital Grants Unapplied

The Capital Grants Unapplied reserve holds the grants and contributions received towards capital projects for which the Council has met or is expected to meet the conditions that would otherwise require repayment of the monies but which have yet to be applied to meet expenditure. The balance is restricted by grant terms as to the capital expenditure against which it can be applied and/or the financial year in which this can take place.

2015/16	General Fund Balance £m	Housing Revenue Account £m	Capital Receipts Reserve £m	Major Repairs Reserve £m	Capital Grants Unapplied £m
Adjustments to Revenue Resources					
Adjustments by which income and expenditure included in the comprehensive Income and Expenditure Statement are different from revenue for the year calculated in accordance with statutory requirements:					
Pension costs (transferred to/from the Pensions Reserve)	53.1	2.2	-	-	-
Financial Instruments (transferred to/from the Financial Instruments Adjustments Account)	(0.3)	-	-	-	-

Note 7**Transfers To/(From) Earmarked Reserves**

This note sets out the amounts set aside from the General Fund Balances in earmarked reserves to provide financing for future expenditure plans and the amounts posted back from earmarked reserves to meet General Fund expenditure in 2015/16.

	Balance at 31 March 2014	Transfers Out 2014/15	Transfers In 2014/15	Balance at 31 March 2015	Transfers Out 2015/16	Transfers In 2015/16	Balance at 31 March 2016
	£m	£m	£m	£m	£m	£m	£m
Earmarked Reserves	181.2	(120.7)	76.3	136.8	(83.1)	134.2	187.9
Grant Related Reserves	96.1	(41.5)	90.1	144.7	(61.0)	54.2	137.9
Schools Reserves	71.0	(13.1)	8.1	66.0	(5.4)	2.9	63.5
General Fund Balances	348.3	(175.3)	174.5	347.5	(149.5)	191.3	389.3

Further details of the usable balances available to the Council, including earmarked reserves, are shown in Note 8 of these financial statements.

Note 8**Usable Reserves**

Details of the major reserves held by the Council are detailed below. Further information on the movements in reserves is shown in the Movement in Reserves Statement and Note 6.

Usable Reserves	Balance at 31 March 2015	Transfers out 2015/16	Transfers In 2015/16	Balance at 31 March 2016
	£m	£m	£m	£m
Insurance Fund	12.3	(3.9)	-	8.4
Highways PFI Earmarked Reserve	8.1	(3.2)	0.3	5.2
Sums set aside to finance Capital Expenditure	51.1	(30.4)	60.1	80.8
Treasury Management Reserve	6.9	(1.6)	0.9	6.2
Adult Education Reserve	0.5	-	-	0.5
Supporting People	2.0	(0.6)	-	1.4
Housing Benefit Subsidy Reserve	6.7	(2.6)	4.7	8.8
Local Welfare Reserve	6.6	(6.6)	0.8	0.8
Cyclical Maintenance Reserve	0.8	-	2.6	3.4
Equipment Renewal Reserve	1.2	-	3.0	4.2
Support to the Business Plan	20.5	(16.2)	16.9	21.2
Management Capacity for Change	8.5	(8.5)	6.9	6.9
Education Capitalisation Reserve	6.0	(6.0)	-	-
Other Earmarked Reserves	5.6	(3.5)	38.0	40.1
Total Earmarked Reserves	136.8	(83.1)	134.2	187.9

Section 256 Grant from the NHS	17.9	(9.6)	6.5	14.8
Public Health	17.1	(12.0)	2.1	7.2
Troubled Families Grant	3.5	(3.5)	-	-
Highways PFI Grant	57.6	(13.5)	30.9	75.0
Weekly Collection Support Scheme	9.1	(9.1)	0.3	0.3
Non-Schools' DSG	12.6	(5.4)	-	7.2
Other Grant Reserves	26.9	(7.9)	14.4	33.4
Total Revenue Grant Reserves	144.7	(61.0)	54.2	137.9
Schools' Balances	66.0	(5.4)	2.9	63.5
General Fund Balances	137.8	(31.3)	4.4	110.9
Housing Revenue Account	4.5	-	0.1	4.6
HRA Major Repairs Reserve	15.8	(47.8)	37.8	5.8
Capital Receipts Reserve	16.2	(317.1)	613.0	312.1
Capital Grants Unapplied	104.2	(67.9)	36.7	73.0
Total Usable Reserves	626.0	(613.6)	883.3	895.7

Details of the major usable reserves are set out below.

Insurance Fund – the Council is sufficiently large to be able to self-insure against all but the most catastrophic business risks. A budget is held to cover insurance losses in year and the insurance fund exists to act as a buffer should losses exceed budgeted expectations in any given financial year. The fund increases in those years where losses incurred do not exceed the budget.

Highways PFI Earmarked Reserve – has been earmarked to support the Highways PFI Business Model.

Sums set aside to finance Capital Expenditure – has arisen from revenue contributions set aside to fund budgeted capital expenditure, Equal Pay settlements and associated costs in line with the Council's Capital Financing and Equal Pay funding plans.

Treasury Management Reserve – has been earmarked to manage uneven treasury costs arising from, for example, debt rescheduling activity or borrowing earlier than planned to take advantage of lower interest rates. The reserve is planned to be used over the next few years.

Adult Education Reserve – has been earmarked to fund future developments in respect of the service's asset strategy, investment in IT infrastructure and to safeguard against potential future years' grant funding reductions.

Supporting People Reserve – has arisen from the earlier delivery of savings from the mainstream Supporting People programme and has been earmarked to enable future savings targets to be delivered.

Housing Benefit Subsidy Reserve – has been earmarked as a contingency reserve should there be any adjustments to funding arising from the audit of grant claims.

Local Welfare Reserve – has been earmarked for the continuation of the scheme into 2016/17 when Central Government funding ceases.

Cyclical Maintenance Reserve – has been earmarked to fund major maintenance work on the Council's assets including the Library of Birmingham.

Equipment Renewal Reserve – has been earmarked to fund equipment renewal for bus lane enforcement.

Support to the Business Plan Reserve – has been earmarked to support one off efficiencies and delivery of savings in future years as identified in the Business Plan 2016+.

Management Capacity for Change Reserve – the net underspend identified on corporate accounts has been set aside for future year contingencies.

Education Capitalisation Reserve – had been earmarked to support the revised methodology on financial management in schools in 2015/16.

Other Earmarked Reserves – there are a large number of small value reserves which cover a wide range of services that have been set aside to support future years' service delivery.

Grant Reserves – relate to the unused element of grant support for which the conditions of the grant are expected to be met or for which there are no conditions of grant. The reserves will be used to meet future years' expenditure for the service for which the grant was awarded.

Schools' Balances - are the net cumulative balances held by the local authority maintained schools which, under national school funding regulations, the schools are entitled to retain for unexpected commitments and/or for planned school curriculum/infrastructure improvements and investment.

General Fund Balances – reflect the accumulated surpluses of income over expenditure from previous years and any resources set aside as general contingency against adverse future events. General Fund Balances have reduced by £26.9m to £110.9m, which primarily results from the planned utilisation of funds set aside for organisational transition, used to deliver the transformational change of the future Council.

Housing Revenue Account – the HRA is a statutory account, ringfenced from the rest of Council funds, so that rents charged to tenants in respect of dwellings cannot be subsidised from Council Tax. The balances on the HRA reflect the accumulated surpluses of income over expenditure.

HRA Major Repairs Reserve – the Council is required by The Accounts and Audit Regulations 2015 to maintain the Major Repairs Reserve. The reserve controls an element of the capital resources required to be used on HRA assets or for capital financing purposes.

Capital Receipts Reserve – reflects the income received from the disposal of capital assets prior to being used to fund future capital expenditure or for the redemption of debt. Capital receipts cannot be used to fund revenue expenditure except where allowed by statute, for example, to meet costs of Equal Pay.

Capital Grants Unapplied – reflect the unused element of capital grants or capital contributions awarded to the Council, for which the conditions of the grant support are expected to be met or for which there are no conditions. The reserve will be used to meet future years' capital expenditure.

Note 9 Unusable Reserves

The following table shows the value of reserve balances that have come about as a result of accounting adjustments and are not therefore available to spend.

31 March 2015		31 March 2016
£m		£m
743.8	Revaluation Reserve	975.6
0.8	Available for Sale Financial Instruments Reserve	0.2
271.4	Capital Adjustment Account	(241.5)
(29.7)	Financial Instruments Adjustment Account	(27.9)
(2,293.6)	Pensions Reserve	(2,087.7)
50.1	Deferred Capital Receipts Reserve	30.0
(13.8)	Collection Fund Adjustment Account	(22.9)
(561.3)	Equal Pay Back Pay Account	(299.6)
(21.6)	Accumulated Absences Account	(16.9)
(1,854.0)	Total Unusable Reserves	(1,690.7)

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Council arising from increases in the value of its Property, Plant, Furniture and Equipment, and Heritage Assets. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2014/15			2015/16	
£m	£m		£m	£m
	797.8	Balance at 1 April		743.8

Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non-current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account is debited with the cost of acquisition, construction or enhancement as depreciation, impairment losses and amortisations are charged to the Comprehensive Income and Expenditure Statement (with reconciling postings from the Revaluation Reserve to convert fair value figures to a historical cost basis). The Account is credited with the amounts set aside by the Council as finance for the costs of acquisition, construction and enhancement.

The Account contains accumulated gains where recognised on Donated Assets that have yet to be consumed by the Council.

The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

Note 6 provides details of the source of all the transactions posted to the Account, apart from those involving the Revaluation Reserve.

Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions. The Council uses this account to manage premia paid and discounts received on the early redemption of loans and the recognised losses on loans advanced at less than a commercial interest rate. These values are debited or credited to the Comprehensive Income and Expenditure Statement when they are incurred, but reversed out of the General Fund Balance to the Account in the Movement in Reserves Statement. Over time, these values are posted back to the General Fund Balance in accordance with statutory arrangements for spreading the burden on Council Tax. For premia and discounts, this period is the unexpired term that was outstanding on the loans when they were redeemed.

2014/15			2015/16	
£m	£m		£m	£m
	(31.3)	Balance at 1 April		(29.7)

1.6		Proportion of premia incurred in previous financial years to be charged against the General Fund Balance in accordance with statutory requirements	1.8	
	1.6	Amount by which finance costs charged to the Comprehensive Income and Expenditure Statement are different from finance costs chargeable in the year in accordance with statutory requirements		1.8
	(29.7)	Balance at 31 March		(27.9)

Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions. The Council accounts for post employment benefits in the Comprehensive Income and Expenditure Statement as the benefits are earned by employees accruing years of service, updating the liabilities recognised to reflect inflation, changing assumptions and investment returns on any resources set aside to meet the costs. However, statutory arrangements require benefits earned to be financed as the Council makes employer's contributions to pension funds or eventually pays any pensions for which it is directly responsible. The debit balance on the Pensions Reserve therefore shows a substantial shortfall in the benefits earned by past and current employees and the resources the Council has set aside to meet them. The statutory arrangements will ensure that funding will have been set aside by the time the benefits come to be paid.

The net decrease in the pension liability in 2015/16 is mainly due to the increase in the rate for discounting scheme liabilities, from 3.2% to 3.6%, which is based on high-quality corporate bond yields, resulting in a decrease in the present value of liabilities.

2014/15 £m		2015/16 £m
(1,804.6)	Balance at 1 April	(2,293.6)
(423.1)	Remeasurement of the net defined benefit liability	261.2
(169.5)	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the Comprehensive Income and Expenditure Statement	(165.0)
103.6	Employer's pensions contributions and direct payments to retirees payable in the year	109.7
(2,293.6)	Balance at 31 March	(2,087.7)

Deferred Capital Receipts

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Council does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

2014/15 £m		2015/16 £m
40.3	Balance at 1 April	50.1
(0.4)	Transfer of deferred sale proceeds credited to the General Fund under capital finance regulations	(10.4)
12.2	Transfer of deferred sale proceeds credited as part of the gain/loss on disposal to the Comprehensive Income and Expenditure Statement	2.3
(2.0)	Transfer to the Capital Receipts Reserve upon receipt of cash	(12.0)
50.1	Balance at 31 March	30.0

Collection Fund Adjustment Account

The Collection Fund Adjustment Account manages the differences arising from the recognition of Council Tax and National Non-Domestic Rates income in the Comprehensive Income and Expenditure Statement as it falls due from Council Tax and National Non-Domestic Rates payers compared with the statutory arrangements for paying across amounts to the General Fund from the Collection Fund.

2014/15 £m		2015/16 £m
(19.8)	Balance at 1 April	(13.8)

-	Accumulated gains/(losses) on assets sold and maturing assets written out to the Comprehensive Income and Expenditure Statement as part of Other Investment Income	0.1
0.8	Balance at 31 March	0.2

Equal Pay Back Pay Account

The Equal Pay Back Pay Account compensates for the differences between the rate at which the Council provides for the potential costs of back pay settlements in relation to Equal Pay cases and the ability under statutory provisions to defer the impact on the General Fund Balance until such time as cash might be paid out to claimants.

2014/15 £m		2015/16 £m
(636.7)	Balance at 1 April	(561.3)
(7.9)	(Increase)/reduction in provision for back pay in relation to Equal Pay cases	58.7
83.3	Cash settlements paid in the year	203.0
75.4	Amount by which amounts charged for Equal Pay claims to the Comprehensive Income and Expenditure Statement are different from the cost of settlements chargeable in the year in accordance with statutory requirements	261.7
(561.3)	Balance at 31 March	(299.6)

Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the General Fund Balance from accruing for compensated absences earned but not taken in the year e.g. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the General Fund Balance is neutralised by transfers to or from the Account.

2014/15 £m		2015/16 £m
(20.8)	Balance at 1 April	(21.6)
(0.9)	Settlement or cancellation of accrual made at the end of the preceding year	4.7

(0.8)	Amount by which officer remuneration charged to the Comprehensive Income and Expenditure Statement on an accruals basis is different from remuneration chargeable in the year in accordance with statutory requirements	4.7
(21.6)	Balance at 31 March	(16.9)

Note 10**Pension Schemes Accounted for as Defined Contribution Schemes**Teachers' Pension Scheme

Teachers employed by the Council are members of the Teachers' Pension Scheme, administered by Capita Teachers' Pensions on behalf of the Department for Education. The scheme provides teachers with specified benefits upon their retirement, and the Council contributes towards the costs by making contributions based on a percentage of members' pensionable salaries.

The Scheme is a multi-employer defined benefit scheme. The scheme is unfunded and the Department for Education uses a notional fund as the basis for calculating the employers' contribution rate paid by local authorities. Valuations of the notional fund are undertaken every four years.

The scheme has in excess of 3,700 participating employers and consequently the Council is not able to identify its share of the underlying financial position and performance of the Scheme with sufficient reliability for accounting purposes. For the purposes of this Statement of Accounts, it is therefore accounted for on the same basis as a defined contribution scheme.

In 2015/16, the Council paid £37.0m (2014/15: £36.9m) to the Teachers' Pensions Scheme in respect of teachers' retirement benefits, representing 14.1% from April to August and 16.48% from September to March (2014/15: 14.1%) of pensionable pay. There were no contributions remaining payable at the year-end. The contributions due to be paid in the 2016/17 financial year are estimated to be £39.3m on the basis of employer contributions of 16.48%.

The Council is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms of the Teachers' Pension Scheme. These costs are accounted for on a defined benefit basis and detailed in Note 11.

The Council is not liable to the scheme for any other entities' obligations under the plan.

NHS Pension Scheme

Staff who joined the Council on the transfer of Public Health responsibilities from the National Health Service on 1 April 2014 to the Council were members of the NHS Pension Scheme. The scheme provides its members with specified benefits upon their retirement

and the Council has taken responsibility for making contributions based on a percentage of members' pensionable salaries.

The scheme is a multi-employer defined benefit scheme covering NHS employers, GP practices and other bodies allowed under the direction of the Secretary of State in England and Wales. The scheme is unfunded and is not designed to be run in a way that would enable member organisations to identify their share of the underlying assets and liabilities. Actuarial valuations of the scheme are undertaken every four years with a valuation of the scheme liability carried out on an annual basis by the scheme actuary through an update of the result of the full actuarial valuation. For the purposes of this Statement of Accounts, the scheme is accounted for on the same basis as a defined contribution scheme.

In 2015/16, the Council paid £0.2m (2014/15: £0.2m) to the NHS Pension Scheme in respect of employees' retirement benefits, representing 14.3% (2014/15: 14.0%) of pensionable pay. There were no contributions remaining payable at the year-end. The contributions due to be paid in the 2016/17 financial year are estimated to be £0.2m on the basis of an employer contribution rate of 14.3%.

The Council is responsible for the costs of any additional benefits awarded upon early retirement outside of the terms of the NHS Pension Scheme. These costs are accounted for on a defined benefit basis and detailed in Note 11.

The Council is not liable to the scheme for any other entities' obligations under the plan.

Note 11

Defined Benefit Pension Schemes

Participation in Pension Schemes

As part of the terms and conditions of employment of its officers, the Council makes contributions towards the cost of post-employment benefits. Although these benefits will not actually be payable until employees retire, the Council has a commitment to make the payments, which needs to be disclosed at the time that employees earn their future entitlement.

The Council participates in two post-employment schemes accounted for as defined benefit schemes:

- The Local Government Pension Scheme, administered locally by the West Midlands Pension Fund office at Wolverhampton City Council – this is a funded defined benefit career average salary scheme for benefits accrued since 1 April 2014, meaning that the Council and employees pay contributions into a fund, calculated at a level intended to balance the pensions liabilities with investment assets. Benefits accrued to 31 March 2014 are based on final salary. An employer's contribution rate of 12.9% was set for the Council for 2015/16 (2014/15: 12.3%), plus an additional payment of £41.9m (2014/15: £40.1m) to fund the pension deficit in respect of past service costs.
- Arrangements for the award of discretionary post-retirement benefits upon early retirement – this is an unfunded defined benefit arrangement, under which liabilities are recognised when awards are made. However, there are no investment assets built up to meet these pensions liabilities, and cash has to be generated to meet actual pension payments as they eventually fall due.

The pension scheme is operated under the regulatory framework for the Local Government Pension Scheme and the governance of the scheme is the responsibility of the Pensions Committee of Wolverhampton City Council. Policy is determined in accordance with the Pensions Fund Regulations.

The principal risks to the Council of the scheme are:

- the longevity assumptions
- statutory changes to the scheme
- structural changes to the scheme (for example, large-scale withdrawals)
- changes to inflation
- bond yields, and
- the performance of the equity investments held by the scheme.

These risks are mitigated, to a certain extent, by the statutory requirements to charge to the General Fund and the Housing Revenue Account the amounts required by statute as described in Note 1, Accounting Policies.

Transactions relating to Post-employment benefits

The Council recognises the cost of retirement benefits in the reported Cost of Services when they are earned by employees, rather than when the benefits are eventually paid as pensions. However, the charge the Council is required to make against Council Tax is based on the cash payable in the year, so the real cost of post-employment/retirement benefits is reversed out of the General Fund and Housing Revenue Account via the Movement in Reserves Statement. The table below shows the transactions that have been made in the Comprehensive Income and Expenditure Statement and the General Fund Balance via the Movement in Reserves Statement during the year.

	Local Government Pension Scheme		Discretionary Benefits Arrangements	
	2014/15 £m	2015/16 £m	2014/15 £m	2015/16 £m

Basis for estimating assets and liabilities

Liabilities for both the Local Government Pension Scheme and the unfunded Teachers' Pension Scheme have been assessed by Barnett Waddingham, an independent firm of actuaries. The assessment has been on an actuarial basis using the projected unit method, an estimate of the pensions that will have to be paid in future years dependent on assumptions about mortality rates, salary levels etc. The estimates for the Local Government Pension Scheme have been based on the latest full valuation of the scheme as at 31 March 2014. The principal assumptions used by the actuary have been:

Assumptions	Local Government Pension Scheme		Discretionary Benefits	
	2014/15	2015/16	2014/15	2015/16
Mortality assumptions:				
Longevity at 65 for current pensioners:				
Men (years)	23.0	23.0	23.0	23.0
Women (years)	25.6	25.7	25.6	25.7
Longevity at 65 for future pensioners retiring in 20 years:				
Men (years)	25.2	25.3	n/a	n/a
Women (years)	28.0	28.0	n/a	n/a
Rate of CPI inflation	2.0%	2.0%	2.0%	2.0%
Rate of increase in salaries	3.8%	3.8%	n/a	n/a
Rate of increase in pensions	2.0%	2.0%	2.0%	2.0%
Rate for discounting of scheme liabilities	3.2%	3.6%	3.1%	2.5%

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions set out in the table above. The sensitivity analyses below have been determined based on reasonably possible changes to the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, it is unlikely that isolated changes occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, that is, on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

	Impact on the Defined Benefit Obligation in the Scheme		
	Change in assumption	Impact on Council Liability	Impact on Council Deficit
	£m	%	%
Longevity assumptions (increase by 1 year)	161.5	3.1	7.9
Pension increase assumptions (increase by 0.1%)	81.8	1.5	3.9
Salary increase limited to 1% for further 4 years	(94.7)	(1.8)	(4.5)
Discount scheme liability assumptions (increase by 0.1%)	(91.0)	(1.7)	(4.4)

Impact on the Council's Cash Flows

The objectives of the scheme are to keep employers' contributions at as constant a rate as possible. The Council has agreed a strategy with the scheme's actuary to achieve a funding level of 100% over the next 20 years. Funding levels are monitored on an annual basis. The next triennial valuation will be carried out as at 31 March 2016 and will set contributions for the period for 1 April 2017 to 31 March 2020.

The Council expects to pay £99.8m of contributions to the scheme in 2016/17 on the basis of an equivalent employer's contribution rate of 13.4%, plus an additional payment of £43.7m to fund the pension deficit in respect of past service costs.

Note 12

Material Items of Income and Expense and Acquired Operations

The substantial improvements to New Street Station have been managed with Network Rail in two elements, namely, New Street Gateway and Grand Central. Grand Central opened to the public on 24 September 2015. During 2015/16, the Council disposed of its head leasehold interest in the shopping centre and the Comprehensive Income and Expenditure Statement includes a payment of £72.9m which is Network Rail's share of the receipt.

From 1 October 2015, the Council took over responsibility from NHS England for planning and paying for public health services for babies and children up to 5 years old. These services include health visiting and the Family Nurse Partnership programme. In 2015/16, the City Council received additional grant of £11.2m from the Department of Health in respect of these services.

Note 13

Other Operating Expenditure

Other Operating Expenditure disclosed in the Comprehensive Income and Expenditure Statement comprises the following:

2014/15	2015/16
£m	£m
0.1 Parish Council Precepts	-
3.8 Enterprise Zone Growth Payment	5.5
54.5 Integrated Transport Authority Levy	51.6
0.3 Environment Agency Levy	0.3
5.7 Payments re: Housing Capital Receipt Pool (Gains)/Losses on the Disposal of non current assets	6.6
73.1	40.2
137.5 Total	104.2

Note 14 Financing and Investment Income and Expenditure

Financing and Investment Income and Expenditure disclosed in the Comprehensive Income and Expenditure Statement comprises the following:

2014/15				2015/16

Further information on grant income received is provided in Note 17.

Note 16 Trading Operations

Trading operations are those activities where the service manager is required to operate in a commercial environment and balance their budget by generating income from other parts of the Council or other organisations. In 2015/16, the Council reviewed its trading units to ensure that the trading activities reported continued to meet the criteria detailed above.

The internal trading expenditure and income is incorporated within the relevant service line in the Comprehensive Income and Expenditure Statement. External trading income and expenditure is identified in Note 14, Financing and Investment Income and Expenditure. Details of units with significant trading activity are as follows.

2014/15			2015/16

Details of Trading Activities

Cityserve (Direct Services)

Cityserve provides facilities management (catering and cleaning) to schools and Community Day Nurseries. It also provides a mobile caretaking service.

Catering has become more complex and challenging in complying with the government's mandatory Nutritional Standards for School Food. Cityserve is committed to a compliant and nutritious provision in each school. Due to the diverse nature of the pupil base across the city the provision in each school is tailored to the pupil profile.

Cleaning services are provided in all types of education establishments including primary, secondary, nursery schools and children's centres. The main aim of the service is to provide a safe and healthy environment for the pupils/children and staff by achieving and maintaining high standards of cleaning in all establishments.

The Mobile Caretaking Service completes a range of duties to cover sickness, holiday or where there is a vacancy.

Trade Refuse

Trade Refuse offers a competitive waste management service to businesses and provides Containers and Skips, Prepaid Sacks, Hire of Equipment and Special Collection.

Birmingham Parks and Nurseries

Birmingham Parks and Nurseries is responsible for the maintenance of all of the Council's parks and open spaces, as well as the floral displays that have helped to promote the City over the years. In addition, it looks after all of the 'green' maintenance of Council estates, highway verges, traffic islands, schools, residential care homes, cemeteries and crematoria, playing fields, allotments and children's outdoor playgrounds.

Pest Control

The pest control service provides treatment to commercial properties for rats, mice, insect control including wasps, fleas and ants and control of squirrels and pigeons. Rat pest control services are free for domestic users.

Procurement Services

In addition to providing the Council's in house procurement service, schools may choose to utilise the procurement service and are charged for work undertaken.

Schools' Human Resources

Schools have a choice in deciding who will support them with a Human Resources function. The School's Human Resources team have won competitive contracts to provide a range of schools with this function.

Central Payroll

In addition to providing the Council's payroll service, contracts have been won to provide payroll services to academies, further education colleges and other external bodies.

Birmingham City Laboratories

Birmingham City Laboratories transferred to Acivico, a wholly owned subsidiary of the Council, with effect from 1 April 2015.

Catering

Catering transferred to Acivico, a wholly owned subsidiary of the Council with effect from 1 April 2015.

Other

Other trading activities include Shelforce and Schools' Management. Shelforce is part of the Council's employment support services to registered disabled people and through the direct employment of registered disabled people in the manufacture of PVCu windows and doors.

Note 17

Grant Income

The Council credited the following grants, contributions and donations to the Comprehensive Income and Expenditure Statement. The changes introduced in the Local Government Finance Act 2012 mean that the Council now retains a proportion of the National Non-Domestic Rate generated in its area rather than receiving it as a grant from Government.

