Statement of Evidence for Path Claim BAP 276

- 1 Part of the path is shown on the map with the Northfield Tithe Apportionment of 1840. (Copy held by the City Council in the Central Reference Library.)
- 2 The whole of the path is shown, and labelled 'FP', on the first edition of the Ordnance Survey six inch map (1880's).
- 3 The north-east end (Popes Lane to Wychall Road) was diverted onto its present route with the straightening of the River Rea by a Quarter Sessions Order of 1928. (Copy held by the Warwickshire County Record Office at QS111/631: Birmingham Corporation – rivers improvement 1928.)
- 4 The central section, from Wychall Road to Oddingley Road, was diverted onto new streets, with a link south from Oddingley Road, by a Quarter Sessions Highways Order of 1952, with a Certificate of Completion dated 20 December 1959. (Copy held by the City Council in the Central Reference Library, Archives section, at QS/B/21/6 (Box 19, item 8).)
- 5 The northern part has a well maintained, tarmac, surface with wooden bollards and a gate, and is signposted as being part of National Cycle Route 5 (Rea Valley Route). (No Highways Order has been found to legally change the status of this footpath to a cycleway.)
- 6 The southern part, across West Heath Park, also has a well maintained tarmac surface, with metal bollards at Slingfield Road.
- 7 The northern section, and part of the southern section, are recorded on the (undated) City Council map of public rights if way.
- 8 It is considered, therefore, that it is reasonable to allege that both parts subsist as public footpaths and should be recorded as such n the Definitive Map.
