ORDNANCE SURVEY PATHFINDER 954 (SP 07, 7)

Statement of Evidence for Path Claim BAP 290

- 1 The path is shown, and labelled 'FP', on the first edition of the Ordnance Survey six inch map (1883).
- 2 The south-east end of the path was diverted by a Quarter Sessions Highways Order with a Certificate of Completion dated 4 July 1962 (from a Sessions of 3 March 1954) onto new streets (Raven Hays Road and Lower Beeches Road) with a footpath link west to the then city boundary. (Held by the City Council in the Central Reference Library, Archives section, at QS/B/21/7 (Box 20, item 5).)
- 3 The remainder of the path has generally been lost under the housing estates, but with various path links, such as north-west from Radnor Close and north-west from Miranda Close to the present city boundary. Diversion Orders for these sections have not been found.
- 4 The section across the playing field, south of Holly Hill Road, is recorded on the Ordnance Survey Pathfinder map, sheet 953, as a public footpath, with a branch going north. The path is on a slightly different route, but no Diversion Order has been found. The information was taken from the Worcestershire Definitive Map, which has subsequently been reviewed to the present boundary, and the paths renumbered.
- 5 The path is recorded (rather crudely) on the (undated) City Council map of public rights of way.
- 6 It is considered, therefore, that it is reasonable to allege that the route subsists as a public footpath and should be recorded as such on the Definitive Map.