2014/15		2015/16
£m		£m
	Credited to Taxation and Non Specific Grant Income

21.1	Total Capital Grants funding Revenue Expenditure Under Statute	22.6
89.0	Total Capital Grants Received	126.3

All Capital Grants received are either non-conditional or the conditions have been met, therefore there are no entries to the Capital Grants Receipts in Advance Account for 2015/16. The Capital Grants received have been credited to the Taxation and Non Specific Grant Income line on the Comprehensive Income and Expenditure Statement except where the grant is used to finance Revenue Expenditure funded from Capital under Statute (REFCUS).

Note 18 Dedicated Schools Grant

The Council's expenditure on schools is funded primarily by grant monies provided by the Education Funding Agency (EFA) through the Dedicated Schools Grant (DSG). An element of DSG is recouped by the EFA to fund academy schools in Birmingham. DSG is ringfenced and can only be applied to meet expenditure properly included in the Schools Budget, as defined in the School Finance and Early Years (England) Regulations 2014. The Schools Budget includes elements for a range of educational services provided on an authority-wide basis and for the Individual Schools Budget (ISB), which is divided into a budget share for each maintained school.

Details of the deployment of DSG receivable for 2015/16 are as follows:

	Central Expenditure £m	Individual Schools Budget £m	Total £m
Final DSG for 2015/16 before academy recoupment	106.1	968.9	1,075.0
Academy figure recouped for 2015/16	-	(365.6)	(365.6)
Total DSG after Academy recoupment for 2015/16	106.1	603.3	709.4
Plus: Brought forward from 2014/15	12.6	-	12.6
Less: Carry forward to 2016/17 agreed in advance	-	-	-
Agreed initial budgeted distribution in 2015/16	118.7	603.3	722.0

Less Actual Central Expenditure	(107.7)		(107.7)
Less Actual ISB deployed to schools		(609.5)	(609.5)
Plus: Council contribution for 2015/16	-	-	-
Carry forward to 2016/17	7.2	-	7.2

Note 19**Amounts Reported for Resource Allocation Decisions (Segmental Analysis)**

The analysis of income and expenditure by service on the face of the Comprehensive Income and Expenditure Statement is that specified by the Service Reporting Code of Practice (SeRCOP). However, decisions about resource allocation are taken by the Council's Cabinet on the basis of regular revenue monitoring reports analysed across service areas. These reports are prepared on a different basis from the accounting policies used in the financial statements. In particular:

- charges made in relation to capital expenditure may differ as revaluation and impairment losses in excess of the balance on the Revaluation Reserve and amortisations are charged to services in the Comprehensive Income and Expenditure Statement but typically not charged against service budgets during the year;
- the cost of retirement benefits is based on cash flows (payment of employer's pensions contributions) rather than current service cost of benefits accrued in the year

Net expenditure underlying the variance analysis reported to Cabinet in the corporate Revenue Outturn report was as follows:

2014/15				2015/16		
Gross Expenditure	Gross Income	Net Expenditure	Directorate	Gross Expenditure	Gross Income	Net Expenditure
£m	£m	£m		£m	£m	£m
1,874.7	(1,302.0)	572.7	People	1,889.9	(1,334.3)	555.6

Revaluations

Operational (other than Housing):

The Council carries out valuations of its property assets over a five year cycle and reviews those assets that are not in the valuation cycle for the year to ensure that carrying values remain materially correct at the Balance Sheet date. Peter Jones, Fellow of the Royal Institution of Chartered Surveyors (FRICS), Director of Property and other similarly qualified staff in Birmingham Property Services, Economy Directorate, carried out the valuations. A Valuation Certificate was issued on 8 June 2016 in accordance with the Appraisal and Valuation Standards of the Royal Institution of Chartered Surveyors.

The effective date of the current year's valuation was 1 April 2015, with a review of any significant changes to assets during the year to ensure that any material changes in asset values at the Balance Sheet date were identified. The review concluded that, for assets valued at Depreciated Replacement Cost (DRC), there had been a significant increase in building costs during the year to 31 March 2016. As a result, the valuations reflect these higher building costs. During the annual revaluation exercise material assets were componentised in line with the accounting policy.

In light of the identified increase in building costs used to inform DRC valuations, a review was undertaken to assess the impact on the value of those assets not subject to revaluation in 2015/16. As a result, a desktop exercise was undertaken to update those values in the Balance Sheet, reflecting a more up to date value as at 31 March 2016.

Housing:

The entire housing stock was valued as at 1 April 2015 by Peter Jones FRICS, and similarly qualified staff in Birmingham Property Services, according to the Department of Communities and Local Government 'Stock Valuation for Resource Accounting - Guidance for Valuers 2010'. The valuation was on the basis of Existing Use Value for Social Housing using sample "Beacon Properties" and a Valuation Certificate was issued in accordance with the Appraisal and Valuation Standards of the Royal Institution of Chartered Surveyors. The valuation was reviewed for any significant changes to assets during the year to ensure that any material changes in asset values at the Balance Sheet date were identified.

Infrastructure and Community Assets:

Infrastructure assets are valued at depreciated historic cost, with the amount of outstanding debt as at 31 March 1994, when a new system of capital accounting was introduced, used as a proxy for the opening balance of historic cost with adjustments for subsequent capital expenditure and depreciation. Community assets are valued at historic cost.

Investment Property:

The Council has one asset where it is anticipated that the major return from holding it will be through capital appreciation in the value of the site.

Surplus Assets

A small number of assets have been deemed surplus to the requirement of the Council but do not yet meet the criteria to be classified as Assets Held for Sale. As such they have been reclassified as surplus assets, and revalued at 31 March 2016 at fair value, assessing the assets in their highest and best use, using Level 2 inputs.

Recurring Fair Value Measurements	Input level in Fair Value Hierarchy	Valuation technique used to measure Fair Value	31 March 2015 Fair Value (EUV) £m	31 March 2016 Fair Value £m
Highest and Best Use	Level 2	The fair value of surplus properties has been measured using a market approach, which takes into account quoted prices for similar assets in active markets, existing lease terms and rentals, research into market evidence including market yields, the covenant strength for existing tenants, and data and market knowledge gained in managing the Council's Property Portfolio. Market conditions are such that similar properties are actively purchased and sold and the level of observable inputs is significant, leading to the properties being categorised as level 2 on the fair value hierarchy.	0.4	7.4

An analysis of the valuations, by class of asset, broken down by the basis and date of formal valuation is set out on the following table.

	Council dwellings	Other land and buildings	Vehicles, plant, furniture & equipment	Infrastructure assets	Community assets	Surplus Assets	Assets under construction	Total Property, Plant and Equipment
	£m	£m	£m	£m	£m	£m	£m	£m
Carried at Historical Cost			198.4	541.0	92.7		94.6	926.7
Valued at fair value as at:								
31 March 2016	1,778.0	1,633.3				7.4		3,418.7
31 March 2015		276.4						276.4
31 March 2014		151.6						151.6
31 March 2013		117.4						117.4
31 March 2012		223.6						223.6
Total cost or valuation	1,778.0	2,402.3	198.4	541.0	92.7	7.4	94.6	5,114.4

Impairment:

An impairment of £73.3m (2014/15: £106.0m) was made to the carrying value of HRA dwellings to reflect the fact that capital expenditure on HRA dwellings did not add equivalent value. Details are included in Note H3 of the Supplementary Statements.

Capital Commitments

At 31 March 2016, the Council has entered into a number of contracts for the construction or enhancement of Property, Plant and Equipment in 2016/17 and future years budgeted to cost £1,028.0m. Similar commitments at 31 March 2015 were £1,081.0m. The major commitments are:

	£m
PFI lifecycle costs	638.2
Paradise Circus Enterprise Zone	57.7
Corporate IT Investment	47.0
Revenue Reform Projects	38.0
Swimming Pools – New Build	37.9
Additional School Places	32.1
New Build Housing	31.2
Wholesale Market	29.5
High Speed Rail College	24.0
Metro Extension	14.0
Longbridge Connectivity	5.2
Other projects < £5m	73.2

Capitalisation of Borrowing Costs

The Council has adopted an accounting policy of capitalising borrowing costs in relation to qualifying assets. In 2015/16 the amount of borrowing costs capitalised during the period was £6.3m (2014/15: £5.5m). The interest does not relate to a specific loan and was calculated using the Council's average borrowing rate in the year expenditure was incurred. This was 4.92% in 2015/16 (2014/15: 4.70%). For 2015/16, interest capitalised by scheme was as follows:

	£m
Enterprise Zone	0.6
Wholesale Market	0.3
Southside Grand Central	5.4

Note 21 Investment Property

Details of the Council's Investment Property are detailed below:

	2014/15 £m	2015/16 £m
Cost or Valuation		
At 1 April	-	10.8
Revaluation increases/ (decreases) recognised in the Surplus/Deficit on the Provision of Services	-	(0.8)
Other movements in cost or valuation	10.8	-
At 31 March	10.8	10.0

Recurring Fair Value Measurement	Input Level in Fair Value Hierarchy	Valuation Technique used to measure Fair Value	31 March 2015 Fair value £m	31 March 2016 Fair Value £m
Highest and Best Use	Level 2	The fair value of investment property has been measured using a market approach, which takes into account quoted prices for similar assets in active markets, and data and market knowledge gained in managing the Council's property portfolio.	10.8	10.0

The Council's investment property has been valued at 31 March 2016 in accordance with the methodologies and bases for estimation set out in the professional standards of the Royal Institution of Chartered Surveyors. The asset was valued by Peter Jones (FRICS), Director of Property.

Note 22

Heritage Assets

Heritage Assets are identified as those which are considered to have historical, artistic, scientific, technological, geophysical or environmental qualities and that are held and maintained principally for their contribution to knowledge and culture.

Heritage Assets Held By the Council:

	Museum collections	Historic buildings	Public Art	Libraries and Archive collections	Civic Regalia and Plate	Total Assets
	£m	£m	£m	£m	£m	£m
01 April 2014						
- At Cost	3.6	11.1	0.4	-	-	15.1
- At Valuation	213.3	-	-	15.5	1.8	230.6
Revaluations	0.4	-	-	-	-	0.4
31 March 2015	217.3	11.1	0.4	15.5	1.8	246.1
- At Cost	3.6	11.1	0.4	-	-	15.1
- At Valuation	213.7	-	-	15.5	1.8	231.0
31 March 2015	217.3	11.1	0.4	15.5	1.8	246.1
01 April 2015						
- At Cost	3.6	11.1	0.4	-	-	15.1
- At Valuation	213.7	-	-	15.5	1.8	231.0
Additions	-	-	0.1	-	-	0.1
Revaluations	0.7	-	-	2.9	-	3.6
Depreciation	-	-	-	-	-	-
31 March 2016	218.0	11.1	0.5	18.4	1.8	249.8
- At Cost	3.7	11.1	0.5	-	-	15.3
- At Valuation	214.3	-	-	18.4	1.8	234.5
31 March 2016	218.0	11.1	0.5	18.4	1.8	249.8

The Council has significant collections of assets that contribute towards the rich and diverse heritage of the City, reflecting two thousand years of historic development, across Museums, Historic Buildings, Public Art, Libraries and Civic collections.

Where historic cost information is available, the Council has used this when compiling the balance sheet; otherwise insurance valuations have been used, where applicable. Where there is evidence of a movement in valuations as a result of material acquisitions or disposals, or a significant movement in comparable market values, a revaluation will be considered. The Council estimated that, from its insurance records, the value of the Library collection was £15.5m, the Museum's collection was £212.4m and the Civic Regalia was £1.8m as at 1 April 2011. The valuation of the Libraries and Archive collection has now increased to £18.4m as at 31 March 2016.

Museum Collections

The Council holds collections of artworks, ceramics, jewellery and items of archaeological and scientific significance. The vast majority of the Museums Loan collection is held within the Birmingham Museum and Art Gallery, which holds one of the finest collections of art, history and science in the UK and the best collection of Pre-Raphaelite works in the world. The collection itself includes a number of highly valued items including works of art in oil by the 19th Century artist Ford Madox Brown, together with substantial works by Burne-Jones, Holman Hunt, Bellini and Canaletto amongst others. There have been some significant

additions to the collections, in particular the Staffordshire Hoard, the largest hoard of Anglo-Saxon gold and silver metalwork yet found. There are significant exhibits and artwork comprising the Permanent Collection on display in community museums, for example Aston Hall and Soho House, together with items held in storage at the Museum's Collection Centre. In addition there is a collection of Boulton silverware, a set of 24 pieces in silver jointly owned by the Council and the Birmingham Assay Office.

The Birmingham Museums Trust has acquired a number of items from various sources during 2015/16, most notably a large collection of assets acquired through the Contemporary Art Society Special collection scheme, including artworks, silverware, ceramics and sculpture.

Historic Buildings and the Historic Environment

The Council either owns or holds on trust in excess of 150 listed buildings and structures, with Grade I and Grade II properties being the most significant. These include Aston Hall, a Grade I listed Jacobean manor house completed in 1635, Blakesley Hall, an Elizabethan timber house built by a local merchant in 1590 and Soho House, home of Birmingham industrialist and entrepreneur Matthew Boulton, all of which are included as Heritage Assets.

Public Art

The Council owns over 80 pieces of public art, including statues, sculpture and fountains, some of which are listed structures. Victoria Square fountain and King Edward VII statue are included in the balance sheet as reliable information is available for these works of art. In 2015/16 additional expenditure was incurred on the Victoria Square Fountain and a minor addition to the public art portfolio.

Libraries and Archive Collections

The Library of Birmingham is unique amongst UK public libraries for the range and depth of the collections it houses. The library houses a large photography collection including those of pioneers Francis Frith and Sir Benjamin Stone. The Council also holds over 6,000 archive collections including major collections of national importance, such as those relating to the industrial innovators James Watt and Matthew Boulton. In addition there are significant collections of early and fine printing, incorporating over 8,000 books printed before 1701, and an extensive collection of literature and rare books, these latterly including Audobon's 19th Century work, *The Birds of America*, and one of the world's most comprehensive Shakespeare collections.

Civic Regalia and Plate

The Council owns 233 items of civic regalia and plate, kept either on display, in storage or used on ceremonial and other formal occasions. There is a large variety of items within the collection, the main ones being the City of Birmingham and the Sutton Coldfield Mayoral chains and the respective Maces. The City of Birmingham Mace was cast in silver, in the late 19th Century, by Elkington and Co.

The Council has developed a Heritage Strategy, which provides a framework and context for how it preserves, manages, interprets and promotes the Council's Heritage Assets, and how they are taken forward during the 21st Century. This is supported by a more detailed collecting policy within the Museums service, which informs the Council's policy on acquisition, management and disposal, together with Documentation and Conservation policies, which details how the service manages and cares for the collections. These are all

available on the Council's website, or via the relevant service area. Both Libraries and Museums use database systems to manage their collections.

Access to heritage assets is interpreted through permanent displays of historic material, temporary exhibitions and events, publications, catalogues and digital and web-based resources. In addition the Museum's Collection Centre schedules occasional open days, allowing public access to some of the Museum's stored historical artefacts. For the wider historic environment guided tours, printed leaflets and publications, heritage trails and interpretive panels are effective in enabling intellectual access.

Birmingham Museums Trust has been created, to promote heritage within Birmingham, with the aims of advancing education through the operation, maintenance, development and promotion of museums, galleries and libraries in Birmingham. The Council continues to retain ownership of the buildings and collections.

Note 23 Intangible Assets

The Council accounts for its software as intangible assets, to the extent that the software is not an integral part of a particular IT system and accounted for as part of the hardware item of Property, Plant, Furniture and Equipment.

The carrying amount of intangible assets is amortised on a straight-line basis over a five year period, which is deemed to be the period that intangible assets are expected to be of use to the Council.

The movement on intangible asset balances during the year is as follows:

	2014/15			2015/16		
	Internally Generated Assets £m	Other Assets £m	Total £m	Internally Generated Assets £m	Other Assets £m	Total £m
Balance at start of year:						
- Gross carrying amounts	-	126.2	126.2	-	111.1	111.1
- Accumulated amortisation	-	(76.9)	(76.9)	-	(82.7)	(82.7)
Net carrying amount at start of year	-	49.3	49.3	-	28.4	28.4
Additions:						
- Internal development	-	4.8	4.8	-	4.5	4.5
Other disposals	-	(19.9)	(19.9)	-	(74.2)	(74.2)
Amortisation for the period	-	(25.7)	(25.7)	-	(7.5)	(7.5)
Amortisation written out for disposals/transfers	-	19.9	19.9	-	74.2	74.2
Other changes	-	-	-	-	0.2	0.2
Net carrying amount at end of year	-	28.4	28.4	-	25.6	25.6
Comprising:						
Gross carrying amounts	-	111.1	111.1	-	41.6	41.6
Accumulated amortisation	-	(82.7)	(82.7)	-	(16.0)	(16.0)
	-	28.4	28.4	-	25.6	25.6

Note 24 Long Term Investments

Details of the Council's long term investments are summarised below:

31 March 2015		31 March 2016
£m		£m
26.5	Investment in subsidiary and associated companies	92.7
5.3	Available for Sale Financial Assets	5.5
0.3	Unquoted Equity Investment at Cost	0.3
32.1	Total	98.5

Note 25 Long Term Debtors

The table below shows amounts owed to the Council that are due for repayment more than 12 months after the Balance Sheet date. These balances have been split by type of debt.

31 March 2015		31 March 2016
£m		£m
37.6	External Loans	45.2
0.7	Employee loans	0.8
0.3	Mortgages: former Council House tenants	0.3
39.0	Other debtors	28.7
77.6	Total	75.0

Note 26 Short Term Investments

Details of the amounts invested by the Council that are due for repayment within 12 months of the Balance Sheet date are detailed below. The Other Investments for 2014/15 included those loans to the NEC that formed part of the disposal transaction.

31 March 2015		31 March 2016
£m		£m
53.6	Money Market Funds	43.0
20.2	Financial Institutions	15.8
192.4	Other Investments	-
266.2	Total	58.8

Note 27**Assets Held for Sale**

The following table shows the value of assets whose carrying amount will be recovered principally through a sale transaction rather than through its continuing use.

	Current	
	2014/15	2015/16
	£m	£m
Balance outstanding at start of year	11.8	68.8
Assets newly classified as held for sale:		
- Property, plant and equipment	68.5	3.3
Revaluation gains	1.4	-
Impairments (losses)/reversals	(1.1)	(0.1)
Assets declassified as held for sale:		
- Property, plant and equipment	(5.2)	-
Assets sold	(6.5)	(67.8)
Other Movements	(0.1)	-
Balance outstanding at year end	68.8	4.2

In 2015/16, 6 assets have been reclassified as held for sale, with disposal expected in 2016/17.

If a programme of asset sales is undertaken the value of capital receipts may differ from the value of the assets within these financial statements for a number of reasons:

- The Council values a number of assets at 'fair value'. The size of a receipt from the sale of an asset is heavily dependent on how much the market is willing to pay for a particular asset at any one time and this can fluctuate
- In line with the Code, the Council values some of its assets at Depreciated Replacement Cost (DRC). This includes those associated with the entities that are consolidated into the Group Accounts. Typically, where assets are valued at DRC it is likely that the asset values in the accounts will be higher than those the open market is willing to pay.

The potential difference in values cannot be quantified as those assets which may be disposed of may change and a 'fair' market valuation cannot be quantified with any accuracy. Given the size of the assets on the Council's Balance Sheet the sale of a small percentage of these could still result in a material difference.

Note 28 Short-Term Debtors

The table below shows amounts owed to the council at the end of the year that are due for repayment within 12 months. These balances have been split by type of organisation.

31 March 2015		31 March 2016
£m		£m
62.4	Central government bodies	48.6
12.2	Other local authorities	19.7
9.7	NHS bodies	5.0
0.1	Public corporations and trading funds	1.7
227.3	Other entities and individuals	213.0
311.7	Total	288.0

Note 29 Cash and Cash Equivalents

The balance of Cash and Cash Equivalents is made up of the elements detailed below.

31 March 2015		31 March 2016
£m		£m
2.7	Cash held by the Council	2.9
35.0	Bank current accounts	63.5
(22.1)	Bank Overdrafts	(34.5)
15.6	Total	31.9

Note 30 Short Term Creditors

The table below shows amounts owed by the Council at the end of the year that are due for payment within 12 months, split by type of organisation.

31 March 2015		31 March 2016
£m		£m
(30.3)	Central government bodies	(40.3)
(5.7)	Other local authorities	(5.8)
(5.9)	NHS bodies	(3.8)
(33.6)	Public corporations and trading funds	(36.2)
(267.2)	Other entities and individuals	(237.3)
(342.7)	Total	(323.4)

Note 31 Long Term Creditors

The table below shows amounts owed by the Council at the end of the year that are due for payment more than 12 months after the balance sheet date.

31 March 2015		31 March 2016
£m		£m
(13.6)	Other entities and individuals	(1.8)
(13.6)	Total	(1.8)

Note 32 Provisions

The following table shows the value of the Council's liabilities that will probably result in a transfer of economic benefits in line with the Accounting Policy for Provisions:

	Current				Non-current			
	Equal Pay	Business Rates Appeals	Other Provisions	Total	Equal Pay	Business Rates Appeals	Other Provisions	Total
	£m	£m	£m	£m	£m	£m	£m	£m
Balance at 1 April 2015	303.4	14.4	14.7	332.5	258.2	7.3	-	265.5
Additional provisions made in 2015/16	0.5	19.4	5.0	24.9	-	1.4	7.6	9.0
Amounts used in 2015/16	(203.0)	(17.7)	(5.4)	(226.1)	-	-	-	-
Transfer between current and non-current provision	157.1	-	-	157.1	(157.1)	-	-	(157.1)
Unused amounts reversed in 2015/16	-	-	(5.1)	(5.1)	(49.0)	-	-	(49.0)
Unwinding of discounting in 2015/16	-	-	-	-	-	-	-	-
Balance at 31 March 2016	258.0	16.1	9.2	283.3	52.1	8.7	7.6	68.4
Balance at 1 April 2014	180.4	-	11.1	191.5	457.8	21.3	3.2	482.3

Equal Pay

Under the Equal Pay Act 1970, as amended by the Equal Pay Act (Amendment) Regulations 2003, employees are entitled to equal pay for equal work. The Council has received a number of claims under the Equal Pay Act and, as a result, has set aside a provision of £310.1m (2014/15: £561.6m) that incorporates the best estimate of all unpaid claims received to 29 February 2016. The provision will be subject to review during the period of the audit. The Council has developed a model to assess the likely costs of claims, gained through the history of claims settled to date. Furthermore, a significant proportion of claims received at 29 February 2016, which remain to be settled, are subject to a legal agreement that stipulates the conditions of settlement.

The Secretary of State for Communities and Local Government has issued regulations allowing Local Authorities to use capital receipts received on or after 1 April 2013 to meet

back payments associated with implementing the Equal Pay Act 1970. The Council has included both the capital and revenue impacts of equal pay claims in its long term financial plan, Business Plan 2016+.

National Non Domestic Rate Appeals (NNDR)

As a result of the change in the funding of Local Government in 2013/14, local authorities have assumed part of the liability for refunding NNDR payers who have successfully appealed against the rateable value of their properties in the rating list. This liability includes amounts that were collected in respect of both the current year and prior years.

The Council, as Billing Authority, is required to make a provision for this liability on behalf of the major preceptors and itself. These accounts include a provision of £24.8m (2014/15: £21.7m) set aside to cover the Council's share of the total estimated unpaid liability relating to the settlement of all appeals received up to 31 March 2016. The remaining share of the liability is attributable to Central Government and the West Midlands Fire and Rescue Authority. The Council has assessed the likely cost of settling appeals, based upon the history of appeals settled to date and details of those appeals that are still outstanding. The information used in this modelling has been provided by the Valuations Office Agency (VOA).

The Secretary of State for Communities and Local Government issued regulations allowing Local Authorities to spread the impact of accounting for their share of the backdated element of the appeals provision, based on the assessment made in 2013/14, up to a maximum of five years. The Council has opted to use this regulatory mitigation to spread the impact of the liability.

Other Provisions

Details of the major items included in other provisions are:

NEC – Pension Liability

The Council has set aside a provision of £7.6m to meet the potential additional contribution to NEC's defined benefit pension schemes which are closed to accrual of future benefits and which were transferred to PETPS (Birmingham) Limited, a wholly owned subsidiary of the Council, following the sale of the NEC Group. The Council has provided guarantees to the Trustees of the Fund and the Scheme to meet the current and future funding obligations that may arise in respect of the liabilities.

Equal Pay Legal Costs

The Council has set aside a provision for legal costs associated with the handling or defending of Equal Pay claims. The provision will be used when legal fees are agreed for each case and may be subject to assessment, the timing of which is uncertain. It is anticipated that this provision will be utilised fully by 31 March 2018.

Gateway/Grand Central

A provision of £2.3m from the rental income from the units within the former Pallasades Shopping Centre that will be required to fund future lease severance costs or other eligible costs associated with the redevelopment of New Street Station, as prescribed in the Master Agreement with Network Rail.

The Carbon Reduction Commitment

In 2016/17 the Council will have to purchase allowances as a result of mandatory participation in the Government's Carbon Reduction Commitment Energy Efficiency scheme (CRCEES). The quantity of allowances that will be purchased is dependent on the amount of energy used in properties that the Council occupies during 2015/16. In line with the recommended treatment by CIPFA, a provision for this cost has been made in the 2015/16 accounts based on the estimated energy consumed in 2015/16.

Note 33 **Contingent Liabilities and Contingent Assets**

Contingent Liabilities

These relate to pending legal or contractual claims not included in the accounts and guarantees given by the Council for repayment of loans taken out by certain associated companies. The Council currently has the following contingent liabilities:

1. The Council has an on-going Accountable Body role for a range of grant funding regimes, both historical and current, which include supporting programmes and projects under its direct control as well as managing Programmes involving wider Partnerships with external organisations.

