

# BUILDING SAFETY

## KEY INFORMATION

### **GAS SAFETY WEEK**

**PROTECT YOUR HOME, PROTECT YOUR LIFE!**

Gas Safety Week is here, and Birmingham City Council is on a mission to keep your home safe. Did you know that faulty gas appliances can be life-threatening? This is why we offer **FREE annual gas safety checks to all our residents**. Let's make sure your home is secure. Booking your check is easy! Just give us a call at 0121 216 3330. Remember, these checks aren't just a good idea, they're essential to keep your home safe.

### **DID YOU KNOW?**

Faulty gas appliances can lead to gas leaks, fires, explosions, and the silent killer—carbon monoxide poisoning.

### **KNOW THE SIGNS**

- Yellow or flickering flames instead of a steady blue one
- Sooty marks or black stains on or around appliances
- Excessive condensation on windows near gas appliances

**Share and Care - Gas safety is everyone's responsibility. Spread the word to your neighbours, friends, and family. The more people know, the safer our community becomes. Let's work together to ensure everyone's home is safe from gas hazards.**
