Dear Mr Kemp,

As a resident of Walmley. for a good many years, I am writing to you to draw your attention to the following :

Even though many of the local members of this community have sent in a considerable number of comments. (A figure of 5,863 has been quoted), not one of these points has been taken on board when coming to a decision regarding the Plan for Birmingham 2031.

As a result of this, Birmingham City Council seems to have no understanding regarding the infrastructure needs and other issues in this area. This is even before the proposed 6,000 homes are to be built, together with, I understand, a number of factory units covering an area of 80 hectares. The latter being provision of employment.

Yours sincerely

M. S. Murrall (Mrs)
