Statement of Evidence for Path Claim BAP 191

- 1 The path is first shown on the first edition (1880's) of the Ordnance Survey 6 inch map.
- 2 The southern end of the path (from Worlds End Lane north to Lower White Road) was diverted to a route near to the junction of Lower White Road with White Road by a Quarter Sessions Highways Order, with a Certificate of Completion dated 18 January 1926. (The Order is held by the City Council in the Central Reference Library at QS/B/21/1 (Box 14, Bundle 3, item 8).)
- 3 The whole route was diverted onto White Road, with a link path from Lower White Road to Worlds End Lane (near the junction with White Road) by a Quarter Sessions Highways Order with a Certificate of Completion dated 9 March 1937. (The Order is held by the City Council in the Central Reference Library at QS/B/21/2 (Box 15, item 43).)
- 4 The link path has a well maintained tarmac surface, with 'no cycling' signs, cycling barriers, and modern street lights.
- 5 The path is recorded on the (undated) City Council map of public rights of way.
- 6 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