Direct

For arrangements managed under its control, the Accountable Body function covers projects and programmes where the Council accesses European or Domestic grant support either for itself or on behalf of another organisation. In accepting this role the Council underwrites the financial performance and delivery of the activity along with compliance with funding regulations. Under this role there is, depending on the particular scheme, a potential liability to the Council arising from either non-delivery of outputs, claiming of ineligible expenditure or from the disposal of assets prior to any clawback liability expiring. The Council has quantified this potential liability at 31 March 2016 of £424.2m and identified future commitments of £2.6m.

Partnerships

Where the Council has accepted the Accountable Body role for grant funding, which involves a wider Partnership arrangement and management of the fund, for example Local Enterprise Partnership (LEP) or the Regional Growth Fund (RGF), the Council's grant liability exists if it is deemed that it has been "unreasonable" in discharging its responsibilities. The Council has quantified this potential liability at 31 March 2016 of £99.0m and identified future expenditure commitments of £837.8m.

To minimise the impact of any grant clawback liability for both Direct and Partnership Accountable Body type arrangements, the Council has put in place controls and mechanisms, such as legal agreements and charges over assets, and supports financial management with detailed expenditure verification and monitoring procedures.

2. The Council's final Housing Benefit claims for 2014/15 and 2015/16 are still being considered by the Department for Work and Pensions. There may be clawback of subsidy from the Council, above the level provided for in the accounts, which would reduce the level of benefit income shown and also reduce the General Fund balance carried forward.

3. Under the Equal Pay Act 1970, as amended by the Equal Pay Act (Amendment) Regulations 2003, employees are entitled to equal pay for work of equal value. The Council has received a number of claims under the Equal Pay Act and, as a result, has set aside a provision of £310.1m (31 March 2015: £561.6m) which incorporates all claims received and negotiations agreed to 29 February 2016.

Whilst the provision reflects the forecast impact of claims made to date, there remain a number of uncertainties regarding any additional liabilities that the Council may face. There are major uncertainties surrounding the volume and timing of future claims and the determination of any settlements. The Council has developed a robust medium to long term financial plan, set out in Business Plan 2016+, which recognises the impact of future spending and funding requirements. The Council has the ability to use capital receipts generated after 1 April 2013 to meet equal pay costs.

4. Local Authorities were entitled to charge, under Section 93(1) of the Local Government Act 2003 and subsequently the Local Authorities (Charges for Property Searches)(England) Regulations 2008, for personal searches of the Local Land Charges Register. However, these charges were contrary to the Environmental Information Regulations 2004 which states that Public Authorities (such as the Council) are not able to charge for access to environmental data, which includes information held on the Local Land Charges Register. Claims are being brought against Local Authorities for personal search fees charged between 1 January 2005 and August 2010. The potential liability to the Council is estimated to be up to £0.5m, reflecting the fact that litigation is well advanced.
5. The Council is facing a number of compensation claims from former employees and from service users. Currently the validity of any claims is being assessed.
6. The Council received insurance services from Municipal Mutual Insurance (MMI). Due to financial difficulties, MMI ceased trading in October 1993 and entered into a solvent run off. MMI entered into a Scheme of Arrangement with its creditors, namely the Councils which were owed claim settlements. The Scheme of Arrangement stated that MMI would be able to claw back any claim settlements paid on behalf of its creditors after 1 October 1993 if a solvent run off was not likely to be achieved.

Following a decision of the Supreme Court in March 2012 regarding Employers Liability Policy Trigger Litigation, MMI's liability in respect of asbestos related claims has substantially increased. As a result, the Scheme of Arrangement was enacted in 2014/15 and an Administrator has been appointed.

At present, the Administrator has announced a levy of 15% on claims paid since 1 October 1993 and the Council has incurred costs of £0.4m to cover its share together with a share, based on population, of the claims paid in respect of the former West Midlands County Council. The maximum remaining liability faced by the Council, less the payments already made, is £2.3m.

Contingent Assets

At 31 March 2016 the Council has identified the following material contingent asset.

1. The Council has been undertaking a review of its major contracts. It has identified that there have been payments made not in accordance with its interpretation of the full terms and conditions of the associated contracts. Through discussions with the

relevant contractors, the Council is investigating the potential for the recovery of overpayments. Given the current status of these discussions and their sensitivity, the Council does not consider that further disclosure would be in its best interests at this time.

Note 34 Council Borrowing

A breakdown of the Council's borrowings is summarised below:

2014/15			2015/16	
Long Term	Short Term		Long Term	Short Term
£m	£m		£m	£m
110.5	98.8	Lender's Option Borrower's Option (LOBO) loans	160.5	48.6
336.5	4.6	Local Bonds	410.5	13.5
2,221.0	55.5	Public Works Loan Board	2,200.9	100.8
-	444.9	Other Borrowing (mainly Other Local Authorities)	-	267.6
2,668.0	603.8	Total	2,771.9	430.5

Note 35 Cash Flow Statement - Operating Activities

The cash flows from operating activities include the following items:

2014/15		2015/16
£m		£m
(16.3)	Interest received	(9.9)
185.6	Interest paid	184.3
(6.2)	Dividends received	(20.8)
163.1		153.6

Note 36 Cash Flow Statement - Investing Activities

The cash flows from investing activities include the following:

2014/15		2015/16
£m		£m
(325.1)	Purchase of property, plant and equipment, investment property and intangible assets	(341.5)
(3,191.8)	Purchase of short-term and long-term investments	(3,289.0)
57.9	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	365.4
3,198.2	Proceeds from short-term and long-term investments	3,518.6
0.3	Other receipts from investing activities	0.6
(260.5)	Net cash flows from investing activities	254.1

Note 37**Cash Flow Statement - Financing Activities**

The cash flows from financing activities include the following:

2014/15		2015/16
£m		£m
67.1	Other receipts from financing activities	103.7
2,069.8	Cash receipts of short-term and long-term borrowing	1,054.3
(28.5)	Cash payments for the reduction of the outstanding liabilities relating to finance leases and on-balance sheet PFI contracts	(40.2)
(2,014.1)	Repayments of short-term and long-term borrowing	(1,211.8)
(2.7)	Other payments for financing activities	8.7
91.6	Net cash flows from financing activities	(85.3)

Note 38**Cash Flow – Other Adjustments**

The cash flow adjustments to the net surplus/deficit on the provision of services include:

2014/15		2015/16
£m		£m
144.8	Depreciation/Impairment charge	129.4
25.7	Amortisation of Intangible Assets	7.5
34.6	Amortisation of Financial Instruments	-
-	(Increase)/Decrease in investments	(67.2)
46.7	Revaluation of Non-Current Assets	54.8
140.9	Derecognition of Non-Current Assets	403.0
(82.8)	(Increase)/Decrease in Debtors	26.3
58.9	Increase/(Decrease) in Creditors	48.3
-	(Increase)/Decrease in Inventories	(0.3)
(75.9)	Increase/(Decrease) in Provisions	(246.2)
65.8	Pensions Liability	55.4
358.7		411.0

The cash flow adjustments included in the net surplus/deficit on the provision of services that are investing or financing activities include:

2014/15		2015/16
£m		£m
(67.1)	Capital Grants	(103.7)
(58.2)	Capital Receipts	(365.9)
2.7	Council Tax and NNDR Adjustments	(8.7)
(122.6)		(478.3)

Note 39 Financial Instruments

Categories of Financial Instruments

The following categories of financial instrument are carried in the Balance Sheet.

	Long Term		Current	
	31 March 2015	31 March 2016	31 March 2015	31 March 2016
	£m	£m	£m	£m
<u>Investments</u>				
Loans and receivables	-	-	266.2	58.8
Available-for-sale financial assets	5.3	5.5	-	-
Unquoted equity investment at cost	0.3	0.3	-	-
Financial assets at fair value through profit and loss	-	-	-	-
Total	5.6	5.8	266.2	58.8
<i>Investments that are not financial instruments</i>	26.5	92.7	-	-
Total investments	32.1	98.5	266.2	58.8
<u>Debtors</u>				
Loans and receivables	38.3	46.0	5.2	3.7
Financial assets carried at contract amounts	-	-	225.6	196.3
Total	38.3	46.0	230.8	200.0
<i>Debtors that are not financial instruments</i>	39.3	29.0	80.9	88.0
Total debtors	77.6	75.0	311.7	288.0
<u>Cash</u>				
Loans and receivables			37.7	66.4
Total cash: asset			37.7	66.4
Financial liabilities at amortised cost			(22.1)	(34.5)
Total cash: liability			(22.1)	(34.5)
<u>Borrowings</u>				
Financial liabilities at amortised cost	(2,668.0)	(2,771.9)	(603.8)	(430.5)
Financial liabilities at fair value through profit and loss	-	-	-	-
Total	(2,668.0)	(2,771.9)	(603.8)	(430.5)
<i>Borrowings that are not financial instruments</i>	-	-	-	-
Total borrowings	(2,668.0)	(2,771.9)	(603.8)	(430.5)
<u>Other Long Term Liabilities</u>				
PFI and finance lease liabilities	(458.6)	(441.5)		
Total	(458.6)	(441.5)		
<i>Other long term liabilities.</i>	(69.3)	(66.3)		
Total long term liabilities	(527.9)	(507.8)		
<u>Creditors</u>				
Financial liabilities at amortised cost	-	-	-	-
Financial liabilities carried at contract amount	-	-	(261.8)	(234.6)
Total	-	-	(261.8)	(234.6)
<i>Creditors that are not financial instruments</i>	(13.6)	(1.8)	(80.9)	(88.8)
Total creditors	(13.6)	(1.8)	(342.7)	(323.4)

Material Soft Loans Made by the Council

The Council has made the following material soft loans:

Warwickshire County Cricket Club was granted a loan of £20m in 2009 to support the major ground refurbishment undertaken. The loan is deemed to be a material soft loan and is carried in the accounts at £16.0m, pays a fixed interest rate of 5% and matures in 2045. During the development phase of the project, interest was rolled up in the loan. In 2015/16, Warwickshire Cricket Club exercised its right, under the terms of the loan agreement, to defer interest and principal repayment for two quarters from March 2013 and extend the loan maturity to make these payments. The club applied for a further 18 month interest and principal deferral, which was granted by the Council. Interest payments have resumed and a bullet principal payment is due in March 2020. All interest on the deferred payments is rolled up and the term of the loan has been extended to 2045.

Marketing Birmingham received a loan of £1.1m in 2012 to support the creation of the Birmingham Business Hub at Baskerville House. The loan is deemed to be a material soft loan and is carried in the accounts at £0.6m, pays an interest rate of 2.2% and matures in 2022.

The treatment of soft loans in the financial statements is as follows:

	2014/15 £m	2015/16 £m
Opening balance	15.8	16.8
Nominal value of new loans granted in year	0.8	-
Fair value adjustment on initial recognition	(0.2)	-
Loans repaid	(0.1)	(0.1)
Impairment losses	-	-
(Increase)/Reduction in discount	0.5	1.0
Closing Balance at end of year	16.8	17.7
Nominal value at 31 March	22.6	22.5

Valuation Assumptions

The interest rate at which the fair value of soft loans has been made at recognition is arrived at by taking the Council's prevailing cost of borrowing and adding an allowance for the risk that the loan might not be repaid.

Income, Expenses, Gains and Losses

The gains and losses recognised in the Comprehensive Income and Expenditure Statement in relation to financial instruments are shown in the following table:

	2014/15				2015/16			
	Financial Liabilities measured at amortised cost £m	Financial Assets: Loans and Receivables £m	Financial Assets: Available for Sale £m	Total £m	Financial Liabilities measured at amortised cost £m	Financial Assets: Loans and Receivables £m	Financial Assets: Available for Sale £m	Total £m
Interest Expense	185.6			185.6	184.3			184.3
Total expense in (Surplus)/Deficit on the Provision of Services	185.6			185.6	184.3			184.3
Interest and Dividend Income		(16.3)	(6.2)	(22.5)		(9.9)	(20.7)	(30.6)
Total income in (Surplus)/Deficit on the Provision of Services		(16.3)	(6.2)	(22.5)		(9.9)	(20.7)	(30.6)
(Gains)/Losses on Revaluation			(4.9)	(4.9)			0.6	0.6
(Surplus)/Deficit arising on revaluation of financial assets in Other Comprehensive Income and Expenditure			(4.9)	(4.9)			0.6	0.6
Net (gain)/loss for the year	185.6	(16.3)	(11.1)	158.2	184.3	(9.9)	(20.1)	154.3

Fair Value of Assets and Liabilities

Financial liabilities, financial assets represented by loans and receivables and long term debtors and creditors are carried in the balance sheet at amortised cost.

Their fair value can be assessed by calculating the present value of cash flows that will take place over the remaining term of the instruments (Level 2), using the following assumptions:

Recurring Fair Value Measurements	Input level in Fair Value Hierarchy	Valuation technique used to measure Fair Value	31 March 2015 Fair Value £m	31 March 2016 Fair Value £m
PWLB loan	Level 2	PWLB new loan certainty rate (maturity)	(3,369.7)	(2,925.5)
Other long term fixed rate loans	Level 2	An estimate of the rate payable for a new loan on the same terms	(686.1)	(806.4)
Loans maturing in the next 12 months	Level 2	The carrying amount is assumed to approximate to fair value	(444.8)	(267.6)
Investments maturing in the next 12 months	Level 2	The carrying amount is assumed to approximate to fair value	73.8	58.8
Unquoted equity investments	Level 2	Valued at cost until a reliable fair value can be established	0.3	0.3
Financial instruments consolidated into group accounts	Level 2	Shown at the carrying amount	192.4	0.0

The fair values of financial liabilities are calculated as follows:

	31 March 2015		31 March 2016	
	Carrying Amount £m	Fair Value £m	Carrying Amount £m	Fair Value £m
Creditors	(261.8)	(261.8)	(234.6)	(234.6)
Borrowings	(3,271.8)	(4,500.6)	(3,202.4)	(3,999.5)
Other Long Term Liabilities	(527.9)	(794.0)	(507.8)	(773.5)
Total	(4,061.5)	(5,556.4)	(3,944.8)	(5,007.6)

The fair values of financial assets are calculated as follows:

	31 March 2015		31 March 2016	
	Carrying Amount £m	Fair Value £m	Carrying Amount £m	Fair Value £m
Investments	271.8	271.8	64.6	64.6
Debtors	269.1	272.4	246.0	247.5
Total	540.9	544.2	310.6	312.1

The fair value of the liabilities and assets at 31 March 2016 is higher than the carrying amount because the Council's portfolio of loans and investments includes fixed rate loans where the interest rate receivable is higher than the rates available for similar loans at the Balance Sheet date. This shows a notional future loss on liabilities (based on economic conditions at 31 March 2016) arising from a commitment to pay interest to lenders above current market rates and a gain on assets (based on economic conditions at 31 March 2016) attributable to the commitment to receive interest below current market rates.

Fair Value of Available-for-sale Financial Assets

Some of the Council's financial assets are measured in the balance sheet at fair value on a recurring basis and are described in the following table, including the valuation techniques used to measure them.

Recurring Fair Value Measurements	Input level in Fair Value Hierarchy	Valuation technique used to measure Fair Value	31 March 2015 Fair Value £m	31 March 2016 Fair Value £m
Available for sale financial assets held to support economic growth	Level 3	Company performance	5.3	5.5

Note 40

Nature and Extent of Risks Arising from Financial Instruments

The Council's activities expose it to a variety of risks relating to its financial instruments, including:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Council;
- Liquidity risk – the possibility that the Council may not have funds available to meet its payment commitments;
- Market risk – the possibility of financial loss due to changes in interest rates and market prices.

These risks are mainly managed by a central Treasury Management Team in accordance with policies and approvals set by the Council in its annual Budget Report, Treasury Management Strategy, and Treasury Management Practices in particular. The Council complies with CIPFA's Code of Practice for Treasury Management in the Public Services and the Prudential Code for Capital Finance in Local Authorities, both of which regulate the use of financial instruments and establish a treasury risk management framework.

Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Council's customers.

This risk is measured and managed primarily through the investment policies and strategy in the approved Budget, which requires that deposits are made in accordance with approved credit criteria and limits, including minimum credit ratings as follows:

'Specified' short term investments (all in Sterling)	Short term rating*	Long term rating*	Council Individual lending limit
Banks (including overseas banks) and Building Societies	F1+ /A1+ /P1	AA- /AA- /Aa3	£25m
	F1+ /A1+ /P1	A- / A- /A3	£20m
	F1 /A1 /P1	A- / A- /A3	£15m
	F2 /A2 /P2	BBB+ /BBB+ /Baa1	£10m
Sterling commercial paper and corporate bonds	F1+ /A1+ /P1	A- / A- /A3	£15m
Sterling Money Market Funds (short term and Enhanced)	AAA (with volatility rating V1 /S1 /MR1 where applicable)		£40m
Local authorities	n/a	n/a	£25m
UK Government and supranational bonds	n/a	n/a	none
UK Nationalised Banks and Government controlled agencies	n/a	n/a	£25m
Secured investments including repo and covered bonds	Lending limits determined as for banks (above) using the rating of the individual investment		

* Fitch / S&P / and Moody's rating Agencies respectively. Institutions must be rated by at least two of the Agencies, and the lowest rating will be taken into account.

No significant changes have been made in banking regulations in the past 12 months, since the EU and UK 'bail-in' rules were introduced in 2014/15. Consequently, no risk categories have been added or amended.

The Council will not invest more than £400m in long term investments as follows:

- Government stocks (or "Gilts") and other supranational bonds, with a maturity of less than five years.
- Corporate Bonds, Certificates of Deposit (CD) or Commercial Paper (CP) with a maturity of less than three years, subject to a long term credit rating of not less than AA (in addition to the restrictions in the table above). CD or CP shall not exceed 25% of long-term investments (i.e. those maturing in one year or more).

The Council also uses information from a variety of other sources in reaching a view about the suitability of particular investments.

The Council also makes a variety of investments in support of its service objectives. These investments are not subject to the above credit quality requirements, but are individually appraised and approved in relation to their support for service outcomes as well as their financial consequences and risks.

The Council's maximum exposure to credit risk, in relation to its investments in financial institutions, cannot be assessed generally, as the risk of any institution failing to make due payments will be specific to each individual institution. In relation to the Council's outstanding treasury deposits with financial institutions, local authorities and other institutions, no such deposits have defaulted in the year or are impaired. A risk of irrecoverability applies to all deposits, but there is no evidence at 31 March 2016 that this was likely to crystallise.

The Council does not hold collateral as security on its treasury deposits.

The following analysis summarises the Council's potential maximum exposure to credit risk on service investments, based on current knowledge and experience.

	Amount outstanding	Historical experience of default	Estimated experience of default	Estimated maximum exposure to default and uncollectability at 31 March 2016	Estimated maximum exposure at 31 March 2016
	£m	£m		£m	£m
Service investments	2.3	1.3	13%	0.4	0.7

Liquidity Risk

Liquidity risk arises from the need to borrow to finance capital expenditure, loan maturities and other payments. The Council has a comprehensive cash flow management system that measures liquidity and seeks to ensure that cash is available as needed. The Council has ready access to loans from the Public Works Loans Board (PWLB) in accordance with the PWLB circulars currently in force, and there is no significant risk that it will be unable to raise finance to meet its commitments. The Council sets limits on the proportion of its fixed rate borrowing maturing in specified periods. The maturity analysis of financial liabilities is as follows:

	31 March 2015	31 March 2016
	£m	£m
Less than 1 year	(968.4)	(788.4)
Between 1 and 2 years	(196.3)	(205.8)
Between 2 and 5 years	(243.9)	(242.0)
Between 5 and 20 years	(1,301.8)	(1,410.6)
Between 20 and 40 years	(1,036.0)	(1,139.1)
Over 40 years	(431.5)	(284.0)
Total	(4,177.9)	(4,069.9)

All trade and other current payables are due to be paid in less than one year.

Market Risk

Interest rate risk

The Council is exposed to significant risk in relation to interest rate movements on its borrowing and investments.

Movements in interest rates have a complex impact on the Council. For instance, a rise in interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Surplus/(Deficit) on the Provision of Services will rise
- Borrowings at fixed rates – the fair value of the liabilities borrowings will fall
- Investments at variable rates – the interest income credited to the Surplus/(Deficit) on the Provision of Services will rise
- Investments at fixed rates – the fair value of the assets will fall.

Borrowings are not carried at fair value, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus/Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus/(Deficit) on the Provision of Services and affect the General Fund Balance. Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in Other Comprehensive Income and Expenditure.

These risks are measured and managed in accordance with the Council's Treasury Management Strategy, including the setting and monitoring of risk limits on the level of variable rate instruments and on the amount of borrowing maturing in future years.

At 31 March 2016, if interest rates had been 1% higher with all other variables held constant, the financial effect would be:

	£m
Increase in interest payable on variable rate borrowings	2.7
Increase in interest receivable on variable rate investments	(0.6)
Impact on Surplus/(Deficit) on the Provision of Services	2.1
Share of overall impact debited to the HRA	0.4
Decrease in fair value of fixed rate investment assets	2.2
Impact on Other Comprehensive Income and Expenditure	2.2
Decrease in fair value of fixed rate borrowings liabilities (no impact on the Surplus/(Deficit) on the Provision of Services or Other Comprehensive Income and Expenditure)	(490.2)

The impact of a 1% fall in interest rates would be as above but with the movements being reversed. The above sensitivities have been prepared and based on loan debt and loan investments outstanding at 31 March 2016.

Price Risk

The Council's holdings of shares are all unquoted shares held primarily to support service objectives rather than as financial investments. The financial value of these shares will vary according to general market conditions and the particular circumstances of the share issuers. Active prices for these investments are not available.

Note 41 Capital Expenditure and Capital Financing

The Council's capital expenditure on an accruals basis, analysed between types of asset, is summarised below. This also includes revenue expenditure funded from capital under statute.

	31 March 2015	31 March 2016
	£m	£m
Opening Capital Financing Requirement	4,291.5	4,347.5
<u>Capital Investment</u>		
Property, Plant and Equipment	370.9	343.4
Heritage Assets	-	0.1
Intangible Assets	4.8	4.7
Revenue Expenditure funded from Capital under Statute	53.2	105.7
Capital Grant Repayment	-	0.7
Long Term Loans	0.6	8.5
Increase in Share Equity	2.9	111.8
<u>Sources of Finance</u>		
Capital Receipts	(17.7)	(22.2)
Government Grants and other Contributions	(117.7)	(156.7)
Sums set aside from Revenue:	-	-
- Direct Revenue Contributions	(43.5)	(28.9)
- Use of Major Repairs Reserve	(68.2)	(47.8)
- Minimum Revenue Provision	(121.6)	(134.2)
- Voluntary Revenue Provision	-	-
- Capital Receipts set aside for debt redemption	(7.7)	(9.5)
Adjustments to Capital Financing	-	-
Closing Capital Financing Requirement	4,347.5	4,523.1
<u>Explanation of Movements in Year</u>		
Increase in underlying need to borrow	5.4	147.0
Assets acquired under finance leases	1.1	1.0
Assets acquired under PFI contracts	49.5	27.6
Increase/(decrease) in Capital Financing Requirement	56.0	175.6
Movement in Year	56.0	175.6

The increase in share equity includes the additional investment in the National Exhibition Centre (Developments) Limited following the disposal of the National Exhibition Centre Limited.

Note 42 Leases

The Council has a significant number of leases, where it is both the lessee and lessor.

Council as the lessee

Finance leases

The Council has acquired a number of buildings and other assets under finance leases. The assets acquired under these leases are carried as either Property, Plant and Equipment or Assets Held for Sale in the Balance Sheet at the following net amounts.

31 March 2015 £m		31 March 2016 £m
14.2	Other Land and Buildings	18.2
3.4	Vehicles, Plant Furniture & Equipment	3.5
17.6	Total	21.7

The Council is committed to making minimum payments under these leases comprising settlement of the long-term liability for the interest in the property acquired by the Council and finance costs that will be payable by the Council in future years while the liability remains outstanding. The minimum lease payments are made up of the following amounts:

31 March 2015 £m		31 March 2016 £m
	Finance lease liabilities (net present value of minimum lease payments):	
1.2	- current	1.1
1.5	- non-current	1.5
2.0	Finance costs payable in future years	1.9
4.7	Minimum lease payments	4.5

The minimum lease payments will be payable over the following periods:

	Minimum lease payments		Finance lease liabilities	
	31 March 2015 £m	31 March 2016 £m	31 March 2015 £m	31 March 2016 £m
Not later than one year	1.4	1.3	1.2	1.1
Later than one year and not later than five years	1.6	1.7	1.3	1.4
Later than five years	1.7	1.5	0.2	0.1
Total	4.7	4.5	2.7	2.6

The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2015/16 contingent rents of £0.1m were payable (2014/15: nil).

The Council has not sublet any of the assets held under these finance leases.

Operating leases

The Council has acquired a number of administrative buildings under operating leases. The future minimum lease payments due under non-cancellable leases where the length of lease was greater than 1 year at inception are:

31 March 2015 £m		31 March 2016 £m
0.6	Not later than one year	0.6
1.0	Later than one year and not later than five years	1.2
0.9	Later than five years	1.7
2.5	Total	3.5

The Council has not sublet any of the assets held under these operating leases.

The expenditure charged to the Comprehensive Income and Expenditure Statement during the year in relation to these leases was:

31 March 2015 £m		31 March 2016 £m
0.8	Minimum lease payments	0.6
0.1	Contingent rents	0.1
0.9	Total	0.7

Council as the lessor**Finance leases**

The Council has leased out property within Birmingham to a number of parties on finance leases. The Council has a gross investment in the lease, made up of the minimum lease payments expected to be received over the remaining term and the residual value anticipated for the property when the lease comes to an end. The minimum lease payments comprise settlement of the long-term debtor for the interest in the property acquired by the lessee, and finance income that will be earned by the Council in future years whilst the debtor remains outstanding. The gross investment is made up of the following amounts:

31 March 2015 £m		31 March 2016 £m
	Finance lease debtor (net present value of minimum lease payments):	
0.1	- current	-
36.8	- non-current	27.0
224.0	Unearned finance income	183.7
(20.4)	Less – Unguaranteed residual value of property	(28.5)
240.5	Gross investment in the lease	182.2

The gross investment in the lease and the minimum lease payments will be received over the following periods:

	Finance Lease Debtor		Minimum lease payments	
	31 March 2015 £m	31 March 2016 £m	31 March 2015 £m	31 March 2016 £m
Not later than one year	0.1	-	2.3	1.5
Later than one year and not later than five years	0.1	0.1	9.0	6.0
Later than five years	36.7	26.9	229.2	174.7
Total	36.9	27.0	240.5	182.2

The minimum lease payments do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2015/16 £1.2m contingent rents were receivable by the Council (2014/15 £1.1m).

