

# BIKE PASSPORT

This is your **Bike Passport**. Please take a few moments to complete as many of the details as you can. Once completed, store your Bike Passport in a safe place.

In the unfortunate event of your bike being lost or stolen, this Bike Passport can be handed to your local police station and will help with the investigation to hopefully recover your bike.

In addition to recording your bike details on this passport, you can also register and list your bike details on the Immobilise website: [www.immobilise.com](http://www.immobilise.com)

## 1. OWNER'S DETAILS:

Full Name: .....  
Address: .....  
Postcode: .....  
Tel: .....  
Email: .....

## LOCK-IT OR LOSE-IT!

Always lock your bike when it is not in use, even when leaving it for a brief moment outside a shop or house. A thief only needs a few seconds to steal an unlocked bicycle. Don't let it be yours.

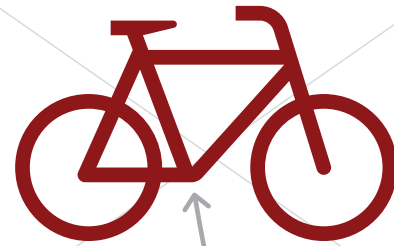

Never leave your bike unlocked or in the garden when home. Lock it up securely in a garage, shed or other secure building.

Purchase the best bicycle lock you can afford, a cheap lock is a false economy. Most cycle shops recommend spending at least 10% of the bicycle price on a good sturdy locking system. Solid 'D' locks are the most secure. All but the thickest cable locks can be easily cut open with bolt cutters.

Always lock your bike to something - not just to itself. Lock through the rear wheel as well as the frame. When you're out and about, lock your bike to a proper cycle parking stand if one is available. Choose a visible, well lit location and make sure your bike is not an obstruction. Take all removable items with you.

**WE RECOMMEND YOU USE A LOCK THAT IS APPROVED BY YOUR INSURANCE COMPANY.**

Attach a photo of your bicycle here:

\* The frame/serial number is located on the underside of the bottom bracket.

## 2. BICYCLE DETAILS:

### Frame type (please tick)

Regular frame  Low frame  Child's

### Type of bicycle (please tick)

Mountain  Road  Hybrid  BMX  Folding  Tandem

Other (please specify): .....

Make/model: .....

Colour: .....

Frame/Serial number\*: .....

Frame size: .....

Wheel size: .....

### Gears

Shift Levers (make/model): .....
