PATHFINDER 933 (SO 88/98)

Statement of Evidence for Path Claim BAP 252

- 1 The path is first shown on the map with the Northfield Tithe Apportionment of 1840. (Held by the City Council in the Central Reference Library.)
- 2 The path is shown on the map with the deposited plans for the Birmingham and Halesowen Junction Railway 1871, in two parcels in Northfield Parish. The Book of Reference lists parcel 70 as “grass field, watercourse and public footpath”, with parcel 71 as “arable field, watercourse and public footpath”. In both cases the owners included the Survey or Highways. (Held by Warwickshire County Record Office at QS111/309.)
- 3 The path is shown, and labelled ‘FP’, on the first edition of the Ordnance Survey six inch map (1880’s).
- 4 The southern part of the path is recorded on the Ordnance Survey Pathfinder map (sheet 933) of 1990 as a public footpath, the information having been taken from the Worcestershire Definitive Map.
- 5 The path is shown, partly on an alternative route, on the (undated) City Council map of public rights of way, although no Diversion Order has been found.
- 6 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