Operating leases

The Council has leased out property within Birmingham to a number of parties as operating leases.

The future minimum lease payments receivable under non-cancellable leases where the length of lease was greater than 1 year at inception are:

31 March 2015 £m		31 March 2016 £m
11.7	Not later than one year	10.4
31.9	Later than one year and not later than five years	26.4
145.0	Later than five years	70.0
188.6	Total	106.8

The minimum lease payments receivable do not include rents that are contingent on events taking place after the lease was entered into, such as adjustments following rent reviews. In 2015/16 £2.6m contingent rents were receivable by the Council (2014/15 £2.6m).

Leases - contingent rent

Contingent rents are determined from the comparison of the property lease rental system to the accounts leasing system.

Note 43**Service Concession Arrangements**

The Council has entered into a number of PFI arrangements through which assets are constructed or refurbished and services are provided under long-term contracts with private sector firms. These contracts cover Schools, Waste Disposal facilities and Highways Management and Maintenance.

These arrangements, which are included within concession arrangements, constitute the purchase of assets on deemed credit terms. The deemed credit terms vary between arrangements. The Council includes the cost of establishing Special Purpose Vehicles in the calculation of the liabilities. The main terms of the material arrangements are as follows:

- Waste Disposal. The arrangement includes the management and operation of the Council's Household Recycling Centres, Waste Transfer Stations and the Waste Incinerator. The contract began on 17 January 1994 and runs to 17 January 2019, with payments made monthly. Prices are indexed each year from 1 April. All assets, identified above, will revert to the Council at the end of the arrangement. There are no early terminations or period clauses within the contract and there have been no changes in the arrangement during the period under review.
- Schools. There are 4 separate arrangements in place for the rebuild / refurbishment and management of a total of 24 schools within Birmingham. These arrangements are of varying duration and service providers: 6 schools from 2001/02 (for 32 years), 11 schools from 2004/05 (for 35 years), 4 schools from 2011/12 (for 25 years) and a single secondary school from 2013/14 ending 2038/39. The service provider is paid a Unitary Charge monthly for the duration of the contracts, with indexation applied annually as per the terms of each contract. Within each contract the Council retains both the schools' assets and the liability for future contract commitments in the balance sheet, with the exception of when schools gain Academy status. There are a number of PFI managed schools that have gained Academy status, a total of seven schools to date across the four separate school PFI contracts. Whilst the assets no longer belong to the Council and are thus removed from the balance sheet, the ongoing liability remains as a Council responsibility.
- Birmingham Highways Management and Maintenance arrangement. The contract provides for management and maintenance of all public highway and other contractually designated areas within the Birmingham boundary by the Service Provider. The contract commenced on 7 June 2010, with a contract period of 25 years, and provides for a 5 year period of remediation for all of the main highway assets followed by a 20 year period during which the improved highway condition is maintained. The management element of the contract deals with road space management under legislation and responsibility for the Street Works Register, and services include:
 - Raising highway standards
 - Upgrading street lighting and the Council's traffic management assets
 - Refurbishing the Council's tunnels
 - Maintaining specified street furniture.

Indexation is applied annually on 1 April by reference to movements in the Retail Price Index. Deductions can be levied for non-performance of the contractual deliverables as specified within the contract. As the size and scale of the highway network varies, the contract provides for these changes to be accrued into the network maintained by the Service Provider, attracting an increase/decrease in payments made as appropriate.

The Council continues to have full use of the roads and roadside furniture during the period of the arrangement, at the end of which all rights revert to the Council. There are no early terminations or period clauses within the PFI arrangement. There have been no changes in the arrangement during 2015/16.

Payments remaining as at 31 March 2016	Interest	Repayment of liability	Payment for services	Total
	£m	£m	£m	£m
Payable in 2016/17	35.7	17.1	73.1	125.9
Payable within 2 to 5 years	130.2	59.0	235.0	424.2
Payable within 6 to 10 years	137.4	85.7	233.7	456.8
Payable within 11 to 15 years	97.1	122.9	276.3	496.3
Payable within 16 to 20 years	41.1	147.1	255.6	443.8
Payable within 21 to 25 years	3.3	25.2	24.2	52.7
Total	444.8	457.0	1,097.9	1,999.7

Although the payments made to the contractor are described as unitary payments, they have been calculated to compensate the contractor for the fair value of the services they provide, the capital expenditure incurred and interest payable whilst the capital expenditure remains to be reimbursed. The movement in the liabilities to repay the contractors for capital expenditure incurred is as follows:

2014/15		2015/16
£m		£m
448.6	Liability outstanding at the start of the year	469.6
(28.5)	Repayment of liability	(40.2)
49.5	Lifecycle and further capital expenditure	27.6
469.6	Liability outstanding at the year end	457.0

£27.0m of the costs incurred in respect of lifecycle and further capital expenditure relates to the continuing upgrade of the City infrastructure, with the remainder incurred on minor enhancements to schools PFI projects.

Contingent rents, charged to the CIES, as a result of the impact of inflation total £4.9m (2014/15: £6.1m). The outstanding liability identified does not include the impact of future contingent rent.

Note 44 **Members' Allowances**

Allowances paid to Members of the Council in 2015/16 totalled £2.6m (2014/15: £2.7m). These figures include Members' allowances, superannuation contributions and expenses. Further information can be found on the Council's website www.birmingham.gov.uk

Note 45 Officers' Remuneration

The remuneration paid to the Council's senior employees is detailed in the table below. The pension contributions for 2014/15 have been restated to show only the future years' contributions. The payments made by the Council to recover past service cost deficits have traditionally been included in the overall Council superannuation rate but should be excluded from this disclosure.

		Salary, fees and allowances	Expense Allowances	Pension contributions	Total
		£	£	£	£
M Rogers, Chief Executive	2014/15	182,500	-	22,448	204,948

	2015/16	50,310	-	363,790	414,100

Notes:

The Council undertook a review of the senior management structure in the 2015/16 financial year. The review saw a realignment of responsibilities and a strengthening of corporate capacity. The principal changes are included in the notes below.

(1) Peter Hay holds the statutory roles of Chief Education Officer, Director of Children's Social Care and Director of Adult Social Services

(2) Jacqui Kennedy took up the position in September 2015 following the retirement of the previous post holder, Sharon Lea, on 31 July 2015 as a result of a restructure to reduce the overall senior management costs within the Place Directorate going forward.

(3) Waheed Nazir took up the position on 25 January 2016 following the realignment of strategic director responsibilities.

(4) Angela Probert took up post on 4 January 2016.

(5) Paul Dransfield, formerly Deputy Chief Executive, took up responsibility for major programmes and projects from 1 January 2016.

(6) Jon Warlow, formerly Director of Finance, took up post on 1 January 2016. Jon holds the statutory role of Section 151 Officer.

(7) Piali DasGupta took up post on 11 January 2016.

(8) Comparative figures are not provided for 2014/15 as individuals were not members of the Corporate Leadership Team during the year.

To provide strategic support during the transition period of the senior management restructure a post of Interim Director for Service Delivery was filled for a 12 month period to 17 December 2015. Payments in respect of the interim post holder in 2015/16 were £171,050 (2014/15, £62,700).

The Council's other employees receiving more than £50,000 remuneration for the year (excluding employer's pension contributions) were paid the amounts detailed in the table below. The figures for 2014/15 have been restated to exclude those staff employed in Voluntary Aided and Foundation schools, which had previously been included on the basis that the balance of control of schools lay with the Council. However, staff within Voluntary Aided and Foundation schools are employed by the governing body of the school and have therefore been excluded from the table below.

2014/15 (Restated)			Remuneration band	2015/16		
Teaching Staff & Staff in Schools	Other Council Employees	Total		Teaching Staff & Staff in Schools	Other Council Employees	Total
No	No	No		No	No	No
152	169	321	£50,000 - £54,999	164	191	355
116	85	201	£55,000 - £59,999	94	73	167
87	47	134	£60,000 - £64,999	90	41	131
58	53	111	£65,000 - £69,999	55	58	113
29	13	42	£70,000 - £74,999	32	17	49
18	8	26	£75,000 - £79,999	19	10	29
15	13	28	£80,000 - £84,999	14	6	20
8	13	21	£85,000 - £89,999	13	11	24
6	12	18	£90,000 - £94,999	4	12	16
4	12	16	£95,000 - £99,999	6	2	8
2	3	5	£100,000 - £104,999	3	6	9
2	2	4	£105,000 - £109,999	-	2	2
-	3	3	£110,000 - £114,999	-	3	3
1	1	2	£115,000 - £119,999	1	1	2
1	3	4	£120,000 +	-	10	10
499	437	936		495	443	938

Remuneration includes salary, allowances, bonuses and compensation for loss of employment.

The 'Other Council Employees' figures in the above table include employees with planned termination payments, 46 in 2015/16 (75 in 2014/15). Excluding employees in receipt of planned termination payments, 397 employees in 2015/16 (362 in 2014/15) received remuneration of £50,000 or more.

The number of Teaching Staff and Staff in Schools reflect those staff employed the Council and are affected by the conversion of a number of schools to Academy Status. Academy schools are independent of the Council and their employees are therefore excluded from the Council's financial statements.

The number of staff in Voluntary Aided and Foundation Schools, with a remuneration of more than £50,000 per annum, was 168 in 2015/16 (2014/15: 174).

Note 46 Exit Packages

The costs of exit packages are amounts payable as a result of either the Council's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept voluntary redundancy in exchange for those benefits. The following table provides information on the number of exit packages payable by the Council for the year, with total cost per band and total cost of both compulsory and other redundancies. The figures for 2014/15 have been restated to give a more detailed analysis of the breakdown by individual package range, and to exclude those staff employed in Voluntary Aided and Foundation schools.

		2014/15 (Restated)						2015/16				
Compulsory		Voluntary		Total		Value of individual package	Compulsory		Voluntary		Total	
No	£m	No	£m	No	£m		No	£m	No	£m	No	£m
-	-	1	0.3	1	0.3	£000	-	-	3	0.9	3	0.9
-	-	3	0.7	3	0.7	£250+	2	0.5	3	0.6	5	1.1
-	-	3	0.5	3	0.5	£200 - £250	1	0.2	6	1.1	7	1.3
1	0.1	12	1.4	13	1.5	£150 - £200	2	0.3	14	1.7	16	2.0
1	0.1	13	1.2	14	1.3	£100 - £150	3	0.3	14	1.1	17	1.4
1	0.1	23	1.6	24	1.7	£80 - £100	4	0.3	15	1.0	19	1.3
2	0.1	53	2.6	55	2.7	£60 - £80	13	0.6	25	1.3	38	1.9
4	0.1	231	6.3	235	6.4	£40 - £60	20	0.5	63	1.9	83	2.4
30	0.2	476	4.3	506	4.5	£20 - £40	92	0.8	269	1.8	361	2.6
						less than £20						
39	0.7	815	18.9	854	19.6	Total	137	3.5	412	11.4	549	14.9

In addition to the costs of exit packages identified above, the Council incurred costs of £0.3m in 2015/16 (£0.1m in 2014/15) relating to the provision of transitional support and training to employees whose further employment was considered to be at risk.

*Exit packages include the costs of compulsory and voluntary redundancy, pension fund strain payments and other departure costs.

Note 47**Auditor Remuneration**

The Council has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and for non-audit services provided by the Council's external auditors.

2014/15 £m		2015/16 £m
0.4	Fees payable to Grant Thornton with regard to external audit services carried out by the appointed auditor for the year	0.3
-	Fees payable to Grant Thornton for the certification of grant claims and returns for the year	0.1
0.4	Total	0.4

Note 48**Related Parties**

The Council is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council. Disclosure of these transactions allows readers to assess the extent to which the Council might have been constrained in its ability to operate independently or might have secured the ability to limit another party's ability to bargain freely with the Council. In addition to the companies where the Council has influence through its share ownership or representation on the board, which are considered in more detail below, the Council has had transactions of over £100,000 with the following organisations which fall within the definition of related parties:

Birmingham and Solihull Mental Health Trust	Pertemps
Chinnbrook Family and Community Project	Priority Area Playgroup
Evenbrook	Sir Josiah Mason Trust
Focus Birmingham	Stonham (part of Home Group)
IKON Gallery	Thompsons Solicitors
Leigh Trust	University Hospital Birmingham Foundation
Lench's Trust	Trust

The value of transactions for other, non-consolidated, related parties was net expenditure of £0.5m (£0.8m expenditure and £0.3m income).

During 2015/16, works and services to the value of £422.7m, inclusive of VAT, were commissioned from related parties of which £30.4m remains outstanding. Additionally £78.9m, inclusive of VAT, was received during 2015/16 from companies in which the Council had a related party interest of which £34.1m remains outstanding. The majority of the value of expenditure is in relation to companies where elected members are acting in their official capacity within the Group.

Other balances at 31 March 2016 are £87.5m of funding guarantees, £31.5m of investments and £48.5m of loans (of which £46.0m is repayable after 31 March 2017).

Central Government

Central Government has effective control over the general operations of the Council – it is responsible for providing the statutory framework within which the Council operates, provides the majority of its funding in the form of grants and prescribes the terms of many of the transactions that the Council has with other parties (for example, Council Tax bills, Housing Benefits). Grants received from Government departments are set out in the subjective analysis in Note 19 on reporting for resource allocation decisions. Grant receipts outstanding at 31 March 2016 are included in the balances within Note 29.

Members

Members of the Council have direct control over the Council's financial and operational policies. The total of Members' allowances paid in 2015/16 is shown in Note 44.

Officers

There were no transactions between Senior Officers of the Authority and Birmingham City Council and its related parties, other than the receipt of emoluments due as employees of the Council and payments of Council Tax due as appropriate.

Greater Birmingham and Solihull Business Rates Pooling Arrangement

The Greater Birmingham and Solihull Business Rates Pool (the Pool) was designated by the Secretary of State in accordance with paragraph 34 of Schedule 7B to the Local Government Finance Act 1988 as a pool of authorities for the purposes of the scheme for the local retention of business rates under schedule 7B to the Act.

The Council entered into a pooled budget arrangement in 2013/14 with seven other local authorities, as detailed in the table below, following the introduction of the Business Rates Retention Scheme. This arrangement has continued in 2015/16. The objective of the Pool is to adopt a strategic approach to promoting growth and job creation that supports the Greater Birmingham and Solihull Local Enterprise Partnership's Strategy for Growth, which includes:

- economic development;
- core funding; or
- a combination of both.

The table below summarises the financial activity for the year:

	2014/15 £m	2015/16 £m
Funding provided to the pooled budget		
Birmingham City Council	-	-
Bromsgrove District Council	9.0	9.3
Cannock Chase District Council	10.4	11.5
East Staffordshire Borough Council	18.3	19.0
Lichfield District Council	11.0	11.5
Redditch Borough Council	12.2	12.4
Solihull Metropolitan Borough Council	25.6	28.6
Tamworth Borough Council	10.3	11.0
	96.8	103.3

Expenditure met from the pooled budget

Birmingham City Council	96.7	98.9
Bromsgrove District Council		0.2
Cannock Chase District Council		0.3
East Staffordshire Borough Council		0.1
Lichfield District Council		0.2
Redditch Borough Council	0.1	0.4
Solihull Metropolitan Borough Council		0.8
Tamworth Borough Council		0.2
GBS LEP		2.0
Safety Net Contingency		0.2
	96.8	103.3

The 2014/15 figures shown in the table above are the final, post-audit outturn figures.

The information in the table above is based on information available at the time of compiling the 2015/16 Statement of Accounts. On finalisation of the business rates income (post audit), it is possible that there will be a change to income to be re-allocated, but this is not expected to be of a material nature overall.

The Pool will continue in future years until such time that a member serves the appropriate notice period of its intention to leave.

Other Public Bodies - Pooled Budgets

The Council is in a pooled budget arrangement with the Clinical Commissioning Groups (CCGs) covering the Birmingham area, namely, Birmingham Cross City CCG, Birmingham South Central CCG and Sandwell and West Birmingham CCG. The pooled budget is responsible for the joint commissioning of services relating to Mental Health and Learning Disabilities. The objective of the pooled arrangement is to improve services for users through closer working and co-operation in the commissioning of services. The arrangements have been established pursuant to Section 75 of the NHS Act 2006 and related Regulations with the Council hosting the Learning Disability element and the combined CCGs hosting Mental Health Services provision. The table below summarises the financial activity for the year:

	2014/15		2015/16	
	£m	£m	£m	£m
Funding provided to the pooled budget				
Birmingham City Council	120.0		93.0	
Combined Clinical Commissioning Groups	174.8		166.3	
		294.8		259.3
Expenditure met from the pooled budget

The Better Care Fund

The Better Care Fund (BCF) was announced in June 2013 with the intention to drive the transformation of local care services and was to be operated through pooled budget arrangements between the Council and local Clinical Commissioning Groups (CCGs). Specific resources were earmarked for the BCF by NHS England in its allocation to Clinical Commissioning Groups. The remainder of the fund was made up of the Social Care Capital Grant and the Disabled Facilities Grant which were paid to local authorities. No new money has been made available to the health and care system but the BCF provides an opportunity for joint working between local authorities and health organisations to deliver better outcomes for service users.

The funding the Council receives through the BCF replaces the Section 256 transfer from the NHS that has been made in recent years.

The Council endorsed the principle of a BCF joint pooled budget for Older Adult Social Care and health integrated provision between the Council and local CCGs, namely Birmingham Cross City CCG, Birmingham South Central CCG and Sandwell and West Birmingham CCG. Joint proposals were developed during 2014/15 for implementation from 1 April 2015, which included the Council acting as host for the BCF. Further services have been added to the BCF during the year.

Funding of £86.244m was earmarked for the BCF by the Department of Health via the CCGs as detailed in the table below. The Council's contribution was made up of the resources previously allocated through two capital grants, namely the Disabled Facilities Grant and the Social Care Capital Grant.

Contribution to the BCF Pooled Fund	£m
Birmingham Cross City CCG	54.978
Birmingham South Central CCG	19.223
Sandwell and West Birmingham CCG	12.043
NHS Contribution	86.244
Birmingham City Council	9.496
Total BCF Pooled Fund	95.740

The BCF will be used to fund a number of schemes as identified in the agreed joint plan. The management arrangements for the individual projects will be dependent on the services being provided and will include:

- Sole control of the activities by CCGs;
- Sole control of the activities by the Council;
- Joint control of the activities with CCGs or the Council acting as host
- Lead commissioning by CCGs or the Council on behalf of the other organisations.

Details of the specific projects are set out below.

Service Provision	Budgeted Activity £m	Nature of Arrangement
Bed Based Additional Provision	1.358	Lead Commissioning – Council
Social Care Based Additional Provision	1.606	Sole Control – Council
Reablement - Kenrick Centre	1.197	Lead Commissioning – Council
Reablement - Kenrick Centre – GP Cover	0.050	Joint Control
Care Act	2.970	Lead Commissioning – Council
Carers Strategy	1.185	Lead Commissioning – Council
Eligibility Criteria	20.044	Sole Control – Council
Acuity Tool Management	0.120	Joint Control
Management of Programme	1.011	Joint Control
Community Services	42.530	Sole Control - CCGs
Reablement – Rapid Assessment, Interface and Discharge	1.681	Sole Control - CCGs
Outpatient Antimicrobial Therapy – Heart of England Foundation Trust	0.034	Sole Control - CCGs
Outpatient Antimicrobial Therapy – Birmingham Community Health Care Foundation Trust	0.031	Sole Control - CCGs
Non Elective Admissions (reduction)	6.483	Sole Control - CCGs
Equipment Contracts	6.207	Joint Control
Disabled Facilities Grant and Capital	7.764	Sole Control – Council
Non-recurring Pump Priming Schemes	1.321	Joint Control
	95.592	
Balance of funding	0.148	
Total BCF	95.740	

Entities Controlled or Significantly Influenced by the Council

The Council maintains involvement with a number of associated and subsidiary companies where the assets and liabilities of these companies are not included in the Council's core financial statements. Group accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015/16.

The subsidiaries that have been consolidated into the group financial statements are listed below :

	Expenditure	Income	Debtor balance at year end	Creditor balance at year end
	£m	£m	£m	£m
Acivico Limited	48.4	11.5	15.4	7.3
Birmingham Museums Trust	7.3	2.3	0.2	0.8
Innovation Birmingham Limited	6.8	0.3	0.1	-
The National Exhibition Centre (Developments) Limited	92.2	0.2	-	0.1
The National Exhibition Centre Limited (until 1 May 2015)	-	0.5	-	-
Performances Birmingham Limited	2.7	0.9	-	0.2
PETPS (Birmingham) Limited	7.6	-	-	-

The associates that have been consolidated into the group financial statements are listed below:

	Expenditure	Income	Creditor balance at year end	Debtor balance at year end
	£m	£m	£m	£m
Birmingham Airport Holdings Limited (BAH)	0.2	21.3	0.2	2.3
Paradise Circus General Limited	18.2	4.4	-	2.8
Service Birmingham Limited	96.6	18.4	4.0	1.9

The Council also has relationships with a number of other companies and third party organisations where the assets and liabilities of the Council's holding is not material to the Group Accounts or where the Council has representation and influence on the board of the organisation but has no claim on the assets and liabilities of the organisation. Details of the organisation and its relationship to the Council are set out in the tables below.

Organisations where the Council has 100% share ownership of the company but the level of activity is not material to the Council's Group Accounts are detailed below. Those organisations highlighted with an asterisk had transactions with the Council in excess of £0.1m in 2015/16.

Birmingham Business Support Centre Limited	Finance Birmingham Limited
Birmingham Brand Care Limited	Gallery 37 Foundation*
Birmingham Venture Capital Limited	Greater Birmingham and West Midlands Brussels Office*
Birmingham Endeavour Limited*	INReach (Birmingham) Limited
Creative Advantage West Midlands Limited	Library of Birmingham Development Trust

Entities where the Council has some influence

Organisations, including associated subsidiaries, where the Council is a minority shareholder of the company and the level of activity is not material to the Council's Group Accounts are detailed below. Those organisations highlighted with an asterisk had transactions with the Council in excess of £0.1m in 2015/16.

Ascension Ventures	Host My Portfolio/Hobzy
Aston Eyeteck Limited*	Inceptum Development Limited
Auctus*	Info-Ctrl Limited*
Big Button	Inspyra Technologies
Birmingham Wheels Ltd	Learning Labs Limited
Birmingham LEP Company (also known as Birmingham Lend Lease Partnership)*	Marketing Birmingham*

Dance Xchange*	

Business Improvement Districts (BID) are business led partnerships, created to deliver additional services to local businesses. A BID covers a defined area in which a levy is charged on all business rate payers, which is then used to develop projects that will benefit business within the area. The Council has member representation on BIDs within the Birmingham area as detailed below. Those organisations highlighted with an asterisk had transactions with the Council in excess of £0.1m in 2015/16.

Acocks Green Village BID*	Retail Birmingham BID*
Colmore Business District BID*	Soho Road BID*
Erdington BID*	Southside BID*
Jewellery Quarter BID*	Sutton Coldfield Town Centre BID*
Kings Heath BID*	West Side BID*
Northfield BID*	

Note 49

The Council Acting as Agent

The Council acts as an intermediary in its role as agent for a number of external bodies. The Council processes transactions through its financial ledger but does not include them in its financial statements as there is no exposure to significant risk or reward associated with the transactions. Details of the major activities where the Council acts as agent are detailed below:

Agency Role	No	Level of Reserve	Gross Expenditure
		£m	£m
Provision of External Payrolls	126	-	234.2
Accountable Body	26	156.5	211.5
Business Rate Pooling	8	0.2	126.1
Arrangements supporting Housing activities	15	3.6	16.8
Reporting of Trust activities	19	22.4	0.4
Other transactions	9	0.2	1.4

External Payrolls

The Council provides payroll services to a number of external organisations, including Academy Schools and Colleges of Further Education, using capacity within its payroll system. Whilst the cost of providing the service is charged to the external organisation and forms part of the CIES, the payroll records for the external organisations do not form part of the Council's financial statements.

Accountable Body Role

Greater Birmingham & Solihull Local Enterprise Partnership

Resources have been made available through a number of Government sources, including the Regional Growth Fund where the Council has been identified as the accountable body. In its role as accountable body, under the terms and conditions of the funding arrangements, the Council has no entitlement to:

- retain any interest generated as a result of the provision of state funds;
- use the state funds in any way other than as provided for in the offer letter.

The Council acts as accountable body for the resources provided on behalf of the Greater Birmingham & Solihull Local Enterprise Partnership (the LEP). The Council may receive direct funding to support eligible projects as determined by the LEP.

Enterprise Zones

The Council provides accountancy support, collecting Business Rate contributions through its role as agent for the Collection Fund and making payments on its behalf against LEP approved projects as contained in the Enterprise Zone Investment Programme.

Other Roles

England Illegal Money Lending Team

The England Illegal Money Lending Team seizes and holds cash from third parties temporarily as part of its Accountable Body activities on behalf of the Courts.

InReach

The Council set up this wholly owned subsidiary on 31 March 2016. The company will be used to facilitate the development of 92 new private rented homes at market rent at St Vincent Street, Ladywood. The company is not consolidated into the Council's Group Accounts as the level of transactions within the company to date is not considered material to the whole.

NEC Developments Ltd

Following the disposal of the Council's interests in NEC Group Limited, NEC Developments Ltd has a minimal number of transactions going through it in respect of its loan stock. The company is consolidated into the Council's Group Accounts.

Business Rate Pooling

Details of the Greater Birmingham and Solihull Business Rates Pooling Arrangement are set out in Note 48 to these financial statements.

Housing Activities

In support of the activities that it undertakes as part of activities reported in the main Financial Statements, the Council also collects rents and manages properties on behalf of Housing Trusts and Community Associations.

Trusts

The Council provides administrative and accountancy support to a number of trusts.

Endowments

Where the Council receives an endowment, it holds the money in trust and uses the income generated in line with the conditions of the endowment.

Other

The Council provides accountancy support to:

- a number of National and Regional bodies, collecting contributions and making payments on their behalf
- receiving and making payments in respect of service users who require support in managing their resources.

Note 50 Trust Funds

The Council administers a number of trust funds which have been established from donations and bequests made to it to meet a variety of objectives and purposes. The total monies held at 31 March 2016 were £27.4m (2014/15: £27.7m). In addition, the Council held £3.3m (2014/15: £3.5m) of Adult Services Clients' Funds. The trust funds and clients' funds do not represent assets of the Council and have not been included in the Consolidated Balance Sheet. The major trust funds are detailed below.

	Balance at 31 March 2015	Income	Expenditure	Balance at 31 March 2016
	£m	£m	£m	£m
Council acting as Sole Trustee

SUPPLEMENTARY FINANCIAL STATEMENTS 2015/16

Housing Revenue Account Income and Expenditure Statement

The Housing Revenue Account (HRA) reflects a statutory obligation to maintain a revenue account for local authority housing provision in accordance with Part 6 of the Local Government and Housing Act 1989. The Account is required to be self-financing and cannot subsidise or be subsidised by the General Fund. The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. The Council charges rents to cover expenditure in accordance with regulations; this may be different from the accounting cost. The increase or decrease in the year, on the basis of which rents are raised, is shown in the Movement on the HRA Statement.

2014/15		Note	2015/16
£m			£m
	Income		
(260.6)	Dwellings rents		(267.7)
(7.3)	Non-dwellings rents		(6.1)

Movement on the Housing Revenue Account Statement

2014/15		2015/16
£m		£m
(65.4)	(Surplus)/Deficit for the year on the HRA Income and Expenditure Account	(59.0)
65.3	Adjustments between accounting basis and funding basis under statute (note 6)	58.8
(0.1)	Net (increase) / decrease before transfers to / (from) reserves	(0.2)
-	Transfers to / (from) reserves	0.1
(0.1)	(Increase) / decrease for the year on HRA balance	(0.1)
(4.4)	HRA Balance Brought Forward	(4.5)
(4.5)	HRA Balance Carried Forward	(4.6)

Exceptional Items

Included in the Cost of HRA Services is a charge of £0.5m (2014/15: £3.4m credit) in respect of liabilities under Equal Pay legislation. Further details of the provision are given in Note H9. The impact of this provision is reversed out through the Movement in Reserves Statement so that it does not fall as a charge to the HRA until payment is made.

Notes to the Housing Revenue Account

H1. Housing Stock

The types of properties (including Shared Ownership properties) owned by the Council at 31st March comprise:

31 March 2015		31 March 2016
3,734	1 bedroom bungalows	3,726
15,358	1 bedroom flats	15,248
42	1 bedroom houses	47
295	2 bedroom bungalows	292
10,921	2 bedroom flats	10,843
8,494	2 bedroom houses	8,546
34	3 or more bedroom bungalows	35
4,227	3 or more bedroom flats	4,200
19,838	3 or more bedroom houses	19,700
62,943	Total housing stock	62,637

The change in the property numbers is analysed below:

2014/15		2015/16
63,418	Stock at 1 April	62,943
(521)	Sales	(455)
(275)	Demolitions / transfers	(181)
321	Acquisitions	330
62,943	Stock at 31 March	62,637

The Balance Sheet values of HRA non-current assets are as follows:

31 March 2015		31 March 2016
£m		£m
1,665.5	Council dwellings/garages	1,666.9
29.2	Other land and buildings	34.7
1,694.7	Total operational assets	1,701.6
26.9	Non-operational assets	19.9
1,721.6	Total	1,721.5

The housing stock, land and other property within the HRA are valued in line with the DCLG Guidance on Stock Valuation for Resource Accounting published in January 2011. The basis of the valuation for the housing stock element is in accordance with the Royal Institution of Chartered Surveyors using the Existing Use Value - Social Housing basis, which takes open market value for the underlying dwellings and applies a discount factor to reflect the reduced value as a result of use for social housing for 2015/16 of 34%.

The change reflects properties lost through sales, demolitions, acquisitions, and revaluation of Beacon Values and depreciation. £100.5m was spent on HRA dwellings during the year of which £73.3m was impaired as not adding value to the dwellings. This impairment was charged to the revaluation reserve in year.

As at 31 March 2016, the Council also owned 119 dwellings (2015: 137) that were occupied by trespassers following the death or departure of the tenant of that property. These properties are, therefore, not available for social housing. These properties are not considered to have a value whilst they are occupied in this way, but if they were to become available for social housing, their value, on the basis of an Existing Use Value – Social Housing (EUV-SH) would be £3.2m (2015: £3.6m).

The value of the Council dwellings is broken down into components as follows:

31 March 2015		31 March 2016
£m		£m
398.9	Land	404.7
23.8	Kitchens	19.5
31.6	Bathrooms	25.3
70.6	Windows	56.6
43.8	Heating	38.3
38.9	Roofs	33.2
1,057.9	Remaining Structure	1,089.3
1,665.5	Total	1,666.9

H2. Value of Dwellings on Vacant Possession

(a) The vacant possession value of dwellings within the Council's HRA, valued in accordance with the Guidance, as at 31 March 2016 is £4,557.6m.

(b) The difference between the above figure and the figure of £1,666.9m in the Balance Sheet notionally represents diminution in the value of assets caused by their being let at social housing rents, according to the DCLG's stock valuation model as explained in Supplementary Note H1.

H3. Revaluations and Impairment Charges

Revaluations and impairment charges reflect an increase or reduction in the value of property due to the economic environment or an event has occurred to the assets. This could include a decline in demand, obsolescence, and commitments to make significant changes to housing. As disclosed in Supplementary Note H1 there was an impairment of £73.3m made to the carrying value of HRA dwellings to reflect the fact that capital expenditure on the assets did not add equivalent value. In addition a revaluation of the HRA dwellings has identified an increase in value of £30.5m, resulting in a net decrease in value of £42.8m. This decrease has been transferred to a revaluation reserve.

H4. Major Repairs Reserve

A transfer is made to the Major Repairs Reserve each year of a value equivalent to the amount charged to the HRA for depreciation of dwellings based on the componentised valuation of the dwellings and individual component residual lives, to make provision for ongoing elemental renewal over the longer term.

The main movements on the Major Repairs Reserve are set out below:

2014/15		2015/16
£m		£m
44.6	Balance on Major Repairs Reserve at 1 April	15.8
39.3	Amount transferred to Major Repairs Reserve during the year	37.8
(68.1)	Charge to the Major Repairs Reserve during the financial year in respect of capital expenditure on the land, houses and other property within the Council's HRA	(47.8)
15.8	Balance on Major Repairs Reserve at 31 March	5.8

H5. Capital Expenditure on HRA Assets

Expenditure on HRA assets was funded from the following sources:

2014/15		2015/16
£m		£m
17.7	Usable Capital Receipts (Right to Buy / land)	22.2
68.1	Major Repairs Reserve	47.8
29.4	Revenue contributions	20.1
14.0	Prudential Borrowing	4.5
5.9	Other resources	5.9
135.1		100.5

The total capital receipts from disposals of land, houses and other property within the HRA during the financial year was £27.2m (land £6.1m, houses £21.1m). The values for 2014/15 were £35.6m (land £12.8m and houses £22.8m). The Government operates a capital receipts pooling framework and of these amounts £6.5m was paid to Central Government (2014/15: £5.7m).

H6. Depreciation Charges

The total charge for depreciation for the land, houses, and other property within the Authority's HRA is £37.8m (2014/15: £39.3m). The depreciation charge is calculated by reference to an assessment of the remaining useful life of the key components of each individual dwelling valued on a depreciated replacement cost basis.

H7. Contribution from Pension Reserve

The Comprehensive Income and Expenditure Statement includes pension costs calculated in accordance with International Accounting Standard (IAS) 19 as described in detail in Note 11 to the Financial Statements. To ensure that these costs do not affect the level of HRA balances and Council House rents, an appropriation is made from the Pensions Reserve so that the movement in balances only reflects the actual employer's pension contribution.

H8. Rent Arrears

Rent arrears from current tenants at 31 March 2016 totalled £12.1m (2014/15: £11.3m). Other arrears including Housing Benefit overpayments, leaseholder major works and miscellaneous services totalled £22.2m at 31 March 2016 (2014/15: £21.8m).

A provision for bad debts has been made to meet possible future write offs of rent and other services/leaseholder/benefit overpayments. The provision was £28.7m at 31 March 2016 (2014/15: £25.2m) and has been calculated based on value/aged analysis in accordance with Government guidelines.

31 March 2015		31 March 2016
£m		£m
11.3	Current tenants	12.1
11.3	Housing benefit overpayment	13.2
10.5	Other debt (services/leaseholders)	9.0
33.1	Total arrears	34.3
25.2	Provision for bad debts	28.7

H9. Supervision and Management

The Council has recognised that an element of the settlements being agreed in respect of claims under the Equal Pay Act 1970 relate to employees whose employment costs fell on the HRA. Therefore the HRA has been charged its share of the Council's overall Equal Pay liability based on the current estimate of claims. The charge to the HRA relates solely to claims relating to activities correctly charged to the HRA, and amounts to a charge of £0.5m in 2015/16 (2014/15: £3.4m credit). These amounts also include £14.7m that has been set aside in a provision for future years' payments. Statutory arrangements (Capital Regulation 30A) allow the change in provision to be reversed back to an Equal Pay Back Pay Account. The remaining balance on the Equal Pay Back Pay Account will be debited back to the HRA through the Movement in Reserves Statement in future financial years as payments are made.

Collection Fund Income and Expenditure Account

The Collection Fund Income and Expenditure Account reflects the statutory requirement for the Council to maintain a separate Collection Fund for Council Tax and National Non Domestic Rates (NNDR). The statement shows transactions in relation to the collection of income from tax payers and the distribution to major preceptors and the Council itself, as principal. The resulting balance is apportioned between the Council and major preceptors. The table has been restated for 2014/15 to more accurately reflect the sums to be recorded against the Collection Fund and against the Council. The restatement has not changed either the (Surplus)/Deficit in year or the (Surplus)/Deficit carried forward.

2014/15 (Restated)				2015/16

Notes to the Collection Fund**C1. Contributions from Council Taxpayers**

The Council's tax base at January 2015 (the number of chargeable dwellings in each valuation band net of discounts) converted to an equivalent number of Band D dwellings was calculated as follows:

Band	Number of Properties	Ratio	Band D equivalent dwellings
AR	139	5/9	77
A	78,743	6/9	52,495
B	83,521	7/9	64,961
C	56,818	8/9	50,505
D	29,973	1	29,973
E	17,500	11/9	21,389
F	7,819	13/9	11,294
G	5,332	15/9	8,887
H	749	18/9	1,498
Total	280,594		241,079
Less adjustment for collection rate			(6,990)
			234,089

The level of Council Tax is calculated at the beginning of the year and is calculated so as to ensure that the Council has enough money to pay for the services it provides. The amount of tax paid by local residents is based on how much it is estimated that the property they live in would have been worth in 1991. There are nine property valuation bands, AR to H.

The total required by the Collection Fund is divided by the Council Tax base. The Tax base represents the number of properties in the City, expressed as equivalent Band D properties. The level of Council Tax paid for a Band D property is the total income required divided by the Council Tax base, subject to any discounts to which a Council Tax payer may be entitled. The amount is adjusted for discounts and exemptions that particular residents in the City are entitled to.

The figures for the New Frankley in Birmingham Parish are:

Band	Number of Properties	Ratio	Band D equivalent dwellings
AR	2	5/9	1
A	680	6/9	453
B	969	7/9	754
C	84	8/9	75
D	53	1	53
E	1	11/9	1
F	-	13/9	-
G	-	15/9	-
H	1	18/9	2
Total			1,339
Less adjustment for collection rate			(39)
			1,300

C2. Business Ratepayers

The Council collects National Non-Domestic Rates for its area, which are based on local rateable values multiplied by a uniform rate which is set by the Government (48.0p for 2015/16: 47.1p for 2014/15). The total non-domestic rateable value at 31 March 2016 was £1,068.10m (31 March 2015: £1,061.89m). Under the National Non-Domestic Rates Retention Scheme the amount raised each year, less certain reliefs and adjustments, is distributed on the following basis:

- 50% - Central Government
- 49% - Birmingham City Council
- 1% - The West Midlands Fire and Rescue Authority.

C3. Precept Payments

The preceptors on the Council Tax element of the Collection Fund are the City Council, New Frankley in Birmingham Parish Council, the West Midlands Fire and Rescue Authority and the West Midlands Police and Crime Commissioner.

The preceptors on the National Non-Domestic Rates element of the Collection Fund are the City Council, Central Government and the West Midlands Fire and Rescue Authority.

Statement of GROUP Accounts 2015/16

Narrative Report

1 Introduction

- 1.1 This document presents the statutory financial statements for Birmingham City Council Group for the period from 1 April 2015 to 31 March 2016. The financial statements have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015/16 (The Code) published by the Chartered Institute of Public Finance and Accountancy (CIPFA). The aim of the Group Accounts is to provide the reader with an overall view of the material economic activities of the Council.
- 1.2 In common with many other local authorities, the Council uses different forms of service delivery, where this is appropriate. In some cases it has created separate companies with its partners to deliver those services. The use of separate companies and trusts means that the Council's single entity financial statements on their own do not fully reflect the assets and liabilities or income and expenditure associated with all of its activities. The Group Accounts more fully reflect the overall financial picture of the Council's activities.
- 1.3 These Group Accounts have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies of the subsidiaries, associates and jointly controlled entities have been aligned with the policies of the Council, for the purposes of Group Accounts, where materially different. Such adjustments as are necessary to align the Group Accounting policies are made as consolidation adjustments.
- 1.4 This narrative report provides a summary of the Group's financial position and details of material items that have impacted on the accounts during the year.
- 1.5 The financial statements contain a number of technical accounting terms and concepts. A glossary of the major accounting terms has been provided at the end of the financial statements to help the reader's understanding.
- 1.6 The pages which follow contain the Group's Financial Statements for the year ended 31 March 2016, with comparative figures for the previous financial year.

2 Consolidation of Subsidiary and Associate Companies

- 2.1 The Council operates through a variety of undertakings, either exercising full control of an organisation (subsidiary undertakings) or in partnership with other organisations (associate undertakings). To provide a full picture of the activities of the Council, Group Accounts have been prepared which include those organisations where the interest is considered material to the Group as a whole.
- 2.2 The Council disposed of the National Exhibition Centre Limited Group (NEC Ltd) on 1 May 2015 and the group accounts have included the activity of that company for the period to the date of disposal.
- 2.3 The Council has included two companies into its Group consolidation for the first time as the activity in the companies is considered material to the whole, namely:

- PETPS (Birmingham) Limited, which has taken on the employer responsibility for the pension liabilities of the NEC Ltd on its disposal has been included as a subsidiary company, and
- Paradise Circus General Partner Limited, a partnership between the Council and BRITEL Funds Trustees Limited for the development of the Paradise Circus area of the City, has been included as an associate company.

2.4 The Group Accounts consolidate the Council's accounts with those of:

Subsidiaries

- Acivico Limited
- Birmingham Museums Trust
- Innovation Birmingham Limited
- National Exhibition Centre Limited (including NEC Finance Plc) for the period to 1 May 2015
- National Exhibition Centre (Developments) Plc
- Performances Birmingham Limited
- PETPS (Birmingham) Limited

Associates

- Birmingham Airport Holdings Limited
- Paradise Circus General Partner Limited
- Service Birmingham Limited

2.5 Further detail regarding the Council's relationship with the above companies is given in notes G23 and G24.

2.6 The Council also maintains involvement with a number of other related entities where the assets and liabilities of the companies are not included in these Group Accounts. Where these entities fall within the Group boundary as subsidiaries, associates or jointly controlled entities they have been excluded from consolidation on the grounds of materiality. Otherwise they do not fall within the Group boundary due to the Council's limited control or influence. Further details are set out in Note 48 to the Council's accounts.

3 Changes in Group Structure

3.1 On 16 January 2015, the Council announced that it had entered into a binding agreement to sell the National Exhibition Centre Limited (NEC Ltd) to Lloyds Development Capital, the private equity arm of Lloyds Banking Group. The sale was completed on 1 May 2015.

3.2 The sale involved a number of transactions, the key ones being:

- Disposal of the Council's interests in NEC Ltd;
- The transfer of the on-going funding of the NEC defined benefit pension schemes to PETPS (Birmingham) Limited, a wholly owned subsidiary of the Council, which is consolidated in these Group financial statements;
- The termination and re-signing of existing lease arrangements.

3.3 The assets held in the Group's financial statements in 2014/15 that were related to the disposal of NEC Ltd were categorised as Assets Held for Sale. Additional

information is included in the relevant Group notes and in the Council's financial statements for clarity.

4 Introduction of new Accounting Standards

- 4.1 The Financial Reporting Council introduced FRS102, *The Financial Reporting Standard applicable in the UK and Republic of Ireland*, as a replacement for UK Generally Accepted Accounting Practice (UK GAAP), for the preparation of accounts beginning on or after 1 January 2015. The new accounting standards, whilst changing the format and disclosure requirements in the accounts, may also impact on the amounts being reported as the measurement basis may have changed.
- 4.2 A number of companies that are consolidated into the Council's Group Accounts have now adopted FRS102 for the first time. The impact on the reporting amounts in the companies' accounts has been minimal. In aligning accounting policies for consolidation, the Council has historically adjusted company accounts to an IFRS basis.

5 The Main Financial Statements

- 5.1 The following statements consolidate the accounts of the Council with those of its subsidiaries and associates. Transactions between the Council and its Group entities are eliminated on consolidation.
- 5.2 Group Movement in Reserves Statement (GMiRS) – provides a reconciliation of the movement in year on the different reserves held and how the balance of resources generated or used in the year reconciles to the Council's statutory requirements for raising Council Tax.
- 5.3 The Group Comprehensive Income and Expenditure Statement (GCIES) – provides the accounting cost in year recognised by the Group, in a specified format, in accordance with generally accepted accounting practices. Details of the net surplus/(deficit) on the provision of services is detailed below.

	2014/15		2015/16	
	Entity £m	Group £m	Entity £m	Group £m
Surplus/(Deficit) on Provision of Services	(71.0)	(40.9)	(85.2)	(77.9)

- 5.4 The 2015/16 GCIES shows an increase of £37.0m in the net cost of services compared to 2014/15. Whilst there have been reductions in service expenditure, these have been offset by the reductions in income, mainly from government grants, and the exceptional payment detailed in the Council's entity statements.
- 5.5 Group Balance Sheet – shows the value of assets and liabilities recognised by the Group at 31 March 2016 and the level of reserves, split into usable and unusable.

	2014/15		2015/16	
	Entity £m	Group £m	Entity £m	Group £m
Long Term Assets	5,156.3	5,200.2	5,295.7	5,233.7
Current Assets	685.4	709.8	418.6	428.2
Current Liabilities	(1,301.1)	(1,368.2)	(1,071.7)	(1,077.7)
Long Term Liabilities	(5,768.6)	(5,881.5)	(5,437.6)	(5,431.5)
Net Assets/(Liabilities)	(1,228.0)	(1,339.7)	(795.0)	(847.3)
Represented by				
Usable Reserves	626.0	519.9	895.7	831.1
Unusable Reserves	(1,854.0)	(1,859.6)	(1,690.7)	(1,678.4)
Total Reserves	(1,228.0)	(1,339.7)	(795.0)	(847.3)

- 5.6 The net liability has reduced by £492.4m to £847.3m. This is mainly due to reductions in the net liability on defined benefit pension schemes and the reduction in provision by the Council for Equal Pay claims.
- 5.7 Group Cash Flow Statement – shows how the Group generates and uses cash during the year and the impact this has on the balances of cash and cash equivalents.

Group Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held, analysed into 'usable reserves' (that is, those that can be applied to fund expenditure or reduce local taxation) and other reserves.

	General Fund Balance	Earmarked General Fund Reserves	Housing Revenue Account	Capital Receipts	Major Repairs Reserve	Capital Grants Unapplied Account	Total Usable Reserves	Unusable Reserves	Total Council Reserves	Council's Share of Reserves of Subsidiaries, Associates and Joint Ventures	Total Group Reserves

21.0	Cash and cash equivalents at the end of the reporting period		48.0

Note G1
Accounting Policies

The Group Financial Statements summarise the Council's and Group's transactions for the 2015/16 financial year. The Group Financial Statements have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2015/16, supported by International Financial Reporting Standards (IFRS).

Members within the Group have been classified as either subsidiaries or associates with details included in respect of the classification within Notes G23 and G24. Subsidiaries have been consolidated into the Group Financial Statements on a line by line basis, with associates consolidated under the equity method.

Investments in associates are carried at cost rather than fair value.

Notes to the Group Financial Statements have been presented where the figures are materially different from those of the Council's entity accounts. Where there are not material differences, the Notes to the Council's entity accounts provide the required disclosures.

Accounting policies of the individual members of the Group have been aligned to the Council's accounting policies. The implementation of FRS102 for the first time means that the level of adjustments required is minimised.

The accounting policies applied to the Group Financial Statements are consistent with those set out in Note 1 to the Council entity financial statements, with additional policies specific to the Group set out below.

Derivative Financial Instruments and Hedging Activities

The Group used foreign currency forward contracts to mitigate the adverse currency exchange risk on trade receivables. These contracts were treated as a trading instrument with fair value movements on the derivative being recognised immediately through the income statement. At 31 March 2015 NEC Ltd had entered into forward contracts totalling €3.65m all of which were due to mature within 24 months.

Defined Contribution Pension Schemes

The NEC Limited Group funded two defined benefit schemes, which ceased to provide future service accrual with effect from 30 June 2010 and operated two contributory benefit schemes comprising a Stakeholder Scheme to which only members contribute, and a Group Personal Pension Plan where the company matched member contributions to an agreed maximum. The schemes transferred to PETPS (Birmingham) Limited on 1 May 2015 on the Council's disposal of NEC Ltd. Further information may be found in Note G20.

Defined Benefit Pension Scheme

Acivico Limited and Birmingham Museums Trust participate in the Local Government Pension Scheme (LGPS). The scheme is a funded defined benefit scheme based upon career average salary for benefits accrued since 1 April 2014 and on final pensionable salary for benefits accrued to 31 March 2014. Further information may be found within the Council's entity accounting policies and Note G20.

Note G2 Critical Judgements in Applying Accounting Policies

National Exhibition Centre

On 16 January 2015, the Council announced that it had entered into a binding agreement for the disposal of The National Exhibition Centre Ltd (NEC Ltd) to Lloyds Development Capital, the private equity arm of Lloyds Banking Group.

The Council considered the criteria within IFRS 5, Non-current Assets Held for Sale and Discontinued Operations, and determined that the tests for recognition of the assets and liabilities within the Balance Sheet as a disposal group in Assets Held for Sale were met at the 2014/15 Balance Sheet Date. The Council, therefore, recognised those NEC assets and liabilities subject to the disposal as Assets Held for Sale at the year end, which required a transfer from their previous Balance Sheet categories.

The disposal of the NEC was completed on 1 May 2015.

Other critical judgements relating to the Council in applying Accounting Policies are provided in Note 3 to the Council entity accounts.

There are no additional material judgements to report in respect of the remaining Group Entities.

Note G3 Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty

Assumptions made about future and other major sources of estimation and uncertainty are provided in Note 4 to the Council entity accounts.

There are no additional material assumptions to report in respect of the remaining Group Entities.

Note G4 Discontinued Operations

Discontinued operations relate to those activities undertaken by the NEC Ltd, which the Council disposed of on 1 May 2015. Responsibility for the closed pension schemes that were operated by NEC Ltd have been retained in PETPS (Birmingham) Limited, a wholly owned subsidiary of the Council. The identification of the activities affected by the disposal are shown in the Comprehensive Income and Expenditure Statement and Balance Sheet and detailed below for information.

Comprehensive Income and Expenditure Statement

2014/15			2015/16			
Gross Expenditure £m	Gross Income £m	Net Expenditure £m		Gross Expenditure £m	Gross Income £m	Net Expenditure £m
120.6	(139.3)	(18.7)	Discontinued Operations	12.0	(13.5)	(1.5)

Note G5 Financing and Investment Income and Expenditure

Financing and Investment Income and Expenditure disclosed in the Group Comprehensive Income and Expenditure Statement comprises the following.

2014/15				2015/16		
Gross Expenditure £m	Income £m	Net £m		Gross Expenditure £m	Income £m	Net £m
201.5	-	201.5	Interest Payable and Similar charges	190.5		190.5
75.9	(0.6)	75.3	Net interest on the net defined benefit liability	73.2	(2.0)	71.2
-	(16.4)	(16.4)	Interest Receivable and similar income		(14.2)	(14.2)
64.3	(64.2)	0.1	(Surplus)/Deficit on trading operations not consolidated within Service Expenditure Analysis in Comprehensive Income and Expenditure Statement	59.8	(61.2)	(1.4)
-	(6.1)	(6.1)	Other investment income and expenditure		(20.7)	(20.7)
341.7	(87.3)	254.4	Sub Total	323.5	(98.1)	225.4
11.1		11.1	Discontinued Operations included in Above	-	-	-
330.6	(87.3)	243.3	Total	323.5	(98.1)	225.4

Note G6 Changes in Group Reserves accounted for through Equity

The National Exhibition Centre (Developments) PLC was set up to provide additional exhibition space, financed by a loan stock issue of £73m, at the NEC site. Since the disposal of NEC Ltd, the Council has given a guarantee to NEC (Developments) PLC, as part of the disposal arrangements of assets held by the company, for the loan stock and made payments to the company to enable it to meet its liabilities as they fall due.

NEC (Developments) PLC has accounted for activities with the Council, £43.5m as adjustments to capital contributions, thereby, reducing member equity in the company.

Note G7 Property, Plant and Equipment

Details of the Group Property, Plant and Equipment are set out below.

Movements on Balances:2015/16

	Council dwellings £m	Other land and buildings £m	Vehicles, plant, furniture & equipment £m	Infrastructure assets £m	Community assets £m	Surplus Assets £m	Assets under construction £m	Total Property, Plant and Equipment £m	PFI / Service Concession assets Included in Property, Plant and Equipment £m

Further details on the Council's policies for fixed asset revaluations and depreciation are provided in Note 20 to the Council entity accounts. Buildings assets held by Innovation Birmingham Group Limited have been valued as at 31 March 2016.

Note G8 Assets Held for Sale

The following table shows the value of assets whose carrying amount will be recovered principally through a sale transaction rather than through its continuing use.

	Current	
	2014/15	2015/16
	£m	£m
Balance outstanding at start of year	11.8	288.3
Assets newly classified as held for sale:		
- Property, plant and equipment	224.7	3.3
- Intangible assets	2.7	-
- Other assets/(liabilities) in disposal groups	60.7	-
Revaluation losses	-	(25.1)
Revaluation gains	1.4	-
Impairments (losses)/reversals	(1.1)	(0.1)
Assets declassified as held for sale:		
- Property, plant and equipment	(5.2)	-
Assets sold	(6.5)	(262.2)
Other Movements	(0.2)	-
Balance outstanding at year end	288.3	4.2

Liabilities in Disposal Groups 70.6

Included within Assets Held for Sale in 2014/15 were those assets of the National Exhibition Centre which the Council disposed of on 1 May 2015. The assets held by the Group at 31 March 2015, fair value of £283.8m, which formed part of the NEC disposal agreement were a combination of land and buildings and other assets and liabilities.

The Liabilities in 2014/15 related to the NEC Ltd are shown separately on the balance sheet under Liabilities in Disposal Groups.

Details of the other Assets Held for Sale are set out in Note 27 to the Council entity accounts.

Note G9

Financial Instruments

Investments

The following short term investments are brought into the Group Financial Statements upon group consolidation:

	<u>Short-term</u>	
	31 March 2015	31 March 2016
	£m	£m
Investments		
Loans and receivables	1.5	-

Debtors and Cash

Debtors and cash consolidated as part of the Group Financial Statements are classified as loans and receivables. Further information on Group debtors is provided in Note G10.

Creditors

Short term creditors consolidated as part of the Group Financial Statements are classified as financial liabilities at amortised cost. Further information on Group creditors is provided in Note G11.

Long term creditors consolidated as part of the Group Financial Statements relate to debt issued by NEC (Developments) plc on the London Stock Exchange. The following long term creditors are brought into the Group Financial Statements upon group consolidation.

	<u>Long-term</u>	
	31 March 2015	31 March 2016
	£m	£m
Creditors		
Financial liabilities at amortised cost	(73.2)	(73.2)

Income, Expense, Gains and Losses

These amounts in the Group Financial Statements are not considered materially different from those in the Council entity accounts.

Fair Values of Assets and Liabilities

The amounts consolidated as part of the Group Financial Statements are not considered significantly different from the carrying amounts.

Nature and extent of risks arising from financial instruments

The nature and extent of risks from financial instruments arising in the Group Financial Statements are not considered materially different from those in the Council entity accounts.

Note G10 Short Term Debtors

The table below shows amounts owed to the Council's Group undertaking at the end of the year that are due within 12 months. These balances have been split by type of organisation.

31 March 2015		31 March 2016
£m		£m
62.4	Central government bodies	48.6
12.2	Other local authorities	19.7
9.7	NHS bodies	5.0
0.1	Public corporations and trading funds	1.7
217.3	Other entities and individuals	206.2
301.7	Total	281.2

Note G11 Short Term Creditors

The table below shows amounts owed by the Council Group undertaking at the end of the year that are due within 12 months, split by type of organisation.

31 March 2015		31 March 2016
£m		£m
(30.3)	Central government bodies	(40.3)
(5.7)	Other local authorities	(5.8)
(5.9)	NHS bodies	(3.8)
(33.6)	Public corporations and trading funds	(36.2)
(263.4)	Other entities and individuals	(243.3)
(338.9)	Total	(329.4)

Note G12 Usable Reserves

Details of the Group's usable reserves are detailed below.

31 March 2015		31 March 2016
£m		£m
332.5	General Fund	227.7
16.3	Capital Receipts Reserve	312.1
347.5	Earmarked General Fund Reserves	389.3
4.5	Housing Revenue Account (HRA)	4.7
15.8	Major Repairs Reserve	5.8
104.1	Capital Grants Unapplied	73.0
(279.0)	Profit and Loss Reserve	(144.2)
(8.7)	Designated Funds	(19.0)
(17.9)	Other Charitable Funds	(23.1)
4.8	Merger Reserve	4.8
519.9	Total	831.1

Further analysis is provided below for material usable reserves.

Movements in the General Fund are set out in the Council and Group Movement in Reserves Statements, further supported by Note 6 to the Council's entity accounts. Differences arising on group consolidation are set out in Note G21 to the Group Accounts.

Profit and Loss Reserve

The Profit and Loss Reserve consolidates in the in-year results for subsidiaries. In the Group Financial Statements it is kept separate from the General Fund given the specific statutory restrictions that apply to the General Fund. Depreciation charges in subsidiaries remain as charges to the Profit and Loss Reserve.

2014/15		2015/16
£m		£m
(247.0)	Balance at 1 April	(279.0)
(32.0)	In year profit and loss result for subsidiaries, adjusted for Group accounting policies and elimination of intra-group transactions	134.8
(279.0)	Balance at 31 March	(144.2)

Note G13 Unusable Reserves

The following table shows the value of Group reserve balances that have come about as a result of accounting adjustments and are not therefore available to spend.

31 March 2015		31 March 2016
£m		£m
787.2	Revaluation Reserve	981.6
271.4	Capital Adjustment Account	(241.5)
(29.7)	Financial Instrument Adjustment Account	(27.9)
50.1	Deferred Capital Receipts	30.0
(2,356.1)	Pensions Reserve	(2,087.7)
(13.8)	Collection Fund Adjustment Account	(22.9)
(561.3)	Equal Pay Back Pay Account	(299.6)
(21.6)	Accumulated Absences Account	(16.9)
0.8	Available for Sale Financial Instruments Reserve	0.2
0.7	Called up Share Capital	0.7
4.5	Restricted Funds	5.6
8.2	Share Premium Account	-
(1,859.6)	Total	(1,678.4)

Further analysis is provided below for unusable reserves which are materially different from the balances included in the Council entity accounts.

Revaluation Reserve

The Revaluation Reserve contains the gains made by the Group arising from increases in the value of its Property, Plant, Equipment, Heritage Assets and Intangible Assets. The balance is reduced when assets with accumulated gains are:

- revalued downwards or impaired and the gains are lost
- used in the provision of services and the gains are consumed through depreciation, or
- disposed of and the gains are realised.

For amounts arising in the Council, the Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

2014/15		2015/16
£m		£m
852.0	Balance at 1 April	787.2
	Revaluations not posted to Surplus/Deficit on the Provision of Services	
217.7	Council: Upward revaluation of assets	410.9
(101.6)	Council: Downward revaluation of assets	(80.1)
(124.2)	Council: Impairment (losses)/reversals not charged to the Surplus/Deficit on the Provision of Services	(73.3)
(8.1)	Council: Surplus/(Deficit) on revaluation of non-current assets not posted to the Surplus or Deficit on the Provision of Services	257.5
	Amounts written off to the Capital Adjustment Account	
(9.4)	Council: Difference between fair value depreciation and historical cost depreciation	(8.3)
(25.7)	Council: Accumulated gains on assets sold or scrapped	(17.4)
(10.8)	Council: Adjustment for transfer of land to Investment Property	-
(45.9)	Council: Amount written off to the Capital Adjustment Account	(25.7)
	Group Movements	
-	Increase in Group's share of revaluation reserve resulting from increased stake in entity	
(10.8)	Other movements in reserve in Group entities	(37.4)
(10.8)	Total Group Movements	(37.4)
787.2	Balance at 31 March	981.6

Note G14**Cash Flow Statement - Operating Activities**

The cash flows from operating activities include the following items:

2014/15		2015/16
£m		£m
(16.4)	Interest Received	(14.2)
201.5	Interest Paid	190.5
(6.2)	Dividends Received	(20.7)

Note G15 Cash Flow Statement - Investing Activities

The cash flows from investing activities include the following items:

2014/15		2015/16
£m		£m
(345.6)	Purchase of property, plant and equipment, investment property and intangible assets	(326.8)
(3,191.8)	Purchase of short-term and long-term investments	(3,289.0)
	Other payments for investing activities	
57.9	Proceeds from the sale of property, plant and equipment, investment property and intangible assets	580.0
3,228.1	Proceeds from short-term and long-term investments	3,305.4
0.3	Other receipts from investing activities	0.6
	Net cash acquired with subsidiary	
(251.1)	Net cash flows from investing activities	270.2

Note G16 Cash Flow Statement - Financing Activities

The cash flows from financing activities include the following items:

2014/15		2015/16
£m		£m
68.7	Other receipts from financing activities	103.7
2,069.8	Cash receipts of short-term and long-term borrowing	1,055.0
(28.5)	Cash payments for the reduction of the outstanding liabilities relating to finance leases and on-balance sheet PFI contracts	(40.2)
(2,014.3)	Repayments of short-term and long-term borrowing	(1,211.8)
(3.6)	Other payments for financing activities	8.7
92.1	Net cash flows from financing activities	(84.6)

Note G17 Amounts Reported for Resource Allocation Decisions (Segmental Analysis)

Details of the Authority's Segmental Analysis are provided in Note 19 to the Council entity accounts.

Net expenditure reported to the Cabinet and Directorates detailed within Note 19 to the Council entity accounts is unchanged by the consolidation of the group entities and has therefore been excluded. The Segmental Analysis reconciliation to both the Cost of Services in the Comprehensive Income and Expenditure Statement and the Council's Subjective Analysis are as follows:

Reconciliation of Directorate Net Expenditure to Cost of Services in the Group Comprehensive Income and Expenditure Statement

	2014/15	2015/16
	£m	£m
Net expenditure	1,021.3	913.6

Note G19**Leases****Group as the lessee****Finance leases**

Details of the Council's finance leases are provided in Note 42 to the Council entity accounts.

Operating leases

Details of the Council's operating leases are provided in Note 42 to the Council entity accounts.

Group as the lessor**Finance leases**

Details of the Council's finance leases are provided in Note 42 to the Council entity accounts.

Birmingham City Council is the lessor for premises leased to Innovation Birmingham Group Limited (IBL). As a group subsidiary entity, these leases are eliminated from the group accounts. The information in the section below provides details of the material leases with group entities, which are to be excluded from the disclosures provided in Note 42 to the Council entity accounts in deriving the group disclosures.

31 March 2015 £m		31 March 2016 £m
	Finance lease debtor (net present value of minimum lease payments)	
-	- Current	-
7.7	- Non current	7.7
14.0	Unearned finance income	13.8
(0.1)	Unguaranteed residual value of property	(0.1)
21.6	Gross investment in the lease	21.4

The gross investment in the lease and the minimum lease payments will be received over the following periods:

	Gross investment in the lease		Minimum lease payments	
	31 March 2015 £m	31 March 2016 £m	31 March 2015 £m	31 March 2016 £m
Not later than one year	-	-	0.2	0.2
Later than one year and not later than five years	0.1	0.1	0.7	0.7
Later than five years	7.6	7.6	20.7	20.5
Total	7.7	7.7	21.6	21.4

Note G20 Defined Benefit Pension Schemes

Details of the Council's involvement in the Teachers' Pensions Scheme and Local Government Pension Scheme are provided in Notes 10 and 11 to the Council entity accounts.

PETPS Limited

Following completion of the sale of the NEC Group by the Council on 1 May 2015, NEC Limited was replaced as principal employer by PETPS (Birmingham) Limited (PETPS), a wholly owned subsidiary of the Council, which assumed the ongoing funding obligation of the NEC Limited Pension Fund (the Fund) and the NEC Executive Pension Scheme (the Scheme) with the agreement of the pension trustees. The Fund and the Scheme had ceased to provide future service accrual with effect from 30 June 2010.

The Fund and the Scheme are defined benefit schemes, operating under UK trust law, which pay out pensions at retirement based on service and final pay. The trustee boards of the Fund and the Scheme are independent of the Council and are responsible for setting certain policies (for example, investment and contribution policies).

Under the guarantees provided, the Council is responsible for meeting the current and future contingent funding obligations. The Fund and the Scheme therefore expose the Council to actuarial risks, such as longevity, currency, interest rate and market (investment) risk.

The assets of the Fund and the Scheme are held separately from those of PETPS and the Council. On the advice of an independent qualified actuary, contribution payments are made to the Fund and the Scheme by the Council to ensure that the assets are sufficient to cover future liabilities. Assets of the Fund and the Scheme are measured using fair market values.

The retirement benefit obligations in respect of the defined benefit schemes as calculated in accordance with IAS 19 (revised 2011) are disclosed below. Comparative figures for 2014/15 for the Fund and the Scheme have been provided.

Balance Sheet

The following amounts have been recognised in the PETPS' Balance Sheet and so consolidated into the Group Balance Sheet.

	31 March 2015	31 March 2016
	£m	£m
Present value of funded obligations	(177.8)	(171.2)
Fair value of plan assets	141.2	157.4
Deficit for funded plans	(36.6)	(13.8)
Unrecognised asset due to the asset ceiling	-	-
Retirement Benefit Obligation	(36.6)	(13.8)

Income Statement

The amounts recognised in PETPS Income Statement and consolidated into the Group Consolidated Income and Expenditure Statement are as follows:

	2014/15 £m	2015/16 £m
Operating Cost:		
Administration Expenses	-	0.4
Current Service Cost	-	-
Included in Operating Cost	-	0.4
Financing Costs:		
Interest cost on pension scheme liabilities	6.5	5.9
Interest income on plan assets	(5.5)	(5.3)
Net interest cost	1.0	0.6
Total income statement expense	1.0	1.0

Other Comprehensive Income

The amounts recognised in PETPS' Other Comprehensive Income and consolidated into the Group Consolidated Other Comprehensive Income are as follows:

	2014/15 £m	2015/16 £m
Return on plan assets in excess of interest income	10.1	(4.1)
Actuarial gain/(loss) on liabilities due to changes in financial assumptions	(24.9)	3.9
Actuarial gain/(loss) on liabilities due to changes in demographic assumptions	0.5	1.7
Actuarial gain/(loss) on liabilities due to experience	1.3	1.8
Remeasurement gain/(loss) recognised during the period	(13.0)	3.4

Reconciliation of Liabilities and Assets

Movements in the retirement benefit obligations are as follows:

	2014/15 £m	2015/16 £m
Beginning of Period	(152.8)	(177.8)
Interest Cost	(6.5)	(5.9)
Actuarial gain/(loss) on liabilities due to changes in financial assumptions	(24.9)	3.9
Actuarial gain/(loss) on liabilities due to changes in demographic assumptions	0.5	1.7
Actuarial gain/(loss) on liabilities due to experience	1.3	1.8
Benefits Paid	4.6	5.0
Present value of obligation at 31 March	(177.8)	(171.2)

Movements in the fair value of plan assets are as follows:

	2014/15	2015/16
	£m	£m
Beginning of Period	128.2	141.2
Interest income on plan assets	5.5	5.3
Return on plan assets in excess on interest income	10.1	(4.1)
Contributions by employer	2.0	20.5
Administration expenses paid	-	(0.4)
Benefits paid	(4.6)	(5.0)
Fair value of plan assets at 31 March	141.2	157.4

Movements in the reimbursement right are as follows:

	2014/15	2015/16
	£m	£m
Surplus/(Deficit) at start of year	(24.6)	(36.6)
Expense (charge)/credit	(1.0)	(1.0)
Employer contributions	2.0	20.5
Remeasurement gain/(loss) in Other Comprehensive Income	(13.0)	3.4
Surplus/(Deficit) at end of year	(36.6)	(13.7)

Plan Assets

The major categories of plan assets are as follows:

	31 March 2015		31 March 2016	
	£m	%	£m	%
Equities, GTAA and hedge funds	66.0	47	74.6	47
Bonds and Cash	28.9	20	62.6	40
Property	13.0	9	13.8	9
Gilts	33.3	24	6.4	4
	141.2	100	157.4	100

Assumptions

The principal assumptions made by the actuary were:

	1 May 2015	31 March 2016
	%	%
Discount rate	3.4	3.5
RPI Inflation rate	3.0	3.1
CPI Inflation rate	2.0	2.1
Future Pension increases		
- pension accrued prior to 5 April 2005	2.9	3.0
- pension accrued after 5 April 2005	2.1	2.1

The base mortality assumptions of the Fund are based on SAPS tables (S1 series) and for the Scheme are based on SAPS light tables (S1 series). Future improvements are based on the CMI 2015 projection with long term rate of improvement of 1.25% pa (2014/15: 1.25%).

The life expectancy for members as at the balance sheet date:

	1 May 2015		31 March 2016	
	Years		Years	
	Fund	Scheme	Fund	Scheme
Male: member aged 65 (current life expectancy)	22.2	23.9	22.0	23.7
Female: member aged 65 (current life expectancy)	24.6	25.2	24.4	25.0
Male: member aged 45 (life expectancy at age 65)	23.9	25.5	23.7	25.4
Female: member aged 45 (life expectancy at age 65)	26.5	27.1	26.3	26.9

Sensitivity Analysis

An increase of 0.25% in the discount rate would decrease the retirement benefit obligations by £8.8m

An increase of 0.25% in the inflation rate would increase the retirement benefit obligations by £9.3m

An increase of one year to life expectancy would increase the retirement benefit obligations by £6.4m

The duration of the plan liabilities is approximately 22 years

Expected Contributions for 2016/17

The Council is not expected to pay contributions in respect of the Fund or Scheme in the 2016/17 financial year.

Acivico Limited Group

The Company's subsidiary companies participate in the West Midlands Pension Fund, a Local Government Pension Scheme.

The information disclosed below is in respect of the whole of the plans for which the Company is either the sponsoring employer or has been allocated a share of cost under an agreed group policy throughout the periods shown.

	2014/15 £m	2015/16 £m
Present value of funded defined benefit obligations	(48.9)	(49.7)
Fair value of plan assets	46.4	47.6
Net (Liability)/Asset	(2.5)	2.2

Movements in the present value of defined benefit obligation:

	2014/15 £m	2015/16 £m
Balance at beginning of period	38.1	48.9
Current service cost	1.2	2.3
Interest cost	1.8	1.6
Actuarial (gains)/losses	8.2	(3.2)
Contributions by members	0.4	0.6
Curtailment	0.1	-
Benefits paid	(0.9)	(0.5)
31 March	48.9	49.7

Movements in the fair value of plan assets:

	2014/15 £m	2015/16 £m
Balance at beginning of period	40.0	46.4
Interest on assets	1.8	1.6
Gain/loss on settlement or curtailment	4.3	(1.7)
Past service cost	-	-
Contributions	1.1	1.8
Benefits paid	(0.9)	(0.5)
31 March	46.4	47.6

Expense recognised in the profit and loss account:

	2014/15 £m	2015/16 £m
Operating Cost:		
Current Service Cost	1.2	2.3
Included in Operating Cost	1.2	2.3
Financing Costs:		
Interest cost on pension scheme liabilities	1.8	1.6
Interest income on plan assets	(1.8)	(1.6)
Net interest cost	-	-
Total income statement expense	1.2	2.3

Other Comprehensive Income

The amounts recognised in Acivico's Other Comprehensive Income and consolidated into the Group Consolidated Other Comprehensive Income are as follows:

	2014/15	2015/16
	£m	£m
Actuarial (gain)/loss on liabilities	8.2	(3.2)
(Gain)/loss on settlement or curtailment	0.1	-
Actuarial (gain)/loss on plan assets	(4.3)	1.7
Remeasurement (gain)/loss recognised during the period	4.0	(1.5)

The fair value of the plan assets and the return on those assets were as follows:

	2014/15		2015/16	
	Fair Value	Fair Value	Fair Value	Fair Value
	£m	%	£m	%
Equities	27.4	59	28.8	60
Government Bonds	3.7	8	3.7	8
Other Bonds	4.9	10	2.2	5
Property	4.0	9	3.9	8
Cash/Liquidity	1.9	4	2.2	5
Other	4.5	10	6.8	14
Total	46.4	100	47.6	100

Principal actuarial assumptions (expressed as weighted averages) at the year-end were as follows:

	2014/15	2015/16
	%	%
Discount rate	3.3	3.8
Future salary increases	3.8	4.0
Future pension increases	2.0	2.2

In valuing the liabilities of the pension fund at 31 March 2016, mortality assumptions have been made as indicated below.

The life expectancy for members as at the balance sheet date:

	31 March 2015	31 March 2016
Male: member aged 65 (current life expectancy)	22.9	23.0
Female: member aged 65 (current life expectancy)	25.5	25.7
Male: member aged 45 (life expectancy at age 65)	25.1	25.3
Female: member aged 45 (life expectancy at age 65)	27.8	28.0

Birmingham Museums Trust Limited

The Museums Trust participates in the West Midlands Pension Fund, a Local Government Pension Scheme, for those staff who transferred from the Council to the Trust.

The information disclosed below is in respect of the whole of the plans for which the Company is either the sponsoring employer or has been allocated a share of cost under an agreed group policy throughout the periods shown. The information for 2014/15 has been presented on the basis of FRS102 for comparative purposes.

	2014/15 £m	2015/16 £m
Present value of funded defined benefit obligations	(15.1)	(14.4)
Fair value of plan assets	13.8	13.8
Net (Liability)/Asset	(1.3)	(0.6)

Movements in the present value of defined benefit obligation:

	2014/15 £m	2015/16 £m
Balance at beginning of period	11.2	15.1
Current service cost	0.4	0.4
Interest cost	0.5	0.5
Change in financial assumption	2.9	(1.4)
Contributions by members	0.1	0.1
Past service cost, including curtailments	-	0.2
Benefits paid (net of transfers in)	(0.1)	(0.4)
31 March	15.1	14.4

Movements in the fair value of plan assets:

	2014/15 £m	2015/16 £m
Balance at beginning of period	11.7	13.8
Interest on assets	0.5	0.5
Return on assets	1.3	(0.5)
Contributions by employer	0.3	0.4
Contributions by members	0.1	0.1
Benefits paid (net of transfers in)	(0.1)	(0.4)
31 March	13.8	13.8

Expense recognised in the profit and loss account:

	2014/15 £m	2015/16 £m
Current service cost	0.4	0.4
Interest on defined benefit pension plan obligation	0.5	0.5
Curtailment	-	0.2
Expected return on defined benefit pension plan assets	(0.5)	(0.5)
Total	0.4	0.6

The expense is recognised in the following line items in the profit and loss account:

	2014/15 £m	2015/16 £m
Administrative expenses	0.4	0.4
Other interest receivable and similar income	-	0.2
	0.4	0.6

The fair value of the plan assets and the return on those assets were as follows:

	2014/15 Fair Value		2015/16 Fair Value	
	£m	%	£m	%
Equities	8.1	59	8.4	61
Government Bonds	1.1	8	1.1	8
Other Bonds	1.5	11	0.6	5
Property	1.2	9	1.1	8
Cash/Liquidity	0.6	4	0.6	4
Other	1.3	9	2.0	14
Total	13.8	100	13.8	100
Actual return on plan assets:	1.8		(0.1)	

Principal actuarial assumptions (expressed as weighted averages) at the year-end were as follows:

	2014/15 %	2015/16 %
Discount rate	3.4	3.9
Future salary increases	3.9	4.0
Future pension increases	2.1	2.2
Rate of CPI inflation	2.1	2.2

In valuing the liabilities of the pension fund at 31 March 2016, mortality assumptions have been made as indicated below. If life expectancy had been changed to assume that all members of the fund lived for one year longer, the value of the reported liabilities at 31 March 2016 would have increased by £1.4m.

The assumptions relating to longevity underlying the pension liabilities at the balance sheet date are based on standard actuarial mortality tables and include an allowance for future improvements in longevity. The assumptions are equivalent to expecting a 65-year old to live for a number of years as follows:

Life expectancy from age 65 years	2014/15	2015/16
Retiring today: male	23.0	23.0
: female	25.6	25.7
Retiring in 20 years: male	25.2	25.3
: female	28.0	28.0

Note G21**Adjustments between Group Accounts and Council Accounts**

The following adjustments are made in the Groups Movement in Reserves Statement in order to reconcile the General Fund balance back to its Council position prior to funding basis adjustments being made.

	General Fund Balance £m	Earmarked General Fund Reserves £m	Housing Revenue Account (HRA) £m	Capital Receipts Reserve £m	Major Repairs Reserve £m	Capital Grants Unapplied £m	Total Usable Reserves £m	Unusable Reserves £m	Total Council Reserves £m	Council's Share of Reserves of Subsidiaries, Associates and Joint Ventures £m	Total Group Reserves £m
<u>2014/15</u>											
Intra group loans	-						-		-	-	-

Note G23**Subsidiary Companies**

The Council maintains involvement with a number of subsidiary and associate companies where the assets and liabilities of these companies are not included in the Council's core financial statements. Group Financial Statements have been prepared in accordance with the Code.

The subsidiaries that have been consolidated into the group financial statements are listed below. On 1 May 2015, the Council disposed of its interests in The National Exhibition Centre Limited Group and has included only the activity up to that date in these financial statements.

I. The National Exhibition Centre (Developments) Plc

The company was set up to provide an additional 30,000 square metres of exhibition space in four halls. The building was financed by a loan stock issue of £73 million by the company which is guaranteed by the Council. The Council has held all 1,000 issued ordinary shares of £1 each and all 100,000 £1 preference shares throughout the report period covered by these financial statements.

The Council has loan notes totalling £0.8m (2014/15: £1.1m). The loan notes are repayable in instalments and repayments commended in 2014/15. The loss before and after tax for the year ended 31 March 2016, amounted to £1.2m (2014/15: £0.02m). The net assets of the company at 31 March 2016 amounted to £12.7m (2014/15: net liabilities of £2.3m).

The year end of the company is 31 March 2016. For the purposes of the consolidation these accounts have been used. There was no qualification to the audit opinion on the last audited accounts of the company.

Included in the disposal of NEC Ltd, as set out in VII. below, were building assets held by National Exhibition Centre (Developments) Plc in respect of Halls 17-20, which formed part of the sale. These assets were categorised as Assets Held for Sale within the Group Financial Statements at 31 March 2015.

The Council continues to retain ownership of NEC (Developments) Plc.

II. Innovation Birmingham Limited Group (Birmingham Technology Limited Group to 2 May 2013)

The Innovation Birmingham Group of companies aims to promote, encourage, and secure the development and management of a science park in Birmingham. The Council holds a debenture over the property of the group as security for its financial guarantees. The Council is the sole member of Innovation Birmingham Limited Group which is a company limited by guarantee. The Council is also entitled to appoint up to seven members of the company and five of the nine voting directors. Furthermore, additional control by the Council is exercised by its 71% share of directors voting rights. The Council's direct interest in Birmingham Technology (Property) Limited (a subsidiary company of BTL) is 1,250 £1 ordinary shares (12.5% interest). The Council also directly holds 500 £1 ordinary shares (9.1% interest) in Birmingham Technology (Venture Capital) Limited. The Articles of Association for Innovation Birmingham Group prohibits the distribution of profits and as such dividends. The profit for the year for the group to 31 March 2016, amounted to £0.04m (2014/15: £0.8m), with the net assets at 31 March 2016 amounting to £0.5m (2014/15:£0.02m).

The year end of the company is 31 March 2016. For the purposes of the consolidation these accounts have been used. There was no qualification to the audit opinion on the last audited accounts of this company.

Information regarding transactions during the year and balances held at the year end between the Council and Innovation Birmingham Limited Group can be found within Note 48 of the Council's entity financial statements.

III. Performances Birmingham Limited

Performances Birmingham Limited is the Charity that manages and runs the Birmingham Town Hall and Symphony Hall. The company is limited by guarantee and was founded by Birmingham City Council in collaboration with The University of Aston and Lloyds Bank in 1982. The Charity is solely controlled by the Council with the financial statements prepared in accordance with the Charity Commission's Statement of Recommended Practice. This means that there are restrictions on the use of the funds which are available to the Charity. The net income for the year for the group to 31 March 2016, amounted to £0.2m (2014/15: £0.1m net expenditure), with the net assets at the 31 March 2016 amounting to £2.1m (2014/15: £1.9m).

The year end of the charity is 31 March 2016. For the purposes of the consolidation these accounts have been used. There was no qualification to the audit opinion on the last audited accounts of this charity.

Information regarding transactions during the year and balances held at the year end between the Council and Performances Birmingham Limited Group can be found within Note 48 of the Council's entity financial statements.

IV. Birmingham Museums Trust

Birmingham Museums Trust Group is a Charity that manages nine museum sites, namely, Birmingham Museum and Art Gallery, The Museum Collection Centre, Thinktank, Soho House, Aston Hall, Museum of the Jewellery Quarter, Blakesley Hall, Weoley Castle and Sarehole Mill. The Trust is a charitable company limited by guarantee, (the Council being sole member), and is controlled by the board of trustees. The financial statements are prepared in accordance with the Charity Commission's Statement of Recommended Practice, which restricts the use of funds to charitable purposes, as defined in its objects. The net income for the year for the group to 31 March 2016, amounted to £0.3m (2014/15: £0.03m), with the net assets at the 31 March 2016 amounting to £4.8m (2014/15: £3.8m).

The year end of the charity is 31 March 2016 and for the purposes of consolidation these accounts have been used. There was no qualification to the audit opinion on the last audited accounts of the charity.

Information regarding transactions during the year and balances held at the year end between the Council and Birmingham Museums Trust Group can be found within Note 48 of the Council's entity financial statements.

V. Acivico Limited

Acivico Limited is a registered company, which is wholly owned by Birmingham City Council. The company was launched in April 2012, with three special purpose vehicles (SPVs), one holding company and two trading companies. The two trading companies, Acivico Design Construction and Facilities Management Limited and Acivico (Building Consultancy) Limited, have been operational since April 2012 and provide a range of statutory and non-statutory services on behalf of and to Birmingham City Council and to other public and private sector clients. The Council has agreed to receive specified services from Acivico for the five years up to 31 March 2017. The Council has held the £1 issued ordinary share (100%) for the whole of the reporting period covered by these financial statements.

The group made a loss after tax of £0.7m during the year to 31 March 2016 (2014/15: £0.5m profit) and the group's net liabilities at 31 March 2016 amounted to £1.4m (2014/15: net liabilities of £4.0m).

The year end of the company is 31 March 2016 and for the purposes of consolidation these accounts have been used. There was no qualification to the audit opinion on the last audited accounts of the group.

Information regarding transactions during the year and balances held at the year end between the Council and Acivico Limited Group can be found within Note 48 of the Council's entity financial statements.

VI. PETPS (Birmingham) Limited

PETPS (Birmingham) Limited, a company limited by guarantee was incorporated on 14 November 2014. The company is a wholly owned subsidiary of the Council.

Following completion of the sale of the National Exhibition Centre Limited Group (NEC Limited) on 1 May 2015, PETPS replaced NEC Limited as the principal employer and assumed the ongoing funding obligation of two defined benefit pension schemes with the agreement of the pension trustees.

The company had a total comprehensive income for the year ended 31 March 2016 of £nil and net assets of £nil. The company had no activity in the year ended 31 March 2015.

The year end of the company is 31 March 2016 and for the purposes of consolidation these accounts have been used.

Information regarding transactions during the year and balances held at the year end between the Council and PETPS (Birmingham) Limited can be found within Note 48 of the Council's entity financial statements.

VII. The National Exhibition Centre Limited Group

The Council disposed of its interest in The National Exhibition Centre Limited Group (NEC Limited) on 1 May 2015. The sale agreed involved a number of transactions, the key ones of which were:

- Disposal of the Council interests in NEC Ltd;
- Transfer of the on-going funding of the NEC defined benefit pension schemes to a wholly owned subsidiary of the Council;
- Termination and re-signing of existing lease agreements.

The assets held in the Group financial statements that related to the disposal of NEC Ltd were categorised as Assets Held for Sale in the Council's Group Balance Sheet at 31 March 2015.

The company managed and operated four venues within the West Midlands, namely the National Exhibition Centre, the Genting Arena, the Barclaycard Arena and the International Conference Centre (ICC) as principal and acted as agent on behalf of the Council for the collection of sums payable under leases granted by the Council at the venues and the management of capital works.

The Council owned all 10,000 £1 'A' shares of the Company's ordinary share capital. The Birmingham Chamber of Commerce and Industry held 1 'B' share in the Company. The company has been consolidated as a wholly owned subsidiary of the Council for the period to 1 May 2015 in these financial statements.

The Council, to the point of disposal, guaranteed the group's solvency and provided grant funding. At 31 March 2015, the Council had guaranteed loans of £192.4m (2014/15: £192.4m) to the Company. The group made a loss after tax of £0.1m during the year to 31 March 2015. The group's net liabilities at 31 March 2015 amounted to £8.9m.

The year end of the Group was 31 March 2015. For the purposes of the consolidation these group accounts were used for the 2014/15 financial year and management information was

used up to the date of disposal for inclusion in the 2015/16 financial statements. There was no qualification to the audit opinion on the last audited accounts of the group.

Information regarding transactions during the year and balances at the year end between the Council and the National Exhibition Centre Limited Group can be found within Note 48 of the Council's entity financial statements.

The subsidiary that has not been consolidated into the Group Financial Statements is listed below

I. InReach (Birmingham) Limited

The Council set up InReach (Birmingham) Limited in 2014/15, a wholly owned subsidiary of the Council, to facilitate the development of new private rented homes for market rent at St Vincent Street, Ladywood. The company has not been consolidated into the Council's Group Financial Statements as the level of transactions and balances to date is not considered material to the Group. However, it is anticipated that the level of transactions will increase in subsequent years such that the company would be consolidated into the Group Accounts at the relevant time.

Note G24**Associate and Joint Venture Companies**

The associates that have been consolidated into the group financial statements are listed below.

I. Birmingham Airport Holdings Ltd (BAH)

The main ordinary shareholders of Birmingham Airport Holdings Ltd (BAH) are the seven West Midland Districts. The Seven Districts together own 49% of BAH's 324.0m ordinary shares of 1p each (Birmingham City Council owns 18.7% that is 60.5m ordinary shares). 48.25% ordinary shares are held by Airport Group Investments Ltd which is owned by the Ontario Teachers' Pension Plan and Victorian Funds Management Corporation and the remaining 2.75% shares are held by an Employee Share Trust. The Shareholders' Agreement provides for the Districts to cast their 49% vote in all circumstances in one consolidated block. The vote of 75% of ordinary shareholders is required for certain major decisions of the company.

The seven West Midland Districts together own all £15.4m of BAH's 6.31% preference shares (The Council owns £5.9m) which are cumulative and redeemable.

The BAH Group Accounts incorporate:

- Birmingham Airport Limited;
- Birmingham Airport Operations Limited;
- Euro-Hub (Birmingham) Limited;
- Birmingham Airport (Finance) Plc;
- First Castle Developments Limited;
- Birmingham Airport Developments Limited;
- BHX Fire and Rescue Limited;
- Birmingham Airport Services Limited;
- BHX (Scotland) Limited; and
- BHX Limited Partnership.

The principal activity of the group is the operation and management of Birmingham International Airport and the provision of facilities and services associated with those operations.

The year end of the company is 31 March 2016. For the purposes of the consolidation these accounts have been used. There was no qualification to the audit opinion on the last audited accounts of the company.

BAH is accounted for as an associate for the following reasons:

- The Shareholders' Agreement provides for the Districts to cast their 49% vote in all circumstances in one consolidated block. As the Council holds 18.7% within this 49% it is considered that the Council has greater power to influence the voting of block;
- 25% of the BAH Board of Directors (4 of 16) are Council officers or councillors.

Following adjustments to the financial information to align accounting policies with those of the Council, in accordance with the principal of equity accounting under the Code, the summarised financial information for the associate for the year ended 31 March is detailed below:

31 March 2015		31 March 2016
£m		£m
451.6	Non-Current Assets	471.5
39.9	Current Assets	132.5
(48.2)	Current Liabilities	(135.2)
(244.3)	Non-Current Liabilities	(342.8)
199.0	Net Assets	126.0
37.2	Council Interest in Net Assets @ 18.68%	23.5
121.0	Revenue	130.5
15.3	Post-Tax Profit/(Loss)	35.6
(80.6)	Other Comprehensive Income/(Expenditure)	(13.6)
(65.3)	Total Comprehensive Income/(Expenditure)	22.0

The carrying value of the Council interest in this entity is £23.5m (2014/15: £37.2m), which is included with the Investments in Associates and Joint Ventures balance of £24.9m (2014/15: £38.9m), shown in the Group Balance Sheet.

Birmingham Airport Holdings Limited at 31 March 2016 has disclosed four existing contingent liabilities within its financial statements:

- On 13 February 2001 guarantees were provided by Birmingham Airport Holdings Limited, Birmingham Airport Limited and Euro-hub (Birmingham) Limited in support of a £105 million Corporate Bond issued by Birmingham Airport (Finance) Plc. The bond is for a period of 20 years maturing on 22 February 2021 and carries a fixed interest rate of 6.25% per annum;
- On 3 December 2013 the company along with other group members of Birmingham Airport Holdings Limited provided guarantees in support of £75 million private placement senior notes received by Birmingham Airport (Finance) Plc. Series A senior notes of £30 million are for a period of ten years maturing on 3 December 2023 and carry fixed interest rate of 4.472% per annum. Series B senior notes of £45 million are for a period of fifteen years maturing on 3 December 2028 and carry a fixed interest rate of 4.557% per annum;
- On 30 March 2016 the company along with other group members of Birmingham Airport Holdings Limited, provided guarantees in support of £76m private placement senior notes issued by Birmingham Airport (Finance) Plc. The notes are for a period of 25 years maturing on 30 March 2041 and carry a fixed interest rate of 3.8% per annum;
- On 30 March 2016 the company along with other group members of Birmingham Airport Holdings Limited, provided guarantees to the Royal Bank of Scotland Plc and Lloyds Bank plc in support of a £20m banking facility made available to Birmingham Airport Holdings Limited. The facility is for a period of five years with an expiry date of 30 March 2021, with an option to extend by two further 12 month periods. At the date of the signing of its financial statements, the total amount outstanding under the facility was £nil.

II. Service Birmingham Limited

The company was incorporated on 22 December 2005 and operates between Capita Business Services Limited, who hold 650 Ordinary-B shares (68%), and Birmingham City Council who hold 300 Ordinary-A shares (32%). The company was formed to facilitate the strategic partnership between the two entities and operates within the ICT and Advisory Services division of the Capita Group plc. Trading commenced on the 1 April 2006, with the principal activity being the provision of ICT and business transformation outsourcing services to the Council.

The year end of the company is 31 December 2015, in line with that of its parent company Capita PLC. For the purposes of the consolidation these accounts have been used as they fall within three months of the Council's year end, with adjustments being made for the three month periods at the start and end of the reporting year. There was no qualification on the audit opinion for these audited accounts of the company.

Following adjustments to the financial information to align accounting policies with those of the Council, in accordance with the principles of equity accounting under the Code, the summarised financial information for the associate for the year ended 31 March is as follows:

31 March 2015		31 March 2016
£m		£m
7.2	Non-Current Assets	5.0
39.4	Current Assets	31.2
(41.1)	Current Liabilities	(30.8)
-	Non-Current Liabilities	-
5.5	Net Assets	5.4
1.7	Council Interest in Net Assets @ 32%	1.7
96.7	Revenue	83.9
10.7	Post-Tax Profit/(Loss)	8.4
(12.5)	Other Comprehensive Income/(Expenditure)	-
(1.8)	Total Comprehensive Income/(Expenditure)	8.4

The carrying value of the Council interest in this entity is £1.7m (2014/15: £1.7m), which is included within the Investments in Associates and Joint Ventures balance of £24.9m (2014/15: £38.9m), shown in the Group Balance Sheet.

III. Paradise Circus Limited Partnership

The Council has entered into a joint venture arrangement with BRITEL Funds Trustees Limited through Paradise Circus Limited Partnership. The partnership is facilitating the development of the area known as Paradise Circus, supporting delivery against one of the Council's strategic aims, generating economic growth and job creation through the regeneration of the area. The entity was incorporated on 11 September 2013, with operational activity commencing in January 2015. The Council and BRITEL Funds Trustees Limited share control of the joint venture on a 50/50 basis.

The year end of the company is 30 June 2015. For the purposes of the consolidation these accounts have been used and supplemented by management accounts information for the nine month period to 31 March 2016. There was no qualification on the audit opinion for the last audited accounts of the company.

Following adjustments to the financial information to align accounting policies with those of the Council, in accordance with the principles of equity accounting under the Code, the summarised financial information for the associate for the year ended 31 March is as follows:

31 March 2015 £m		31 March 2016 £m
-	Non-Current Assets	6.7
-	Current Assets	13.9
-	Current Liabilities	(14.3)
-	Non-Current Liabilities	(6.8)
-	Net Assets	(0.5)
-	Council Interest in Net Assets @ 50%	(0.25)
-	Revenue	17.4
-	Post-Tax Profit/(Loss)	(0.5)
-	Other Comprehensive Income/(Expenditure)	-
-	Total Comprehensive Income/(Expenditure)	(0.5)

The carrying value of the Council interest in this entity is a net deficit of £0.25m (2014/15: £nil), which is included within the Investments in Associates and Joint Ventures balance of £24.9m (2014/15: £38.9m), shown in the Group Balance Sheet.

Annual Governance Statement 2015/16

Annual Governance Statement 2015/16

1. Scope of responsibility

- 1.1. Birmingham City Council (the Council) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency, and effectiveness.
- 1.2. In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and including arrangements for the management of risk.
- 1.3. The Council has approved and adopted a code of corporate governance, which is consistent with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*. A copy of the code is available as part of the Council's Constitution on the website. This statement explains how the Council has complied with the code and also meets the requirements of *The Accounts and Audit Regulations 2015*, regulation 6 (1)(b) which requires all relevant bodies to prepare an annual governance statement (AGS).

2. The purpose of the governance framework

- 2.1. Governance is about the Council ensuring it is doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner.
- 2.2. The governance framework comprises the systems and processes, and culture and values by which the Council is directed and controlled and its activities through which it accounts to, engages with and leads its communities. It enables the Council to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money.
- 2.3. The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an on-going process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

-
- 2.4. The governance framework has been in place at the Council for the year ended 31 March 2016 and up to the date of approval of the Statement of Accounts.

3. **The governance framework**

- 3.1. The key elements of the systems and processes that comprise the Council's governance arrangements include the following:

The Council's purpose and vision for Birmingham

- 3.2. The Council Business Plan and Summary Budget 2016+ (The Plan) sets out the Council's vision and priorities in terms of the Council's contribution to strategic outcomes. The Plan is updated each year and is available on the Council's web-site.
- 3.3. The Plan articulates the strategic direction for the Council with a clear set of corporate priorities. These priorities have been informed by extensive consultation with the public. Progress against these priorities is monitored through a set of Council Business Plan measures, which have been formally agreed by Cabinet following discussion with Members. Regular monitoring and quarterly reporting against these measures ensures that shortfalls in performance are identified at an early stage and effective action to bring performance in line with targets is undertaken.
- 3.4. In turn, the corporate priorities are supported by more detailed Directorate and Service Plans which are also regularly monitored and reviewed.
- 3.5. The Council ensures the economical, effective and efficient use of resources, and secures continuous improvement in the way in which its functions are exercised, by having regard to a combination of economy, efficiency and effectiveness as required by the Best Value duty. Achievement of value for money is central to the Plan and the Council's long term financial strategy.
- 3.6. The Council's planning framework is set in the context of the wider city leadership and governance, such as: the City Plan and Vision (in development); the Combined Authority Plan (in development) and the Strategic Economic Plan (developed by the local enterprise partnerships in conjunction with the West Midlands Combined Authority). This framework will be the vehicle by which the Council's vision 2020 will be implemented in conjunction with partners. It is set out in the diagram overleaf.

- 3.7. The above diagram shows the high level sequence to achieve the vision 2020, including: creating the Future Council through the Future Council Programme; the implementation of the improvement plans; the directorate/service plans and the performance framework through which the Council will monitor and evaluate.
- 3.8. The vision 2020 is based on the fundamental ideals of prosperity, fairness and democracy, and, within that, to have a strong economy; safety and opportunity for all children; a great future for young people; thriving local communities; a healthy and happy city, and a modern council
- 3.9. Due to the scale of funding reductions required and changing times in which the Council operates, there is recognition of a need for change in how the Council must work if it is to deliver the vision 2020. To address this, the Future Council Programme was set up during 2015 to deliver an integrated and strategic approach to managing the necessary changes. This has taken on board all the recommendations of the Kerslake review of corporate governance (published in December 2014), and the advice and support from the Birmingham Independent Improvement Panel (BIIP) set up in January 2015.
- 3.10. As part of the process for the BIIP to assess the Council’s progress, the Council was asked to undertake its own self-assessment structured on the major themes which underpinned its improvement plan. The ‘gap analysis’ set out what the Council had achieved so far, where further progress was needed, where the Council intended to be in six months’ time, key priorities to

-
- focus on and the risks that the Council needed to be prepared to address. Measures were included which the Council will monitor against. In March 2016, the BIIP reported on the positive progress the Council had made in implementing the recommendations of the Kerlake Report and recommended stepping back from the intensive review process.
- 3.11. The Council has adopted a new approach by looking at how it can meet the needs of citizens, through providing services directly, and a renewed focus on how it can work with partners to achieve shared aims. The Council's role, with other civic and civil leaders, is to agree the vision for Birmingham and lead the city as a joint enterprise.
- 3.12. The proposals for change are divided into six key themes which aim to better meet citizens' needs, make substantial savings and improve the Council's performance. They are:
- **Prevent family breakdown** - seeking to support disadvantaged families through a range of interventions so their children can thrive.
 - **Maximise the independence of adults** - with Birmingham a city where getting older is a positive experience.
 - **Sustainable neighbourhoods** - creating an environment which is more sustainable, reduces costs and is better for the health and wellbeing of residents.
 - **Economic growth and jobs** - economic development and support for job creation, skills training and sustainable business growth can impact greatly on the prosperity and wellbeing of the city.
 - **Changes to the workforce** - our direct workforce will be smaller reflecting that outcomes and services will be delivered through new models where staff will not necessarily be directly employed by the Council.
 - **Council-wide** - we will continue to work more efficiently, redesigning our services so they are as lean as possible.
- 3.13. Profound change across local government is also underway. New city-regional leadership will be put in place through the West Midlands Combined Authority, with new powers devolved from central government to allow the Council to drive economic growth, investment and the reform of public services. The Council will become more strategic and much smaller. There will be new ways of delivering local services and new ways people can engage in their local community, such as the recently formed local council for Sutton Coldfield.
- 3.14. The Council has a strong public, third sector, and business engagement role. There is an established Partnership Toolkit setting out the governance and internal control arrangements which must be in place when the Council enters into partnership working. This includes arrangements for the roles of Members and Officers, and the implementation and monitoring of objectives and key targets. A programme of review against these requirements is led by Overview and Scrutiny.

- 3.15. Working with partners, the Council assumes a strategic role for the Greater Birmingham area, working with the Local Enterprise Partnership (LEP) to develop collaborative solutions to common problems, and facilitating coherent programmes with regional and international partners to deliver an economic strategy for the city and region. LEP projects follow the Council's governance processes, managed and monitored through a Project Delivery Board, with regular reporting to the LEP Board by the LEP Champion.

Roles of Members and Officers

- 3.16. The Council's Constitution is codified into one document which is available on the intranet and the Council's website. The Constitution sets out the respective roles and responsibilities of the Cabinet and other Members and Officers and how these are put into practice. The Constitution is reviewed annually by The Monitoring Officer and any amendments are agreed at the Annual General Meeting. A revised and updated Constitution was agreed in May 2015. Further amendments were made during the year with the latest amendments made in March 2016. Any in-year changes are agreed by Cabinet and/or the Council Business Management Committee (CBMC).
- 3.17. The Council operates within four Directorates, Economy, Corporate Resources, People and Place.

Management Structure

- 3.18. In November 2015, Councillor John Clancy was elected as the new Leader of the Labour Party and was formally confirmed as Leader of the Council on 1st December 2015.
- 3.19. The Council facilitates policy and decision-making via an Executive Structure. There were ten members of Cabinet for the 2015/16 financial year: The Leader, Deputy Leader and eight specific Cabinet Member Portfolios based on a thematic structure as follows:

-
- Cabinet Member – Children’s Services
 - Cabinet Member – Commissioning, Contracting and Improvement
 - Cabinet Member – Development, Transport and the Economy
 - Cabinet Member – Sustainability
 - Cabinet Member – Health and Social Care
 - Cabinet Member – Neighbourhood Management and Homes
 - Cabinet Member – Skills, Learning and Culture
 - Cabinet Member – Inclusion and Community Safety.
- 3.20. On 24th May 2016 it was agreed at City Council that Cabinet would continue with ten members; The Leader and Deputy Leader and eight Cabinet Members with the following portfolios:
- Cabinet Member – Children, Families and Schools
 - Cabinet Member – Value for money and Efficiency
 - Cabinet Member – Transport and Roads
 - Cabinet Member – Clean Streets, Recycling and Environment
 - Cabinet Member – Health and Social Care
 - Cabinet Member – Housing and Homes
 - Cabinet Member – Jobs and Skills
 - Cabinet Member – Transparency, Openness and Equality.
- 3.21. The CBMC has the responsibility for the planning and preparation of the agenda, papers and other arrangements for Council meetings and provides the forum for non-executive, non-scrutiny and non-regulatory matters. The Constitution sets out the terms of reference for each of the Committees and includes a schedule of matters reserved for decision by Full Council.
- 3.22. CBMC oversees the Council's relationship with the Independent Remuneration Panel which is chaired by an independent person. CBMC submits recommendations to the Council on the operation and membership of the Panel and amendments to the Councillors’ Allowances Scheme.
- 3.23. CBMC also discharges the Council’s functions in relation to parishes and parish councils.
- 3.24. The Council’s Audit Committee provides independent assurance to the Council on financial management, risk management and control, and the effectiveness of the arrangements the Council has for these matters. The role of the Audit Committee includes active involvement in review of financial systems and procedures, close liaison with external audit and responsibility for the approval of the Annual Accounts.
- 3.25. The Council’s Constitution sets out the responsibilities of both Members and senior managers. In particular the Council has identified four statutory posts as follows:-

Head of Paid Service - Chief Executive

Chief Finance Officer - Strategic Director - Finance and Legal
Monitoring Officer - City Solicitor
Scrutiny Officer - Head of Scrutiny Services

- 3.26. Protocols determining the roles of these officers and their relationship with Members and other Officers are set out. The Constitution also includes a Scheme of Delegation to Officers which sets out the powers of Strategic Directors.

Financial Management Arrangements

- 3.27. The Council's financial management arrangements conform with the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government (2010) as set out in the Application Note to Delivering Good Governance in Local Government: Framework.

Role of the Chief Financial Officer:

- The Chief Finance Officer (CFO) is a key member of the Corporate Leadership Team (CLT), helping it to develop and implement strategy and to resource and deliver the Council's strategic objectives sustainably and in the public interest.
- The CFO is actively involved in, and able to bring influence to bear on, all material business decisions to ensure immediate and longer term implications, opportunities and risks are fully considered, and alignment with the Council's financial strategy.
- The CFO leads the promotion and delivery by the whole authority of good financial management so that public money is safeguarded at all times and used appropriately, economically, efficiently and effectively.
- To deliver these responsibilities, the Strategic Director - Finance and Legal as the Council's CFO:
 - leads and directs a finance function that is resourced to be fit for purpose; and
 - is professionally qualified and suitably experienced.

Values and standards of conduct and behaviour

- 3.28. The Council has a Code of Conduct for Members and a Code of Conduct for Officers which set out the standards of conduct and personal behaviour expected and the conduct of work between members and officers. In particular the Council has clear arrangements for declaration of interests and registering of gifts and hospitality offered and received. All Council employees participate through work groups in developing actions based on these values which assist in ensuring effective service delivery and the development of the whole organisation.

Scrutiny, Accountability and Risk Management

- 3.29. The Overview & Scrutiny Committees cover all Cabinet Member portfolios and the Districts collectively. All Executive decisions can be called in for Scrutiny to ensure that they are soundly based and consistent with Council policy.
- 3.30. The Council has a procedure for handling complaints, compliments, and comments that monitors formal contact with members of the public. Complaints are actively tracked through the process and independently reviewed.
- 3.31. The Council ensures compliance with established policies, procedures, laws, and regulations - including risk management. For transparency, all reports to Cabinet, Cabinet Members and Districts are required to include governance information relating to: Council Policy, internal and external consultation, financial and legal implications and Public Sector Equalities Duty. All reports are required to be cleared by senior finance and legal officers.
- 3.32. Risk management continues to be embedded within the Council. The diagram overleaf illustrates how risk is managed:

- 3.33. The Risk Management Policy, Strategy and Methodology 2016 have been placed on the Council's website, and advice and support is provided as requested. Updated information regarding the management of the risks within the Council's Corporate Risk Register continues to be reported three times a year to the Audit Committee. Corporate risks are reviewed monthly by the Corporate Leadership Team. In addition business plans at directorate and divisional level include key risks.

- 3.34. Legal requirements and Council policy, together with guidance on their implementation, are set out in detail in the Policies, Standards, Procedures and Guidance database held on the Council's intranet for financial, Information Communications Technology and business procedures, and People Solutions for Human Resources policies and procedures. Directorates maintain detailed delegations and guidance on specific legislative requirements which affect their service delivery. The Council has a strong Internal Audit function (Birmingham Audit) and well-established protocols for working with External Audit. The Council's external auditors have responsibilities under the Code of Audit Practice to review compliance with policies, procedures, laws and regulations within their remit.

Capacity and Capability

- 3.35. The financial reductions facing the Council are impacting on workforce capacity. Having a flexible, skilled and mobile workforce will be critical to the Council effectively responding to increasing demand and reducing resources.
- 3.36. The Council has in place a strategy for facilitating the implementation of the savings proposals including managing significant workforce reductions through redundancy and potentially outsourcing. This includes an organisational design tool kit, training and online tools for managers along with a team of trained HR professionals to support the most complex projects. In addition there are number of work streams focused on continued performance priorities which include the improvement agenda in Children's Services, improving attendance across the Council and ensuring a robust framework for terms and conditions and pay are in place to eradicate any potential for further equal pay risks.
- 3.37. The Future Council sub programme, Forward: The Birmingham Way is working to provide a framework that will support the workforce to be the right people doing the right things in the right way.
- 3.38. In addition to the Members Development Programme, Councillors have access to e-learning through the Members portal on People Solutions and are regularly kept up to date on training and development via the City Councillor bulletin circulated by e-mail. This gives detail of legislation, training opportunities and other issues of importance to Members. Regular monthly 'market places' and briefing sessions are held to keep Councillors up-to-date with Council Services or services provided by Partner Organisations. Group Offices encourage consideration, planning and undertaking of development and learning to become an effective and efficient elected representative.
- 3.39. The Members' development programme in 2015/16 was delivered around four areas as outlined in the table below:

New Member Induction	On-going Member Development
Aim: To give oversight of council processes and procedures to enable new members to get quickly up to speed with their role	Aim: to provide ongoing development opportunities for members related to current and potential future role and responsibilities
<ul style="list-style-type: none"> Understand role and responsibilities, the Council's values & behaviours, define new development offer 	<ul style="list-style-type: none"> Skill development (e.g. running surgeries, media training and dealing with conflict) ; networks and external visits
<ul style="list-style-type: none"> Managing casework, code of conduct and the constitution 	<ul style="list-style-type: none"> A survey poll of all members for targeted training
<ul style="list-style-type: none"> Who's who in Birmingham, customer intelligence and access to IT and council services 	<ul style="list-style-type: none"> Community leadership development (i.e. place shaping, partnership, civic and civil)
<ul style="list-style-type: none"> 1-2-1's 	<ul style="list-style-type: none"> Future roles and responsibilities - progressing to Chair/Vice Chair/Cabinet; how member roles are changing
Scrutiny, District & Deputy Chairs	Member/Officer Relationship
Aim: To develop good community governance with effective and positive scrutiny	Aim: members and officers share understanding about their roles and responsibilities and how they work together
<ul style="list-style-type: none"> Understand the new constitution, roles and responsibilities and what it means in practice 	Member & Officers – redefined roles & expectations, supported by development programme
<ul style="list-style-type: none"> Future District Delivering Differently programme overview and how to implement locally 	<ul style="list-style-type: none"> Underpinning behavioural standards, the new constitution and community governance with outward place focus
<ul style="list-style-type: none"> Joint session with Scrutiny and District Chairs/Vice Chairs on new ways of working together 	

- 3.40. During 2015/16, the 'My Appraisal' review process for all staff was introduced. This streamlined the personal review process and enabled a consistent means of assessing and rewarding performance. 'My Appraisal' is specifically designed to ensure that employees are supported to implement the Council's core values:
- We put citizens first
 - We are true to our word
 - We act courageously
 - We achieve excellence

Engagement with the community and other stakeholders

- 3.41. The Council engages in a wide range of consultation and engagement activities to inform service delivery and decision making. These are summarised in an annual statement and on-line consultation database. The Council Business Plan 2016+ consultation process included public meetings led by the Council's Leader and Cabinet, consultation via online webcast question and answer sessions with Cabinet Members, consultation via post, mail, text and through the City's website, consultation with business representatives, young people and focus groups from Birmingham's People's panel and meetings with staff and Trade Unions.

- 3.42. The Council's Scrutiny function regularly engages with key partners and other interested groups and individuals in order to assess the impact and suitability of the Council's activity. The Scrutiny Committees make an annual report to Full Council.
- 3.43. The Customer First programme and Communications Review ensures that clear channels of communication are in place with service users, citizens and stakeholders. The Council holds meetings in public wherever possible. Directorates have extensive programmes of consultation and engagement activity for specific services.

4. **Review of effectiveness**

- 4.1. The Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the CLT within the Council who have responsibility for the development and maintenance of the governance environment, Birmingham Audit's annual report, and also by comments made by the external auditors, Birmingham's Independent Improvement Panel and other review agencies and inspectorates.
- 4.2. The Council continues to assess how its overall corporate governance responsibilities are discharged. In particular the Council has adopted the CIPFA/Solace framework, 'Delivering Good Governance in Local Government' and continues to learn from experiences and makes necessary changes to improve its local code of governance. The Council's review process uses the Key Roles and Core Principles included in this guidance and this Statement sets out how the Council meets these roles and principles in its control and governance arrangements.
- 4.3. The Council has a well-developed methodology for annual governance review which is reviewed and updated each year. During 2015/16 a fundamental review to both strengthen and streamline the process was undertaken. The process requires each Directorate and significant areas of service delivery / business units within a directorate to produce an Assurance Statement highlighting significant governance issues, and details of what action(s) are being taken to mitigate any risks.
- 4.4. The Council's review of the effectiveness of the system of internal control is informed by:
- Directorate assurance based on management information, performance information, officer assurance statements and Scrutiny reports;
 - the work undertaken by Birmingham Audit during the year;
 - the work undertaken by the external auditor reported in their annual audit and inspection letter; and
 - other work undertaken by independent inspection bodies.

-
- 4.5. The arrangements for the provision of internal audit are contained within the Council's Financial Regulations which are included within the Constitution. The Strategic Director of Finance and Legal is responsible for ensuring that there is an adequate and effective system of internal audit of the Council's accounting and other systems of internal control as required by the Accounts and Audit Regulations 2015. The internal audit provision operates in accordance with the Public Sector Internal Audit Standards.
- 4.6. As in previous years the Birmingham Audit plan was compiled using professional judgement and a risking model to 'score' all potential 'auditable' areas. To meet the standards required there was a need to ensure sufficient coverage of the adequacy and effectiveness of systems of internal control in relation to financial control, risk management, corporate governance and an element for proactive and reactive fraud work.
- 4.7. The resulting work plan is discussed and agreed with the Strategic Directors and the Audit Committee and shared with the Council's external auditor. Regular meetings between the internal and external auditor ensure that duplication of effort is avoided. Birmingham Audit reports include an assessment of the adequacy of internal control and prioritised action plans to address any identified weaknesses and include a risk rating for the City Council and the Service Area. These are submitted to Members, Strategic Directors and service managers as appropriate.
- 4.8. From the work undertaken by Birmingham Audit in 2015/16 and the outcomes from applying the model for formulating the end of year opinion the following assurance was able to be given: "I am able to provide reasonable assurance." In this context 'reasonable assurance' means that the systems can be relied upon to prevent error, fraud or misappropriation occurring without detection, and that nothing was found that would materially affect the Council's standing or Annual Accounts. As in any large organisation, Internal Audit did identify a number of concerns that required remedial action and these were reported to the appropriate Strategic Director or Senior Manager during the year. All significant issues have also been brought to the attention of the Audit Committee, and where appropriate to EMCB. The more significant of these are set out in the section entitled '**Significant governance issues 2015/16**' below.
- 4.9. The internal audit function is monitored and reviewed regularly by the Audit Committee. The Committee also reviews management progress against issues raised in the AGS and in implementing recommendations made in significant, high risk audit reports.
- 4.10. The Council's Corporate Resources Overview and Scrutiny Committee received reports on key control issues throughout 2015/16 including budgetary monitoring, risk issues including responding fully to the Kerslake Review recommendations and implementing the Future Council Programme and direct reports from The Deputy Leader.

- 4.11. The Council Plan is monitored through the Council Business Plan Measures on a quarterly basis both by the Executive and Overview and Scrutiny Committees. Directorate, Divisional, and Service unit business plans contain a variety of performance indicators and targets, which are regularly reviewed.
- 4.12. The Monitoring Officer advises that there were 136 whistleblowing complaints in the 2015/16 financial year. On 12th January 2015, a revised whistleblowing policy was implemented and members of the public as well as staff may now use the procedure. This has resulted in a greater number of complaints. Each complaint is reviewed and investigated where appropriate.

5. Review of 2014/15 governance issues

- 5.1. During 2015/16, the significant 2014/15 governance issues were considered by Audit Committee in June, with updates in November 2015 and March 2016. In addition, this Committee received reports relating to the Corporate Risk Register, Final Accounts, Financial Resilience and Equal Pay.
- 5.2. Children's Safeguarding issues were considered by Cabinet and the Education and Vulnerable Children O&S Scrutiny Committee. The Educational and Vulnerable Children O&S Committee also considered issues originally raised within Lord Warner's Report and governance in schools.
- 5.3. Monthly Revenue Budget Monitoring reports and quarterly Capital Budget Monitoring reports were considered by Cabinet.
- 5.4. The Council worked closely with the BIIP to formulate and implement action plans in response to the Kerslake review. Work continues to embed the processes into 2016/17 and beyond.

6. Significant governance issues 2015/16

- 6.1. The matters shown in this section have either been identified as having a significant or high likelihood in the Corporate Risk Register or have been highlighted as corporate issues in the annual assurance process. The Council actively addresses these matters and identifies areas where further improvements need to be made. In particular:

Issue No	Governance Issue	Mitigation Action / Proposed Action
1	<p>Safeguarding children remains a priority.</p> <p>Work will continue to review the action plans in place as a result of the review by Commissioner Lord Warner and producing a robust Business Plan for 2016/17 and future years.</p>	<p>The Council has launched an operating model which sets out the vision, values, direction and shape of the service.</p> <p>A Practice Evaluation Programme has been introduced.</p> <p>A clear performance framework that provides challenge and accountability</p>

Issue No	Governance Issue	Mitigation Action / Proposed Action
	<p>The Care Act 2014 sets out the legal requirements for adult safeguarding.</p>	<p>at all levels has been introduced.</p> <p>The Care Act established the requirement to set up an independent Safeguarding Board for Adults. Arrangements are in place to work alongside the existing membership of the Birmingham Adults Safeguarding Board (BSAB) with a view to ensuring that local arrangements are compliant with the Care Act.</p>
2	<p>The Council faces continued reducing resources. This poses challenges to the financial resilience of the Council.</p> <p>The Council's Business Plan sets medium term strategies for business changes, the management and development of its services and maintenance of its assets, and a specific plan over a period of up to 10 years.</p> <p>Given the Council is in the sixth year of budget reductions the possibility of Judicial Review challenge to the budget or elements of it remains high.</p>	<p>Service Reviews considered options for future service delivery in the light of corporate priorities, statutory duties, service performance standards and resources available.</p> <p>By focussing on its Future Council 2020 vision, the Council has agreed its 2016/17 budget and a multi-year financial strategy to deliver the vision</p>
3	<p>The risk of Equal Pay Claims remains significant and is being actively managed by a joint team from Legal Services and Human Resources. Financial resilience continues to be a focus for the external auditors and increasing demands to evidence Going Concern.</p>	<p>The law in respect of equal pay is complex and has developed over the past 10 years. Any entitlement to compensation has to be justified in accordance with the legal position. Equal pay claims issued against the Council are subject to detailed analysis and robust legal challenge. The Council has sought to secure settlements that represented the best outcome for the taxpayer.</p>

Issue No	Governance Issue	Mitigation Action / Proposed Action
4	<p>From the review of governance arrangements made by Lord Kerlake and following the BIIP's review, work on the Future Council Programme continues. This includes:</p> <ul style="list-style-type: none"> • Clear values, purpose and vision for the future Council, along with its future operating model; • A medium term outcomes-driven council and financial plan to take the Council to 2020/21; • Strategic alignment of outcomes, resources, policy-making, service delivery, governance and roles and responsibilities; and • Sufficient senior leadership capacity to transform the organisation and deliver sustainable change. 	<p>Develop the Future Council Programme to:</p> <ul style="list-style-type: none"> • Define the vision for the Council. • Deliver the changes required in workforce, organisation and infrastructure to achieve a financially sustainable and resilient operating model. • Create an agile and adaptive organisation. • Deliver the actions set out in the Organisation Improvement Plan, developed in response to the Kerlake review and BIIP.
5	<p>The Council is seeking ways to improve effective partnership working, such as working with neighbouring authorities through establishing the combined authority and taking forward the devolution deal.</p> <p>The Council is looking at ways of working together across a range of agencies, to improve services outcomes and reduce costs.</p> <p>Options may include:</p> <ul style="list-style-type: none"> • Using or considering alternative delivery vehicles. • Outsourcing of services. 	<p>The partnership with neighbouring authorities and the devolution deal the Council signed with the Chancellor of the Exchequer in November 2015 are major steps forward for Birmingham and the West Midlands. The Council must continue to work closely together through the next vital stages as it establishes the Combined Authority and begins to implement devolution - making sure that work leads to permanent benefits for the region.</p> <p>The Future Council Sub programme Outward Looking Partnerships is reviewing the way the Council works with its partners - working equally to a common shared purpose.</p>

Issue No	Governance Issue	Mitigation Action / Proposed Action
	<ul style="list-style-type: none"> Commissioning services. 	Any transfer, commissioning or outsourcing of services is subject to the development and Cabinet approval of robust business cases.
6	<p>The current challenging financial environment has required significant organisational upheaval as well as workforce reductions and compulsory redundancies.</p> <p>These organisational changes can impact on the productivity and efficiency of the organisation through the loss of experienced staff; impacts on the morale of the workforce, with the potential negative consequences on employee relations and increased the potential for industrial action.</p>	<p>Through the Future Council Programme: Forward the Birmingham Way, a new employee engagement programme is focused on redefining organisational and employee expectations and requirements.</p> <p>In the forthcoming year the significant budget reductions including the proposals for the new workforce contract may strain industrial relations. However, positive local relationships with the trades unions and their understanding of the challenges will contribute to mitigating and managing this.</p>

- 6.2. These matters are monitored through the Corporate Risk Register, CLT and Directorate Service and operational plans as required. During the year the Audit Committee monitors progress against the issues identified in this statement.
- 6.3. We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.

Statement of Responsibilities for the Statement of Accounts

The Council's Responsibilities

The Council is required to:

- make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In Birmingham City Council this is the Strategic Director – Finance & Legal who also has the role of Section 151 officer;
- manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- approve the Statement of Accounts.

The Section 151 Officer's Responsibilities

The Section 151 Officer is responsible for the preparation of the Council's Statement of Accounts in accordance with proper practices as set out in the CIPFA/LASAAC *Code of Practice on Local Authority Accounting in the United Kingdom* (the Code). In preparing this Statement of Accounts, the Section 151 Officer has:

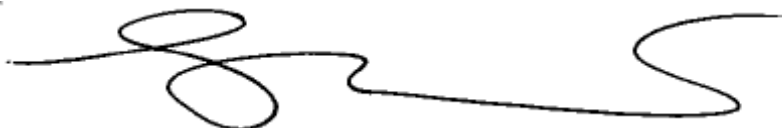

- selected suitable accounting policies and applied them consistently;
- made judgments and estimates that were reasonable and prudent;
- complied with the Code.

The Section 151 Officer has also:

- kept proper accounting records which are up to date;
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Certification of Accounts

I certify that the Statement of Accounts presents a true and fair view of the financial position of Birmingham City Council at 31 March 2016 and its income and expenditure for the year ended 31 March 2016.

.....
Jon Warlow, Strategic Director – Finance & Legal
22 June 2016

Glossary

Academy School

A school that chooses to opt out of Local Authority control and receive its funding direct from the Education Funding Agency.

Accruals

Income and expenditure are recognised as they are earned or incurred, not as money is received or paid (see Debtors and Creditors).

Amortised Cost

Some financial assets and liabilities are carried at amortised cost, where part of their carrying amount in the balance sheet will be either written down or written up via the Comprehensive Income and Expenditure Statement over the term of the instrument.

Balance Sheet

The Balance Sheet shows the value, as at the Balance Sheet date, of the assets, liabilities and other balances recognised by the Council.

Balances

The total level of funds an authority has accumulated over the years, available to support expenditure within the year.

Beacon Properties

In valuing the Housing Stock the Council's properties are grouped into similar types and a sample from each type, known as beacon properties, are valued with the results being multiplied up to give a total value for each type.

Capital Charge

A charge to service revenue accounts to reflect the cost of non-current assets used in the provision of services.

Capital Expenditure

Expenditure on the acquisition of a fixed asset, or expenditure which adds to, and not merely maintains, the value of an existing fixed asset.

Capital Receipt

Money received from the disposal of land and other non-current assets, and from the repayment of grants and loans made by the Council.

Cash Flow Statement

The Cash Flow Statement shows the changes in cash and cash equivalents of the Council during the reporting period. The statement shows how the Council generates and uses cash and cash equivalents by classifying cash flows as being from operating, investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Council are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Council's future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (that is borrowing) to the Council.

CIPFA/SOLACE

The CIPFA/SOLACE Framework helps local authorities to develop and maintain their own codes of governance and discharge their accountability for the proper conduct of public business.

Collection Fund

A fund administered by the Council recording receipts from Council Tax and payments to the General Fund and other public authorities. It also records receipts of national non-domestic rates (NNDR) collected.

Community Assets

Assets that the local authority intends to hold in perpetuity, that have no determinable useful life and that may have restrictions on their disposal. Examples of community assets are parks and historic buildings.

Comprehensive Income and Expenditure Statement (CIES)

This Statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices, rather than the amount to be funded from taxation.

Consistency

The concept that the accounting treatment of like items within an accounting period and from one period to the next is the same.

Creditors

Amounts owed by the Council for work done, goods received or services rendered, but for which payment has not been made by the end of the year.

Current Value

Current value is a measurement base which reflects the economic environment prevailing for the service or function that an asset supports when valuing the asset. The current value measurement bases include Existing Use Value, Depreciated Replacement Cost and Fair Value (see below)

Debtors

Sums of money owed to the Council for work done, goods received, services rendered or taxation due but not received by the end of the year.

Deferred Capital Receipts

These represent income that is still due following disposal of a non-current asset.

Defined Benefit Pension Scheme

Pension schemes in which the benefits received by the participants are independent of the contributions paid and are not directly related to the investments of the scheme.

Defined Contribution Pension Scheme

Pension schemes or other retirement benefit schemes in which the employer pays regular fixed contributions as an amount or as a percentage of pay and will have no legal or constructive obligation to pay further contributions if the scheme does not have sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

Depreciated Replacement Cost

This is a method of valuation which provides the current cost of replacing an asset with its modern equivalent asset less deductions for physical deterioration and obsolescence.

Depreciation

The measure of the wearing out, consumption or other reduction in the useful economic life of a non-current asset.

Earmarked Reserve

A sum set aside for a specific purpose.

Effective Interest Rate

The rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument.

Emoluments

Payments received in cash and benefits for employment.

Events After the Reporting Period

Those events, both favourable and unfavourable, that occur between the balance sheet date and the date on which the statement of accounts is signed by the Responsible Financial Officer.

Existing Use Value

The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's length transaction, disregarding potential alternative uses and any other characteristics of the property that would cause its market value to differ from that needed to replace the remaining service potential at least cost.

Fair Value

Fair Value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fees and Charges

Income arising from the provision of services, for example, the use of leisure facilities.

Finance Lease

A lease that transfers substantially all of the risks and rewards of ownership of a fixed asset to the lessee. The payments usually cover the full cost of the asset together with a return for the cost of finance.

General Fund

The total services of the Council except for the Housing Revenue Account and the Collection Fund, the net cost of which is met by Council Tax, Government Grants and NNDR.

Government Grants

Assistance by Government and inter-Government agencies and similar bodies, whether local, national or international, in the form of cash or transfers of assets to a local authority, in return for past or future compliance with certain conditions relating to the activities of that local authority.

Heritage Assets

Assets that the council intends to hold for the purpose of informing or educating the public about their heritage, and which are not held for their investment value. Examples include collections of antiques in museums.

Housing Revenue Account (HRA)

A separate account detailing the expenditure and income arising from the provision of council housing.

Impairment

A diminution in value of a fixed asset resulting from, for example, obsolescence or physical damage. To comply with accounting standards the Council undertakes annual reviews of its assets to identify any assets which have been impaired.

Infrastructure Assets

These are inalienable assets, the value of which is recognised only by continued use of the asset created. Examples of such assets are highways and footpaths.

Intangible Assets

An intangible (non-physical) item may be defined as an asset when access to the future economic benefits it represents is controlled by the reporting entity.

Investment Properties

Interest in land and/or buildings in respect of which construction work and development have been completed, or which is held for its investment potential with rental income being negotiated at arm's length.

Investments

A long-term investment is an investment that is intended to be held for use on a continuing basis in the activities of the Council. Investments should be so classified only where an intention to hold the investment for the long term can clearly be demonstrated or where there are restrictions as to the investor's ability to dispose of the investment.

Lender Option Borrower Option (LOBO)

A LOBO is a type of loan instrument where borrowing is undertaken, initially at a fixed rate of interest. Periodically, at specific points, the lender has the option to alter the interest rate charged. Should the lender exercise the option to alter the interest rate, the borrower then has the option to continue with the loan instrument at the new rate or alternatively to terminate the agreement and pay back the sum borrowed with no other penalty.

Liabilities

Amounts due to individuals or organisations, at the balance sheet date, which will have to be paid at some time in the future. Current liabilities are payable within one year of the balance sheet date.

Market Value

The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.

Materiality

An item is material if its omission, non-disclosure or mis-statement in the financial statements could be expected to lead to a distortion of the view given by the financial statements.

Minimum Revenue Provision (MRP)

Minimum Revenue Provision is a charge to the revenue account in relation to capital expenditure financed from borrowing or credit arrangements. The Council is required by law to make an annual determination of MRP that it considers to be prudent.

Movement in Reserves Statement (MiRS)

This Statement shows the movement in the year on the different reserves held by the Council, analysed into 'usable reserves' (that is, those that can be applied to fund expenditure or reduce local taxation) and other reserves.

National Non-Domestic Rates (NNDR)

Rates that are levied on business properties.

Net Book Value

The amount at which non-current assets are included in the balance sheet, i.e. their historical cost or current value less the cumulative amounts provided for depreciation.

Operating Lease

A lease other than a finance lease.

Operational Assets

Non-current assets held, occupied, used or consumed in the direct delivery of services for which the Council has a statutory duty or discretionary power to provide.

Precept

Amounts levied on the Council by other councils or public bodies (Police and Crime Commissioners, Fire and Rescue Authorities and Parish Councils), that cannot directly raise council tax themselves.

Prior Period Adjustments

Those material adjustments applicable to prior years, arising from changes in accounting policies or from the correction of fundamental errors. They do not include normal recurring corrections or adjustments of accounting estimates made in prior years.

Private Finance Initiative (PFI)

A Government initiative which enables authorities to carry out capital projects through partnership with the private sector.

Property, Plant and Equipment

Tangible assets that yield benefits to the Council and the services it provides for a period of more than one year. Examples include land, buildings and vehicles.

Provisions

Contributions to provisions are amounts charged to the revenue account during the year for costs, resulting from a past event and with uncertain timing of payment and where a reliable estimate of the cost involved can be made.

Related Parties

There is a detailed definition of related parties in FRS8, *Related Party Disclosures*. For the Council's purposes, related parties are deemed to include the elected Members of the Council and their partners; the Chief Officers of the Council and the companies in which the Council has an interest.

Reserves

Reserves are reported in two categories.

Usable Reserves

Usable reserves are reserves that the Council may use to provide services, subject to the need to maintain a prudent level of reserves and any statutory limitations on their use (for

example the Capital Receipts Reserve that may only be used to fund capital expenditure or repay debt).

Unusable Reserves

Unusable reserves are reserves that the Council is not able to use to provide services. This category includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold; and reserves that hold timing differences shown in the Movement in Reserves Statement line 'Adjustments between accounting basis and funding basis under regulations'.

Revenue Expenditure

Expenditure on the day-to-day running costs of services e.g. employees, premises, supplies and services.

Revenue Expenditure Funded from Capital under Statute (REFCUS)

Expenditure incurred during the year that is treated as capital expenditure under statutory provision but does not result in a non-current asset owned by the Council. Examples of these are expenditure on items such as improvement grants.

Revenue Support Grant (RSG)

A grant from Central Government towards the cost of providing services.

Soft Loan

Loans at nil or below prevailing interest rates are often referred to as soft loans.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BIRMINGHAM CITY
COUNCIL**

To follow on completion of the audit.
